No Wool Payments Will Be Made

Since the yearly average farm price paid for wool exceeds the incentive level of 72 cents per pound, no wool payments will be made to growers on 1973 marketings, according to Darrell O. Martin, Chairman, Garrett County ASC Committee.

"This is the first year since the beginning of the program, established in 1955, that wool prices have been above the incentive price, and no payments will be required," Mr. Martin said.

Wool prices leveled off in the fall after rising sharply during the early part of 1973. For instance, the national average price in November was 81.4 cents a pound, compared with the March peak of 97.2 cents.

Pointing out that U.S. Department of Agriculture experts say the 1974 price outlook is "somewhat hazy", ASCS farm program officials advise wool producers to keep careful records of 1974 marketings and all receipts, sales slips, and the like. "It's good business practice in any case, and if there should be incentive payments made on 1974 wool marketings, the documents would be necessary," Martin said. No changes in the program requirements are anticipated.

Reinstatement of '73 Reap Listed

The 1973 Rural Environmental Assistance Program (REAP) which was terminated in December, 1972, has been reinstated, according to Darrell O. Martin, Chairman, Garrett County ASC Committee. Reinstatement of the 1973 REAP resulted from a U.S. District Court decision reversing the termination action.

The 1973 program is similar to the one carried out in 1972. Major emphasis will be placed on permanent type practices.

Requests for cost-sharing under the 1973 program are now being accepted. Farmers must sign up before starting work on a practice.

Some of the practices included in the 1973 program are: establishing permanent vegetative cover; stripcropping; planting tress or shrubs; improving or protecting permanent vegetative cover; developing facilities for livestock water; water impoundment reservoirs; improving stand of forest trees; diversion terraces, ditches, dikes, or tile; interim cover crop; wildlife food plots; animal waste storage and diversion facilities; application of lime, permanent open drainage systems, and underground drainage systems.

Interested farmers may contact the Garrett County ASCS Office at Oakland. Mr. Martin noted that the 1973 REAP program would be operated simultaneously with the 1974 Rural Environmental Conservation Program (REAP) which was announced earlier.

Construction of Masonic Temple Is Now Planned Here

The construction of a Masonic Temple in Oakland now becomes a certainty through the generosity of the late Paul B Naylor, who died in January of 1971

The erection of the building was stipulated to be started within two years of the death of Mr. Naylor or Mrs. Naylor, whichever occurred last. Mrs Naylor's death occurred Saturday March 30 at the age of 86.

Money for the building was provided in a trust estate executed by Mr Naylor sometime prior to his death and is explained in detail in his will on Ide in the office of the register of Wills.

The building is to be erected on the lot, corner of Wilson and Liberty streets in Oakland, just south of the Naylor residence which is on the corner of Center and Wilson.

Construction as stated in the Will of Mr. Naylor is to be a two story building brick or stone, with banquet hall facilities or auditorium with stage and kitchen facilities for serving of dinners, and offices for use of the Masonic Lodge officers and officers of the Order of Eastern Star on the first floor; second floor to house the lodge room and rest room facilities; with an elevator for access to the second floor and basement

A bronze plaque at the entrance is to have the following: "Paul B. Naylor Masonic Temple Temple and ground given to Oakland Lodge No. 192, A. F. and A. M., for the purpose of advancing masonry in general By Paul B. Naylor and Sarah E. Naylor."

The building is to be designed, constructed and landscaped by a committee composed of one grand lodge officer, three past masters and a representative of the First National Bank. The Will stipulates that the Order of Eastern Star is to have the use of the building rent-free.

The Will also declares that any funds remaining for income to supplement maintenance expense of the lodge when necessary. If not needed the amount is to be reinvested and held in trust until such time as officers of Oakland Lodge No. 192 feel that maintenance costs require a supplement by this fund.

The First National Bank is executor of the Will.

Although the gift of the temple has been known since Mr Naylor's death in 1971 no publicity was given, in deference to wishes of Mrs. Naylor, while she was still living.

Young Man Dies In Car Mishap Sunday

Kent Dovid Komineck, 20, Pittsburgh, Pronounced Dead ot the Scene, McHenry

One person died as the result of a one-car traffic accident on old U.S. 219, at McHenry, early Sunday morning.

Kent David Kamineck, 20 of 12 Winvale drive, Pittsburgh died about 2:15 a.m. when the automobile he was driving north on the highway ran off the east side of the highway, struck a guardrail and went down an embankment.

The young man was thrown from the vehicle and was pronounced dead at the scene Trooper John Foley investigated for the state police. Dr James H. Feaster, Jr., deputy state medical examiner, also investigated. The Southern Rescue Squad answered the emergency call

The young man would have observed his 21st birthday anniversary on Monday. His brother, Jay F. Kamineck, operates the Country Kastle restaurant on Mosser road, McHenry.

A companion in the car Glenn Eismann, also of Pittsburgh, suffered a back injury and sustained abrasions. He was treated in the emergency room at Garrett County Memorial hospital in Oakland and transferred to a Pittsburgh hospital

It was later learned that Mr Eismann also sustained some broken vertebrae. Both were students attending West Virginia university, although Kamineck had been attending Garrett Community college last year. The two students were spending the weekend at McHenry.

Mr. Eismann also related that Mr. Kamineck had seemed to freeze at the wheel and did not respond to his efforts to direct him, leading him to believe he may have had a heart attack prior to the crash.

Surviving are his mother Mrs. Grace Nelson Kamineck a sister, Mrs. Karen B. Hoag and a brother, Jay F. Kamineck McHenry. His father is deceased.

The body was taken to the Slater funeral home in Pittsburgh. Mass of the Resurrection was celebrated Wednesday morning at 10 o'clock from St. Gabriel Catholic church there Burial was in the Southlane cemetery.

This was the first highway fatality of the year for Garrett County.

High Court Ponders Strip Law Appeal

Arguments Presented Before Court of Appeals Morch 27

Arguments were presented last Wednesday, March 27 before the Maryland Court of Appeals on the appeal of Judge Stuart F. Hamill's Garrett County Circuit Court opinion and order which affirmed the constitutionality of the 1972 act of the General Assembly prohibiting strip mining on state owned land.

Judge Hamill's opinion filed late in November also ruled that the provisions of Chapter 355 of the Laws of 1972 insofar as this case are concerned, constitute a taking of property right of the plaintiffs for which they must be paid just compensation.

The argument last week was presented by Henry R. Lord, deputy attorney general for the Maryland Bureau of Mines, and William Walsh for the Georges Creek Coal and Land company

Judge Hamill's ruling provided that Harry B. Buckley, director of the Maryland Bureau of Mines, and James B. Coulter, secretary of the State Department of Natural Resources must allow Buffalo Coal company to continue its strip mining operation under its permit until completed as to the balance of the acreage described.

Finally Judge Hamill also decided that Mr. Buckley and Mr Coulter must grant amend-

WASHINGTON REPORT
FROM SENATOR J. GLENN
BEALL JR.

Capital Punishment

On March 15th the Senate enacted legislation that would restore the death penalty for certain specific offenses under very carefully prescribed circumstances. This legislation was necessary because of the Supreme Court's ruling in Furman vs. Georgia in 1972, which in effect held virtually all capital punishment laws as unconstitutional. However, the Court in that case did not declare the penalty itself unconstitutional, but only took issue with the way that is has been used.

Over the years it became apparent that the death penalty was imposed almost exclusively on the poor, the weak and the minorities. This was discriminatory and unfair. Under the Senate passed legislation such discrimination would be much less likely to take place, since the penalty could be imposed only for very specific cases and after a separate hearing by the court to consider both aggravating and mitigating circumstances. Once the penalty has been imposed, the convicted person could have a new right to appeal the sentence so that it could be reviewed at the highest levels.

The debate over capital punishment has raged for many years. The core of the argument is whether the penalty is really a deterrent. The many studies that have been made have been inconclusive on this point, but opinion within the law enforcement circles is heavily toward the position that it is a deterrent.

I believe that the penalty should be on the books and that it does act as a deterrent in some cases. The imposition of the penalty is a solemn and frightening duty and it must be reserved for only the most heinous offenses, but if having it available will give just one hardened criminal a second thought, it will be worth it.

In recent years we have all been shocked by repeated violence and in many areas of our nation the crime rate has soared. While we will never completely wipe out crime in our society, I believe we must use every available means to deter it. The death penalty is far from the answer to our problems—but it can be an important first step toward making the criminal aware of the possible consequences of his act.

To Present Program At Rotary Meeting

Ben Smeell, student at Garrett Community college, who has had several years practice in the art of magic, will present the program at the weekly meeting of the Oakland Rotary club this evening at the American Legion home. John Sharp is program chairman for April.

At last week's meeting Frank Eberly, local manager of the C. and P. Telephone company, gave a look at the past, present and future as he told of the development of the "picture phone" and its fields of use. Presently serving medicine, education and the military with some 195,000 units in use, the equipment was said to have potential use for conference calls, catalog stores, industrial applications, and the stock market and other uses.

Heavy Thunder, Rain Storms Hit Area Last Night

Heavy electrical, rain and wind storms swept over the Mt. Top last night. One sharp bolt of lightning hit a conductor and knocked out one phase of the current leading into Oakland from South Third street, at 5:15 a.m., and still another phase went off at 6 o'clock. Over an inch of rain fell. The current was restored about 8:30.

The bolt of lightning hit the main feed line coming into Oakland, about three fourths of a mile from the center of town, burning out one conductor. Hugh Denison, manager for the electric company, said some current remained from 5:15 until 6 o'clock when the current was turned off and repairs begun.

The Mountain Top also had its share of winter last Sunday with snow and ice into Monday morning.

Last Thursday's clear skies gave way to cloudiness with rain at night. Occasional showers then continued through Saturday. The mercury dropped Saturday with a sleet storm about 5 p.m. An inch of snow fell Sunday morning with flurries falling through the day. There were more showers Monday and into Tuesday. There was some clearing late Tuesday. Wednesday was mostly cloudy followed by the series of thunder storms which began in the late afternoon.

Temperatures on the average were about five degrees below the seasonal normal. Highs averaged 55.7 degrees and lows, 30.5. The highest was yesterday's 74 degrees. Several lows were in the 20's.

With last night's storm, 3.23 inches of precipitation fell during the week.

High winds were noted during last night's storm and rather brisk winds Tuesday.

The March weather summary will follow next week.

Firemen To Train

The training committee, Allegany-Garrett Counties' Volunteer Firemen's association and the Fire Service extension department, University of Maryland, have announced opportunities for area firemen to train.

A fire school is set for April 7, beginning at 8:30 a.m., at Mt. Savage. Air compressors and air purification systems class will be held April 10, at Frostburg Fire station No. 1, at 7 p.m

High Court

(Continued From Page One)

Seniors: Blue, Jeanne Carstens, Lisa Robeson, Cheryl Smith and Doug Schlossnagle; ments to the permit and issue new permits to Buffalo Coal company to include additional acreage of the McMillen tracts in the Savage River forest until just compensation is made by the State of Maryland to the Georges Creek Coal and Land company and the Buffalo Coal company for damages sustained by them as a result of taking under the strip mine ban act.

The State of Maryland in 1951 acquired 5,685 acres of land from the United States government which is now known as the Savage River State Forest. The federal government had acquired this land in 1937 from Thomas H. McMillen and Francis B. McMillen. The McMillens purchased the property from the Georges Creek Coal Company, Inc., predecessor in title to the Georges Creek Coal and Land company, in 1931. The 1931 deed to the McMillens reserved to the Georges Creek Coal Company, Inc., "all the coal, clay and other minerals and all the oil and gas underlying said land," according to Judge Hamill's opinion.

The title to the mineral rights became vested in the Georges Creek Coal and Land company, one of the plaintiffs in the Garrett county action, in 1952. The coal is leased to the Buffalo Coal company, the other plaintiff.

Judge Hamill noted in his opinion that in 1967 he had held that because of the 1931 deed Georges Creek had the right to remove coal from the McMillen tract by the strip mining method. The Court of Appeals affirmed the decision.

Court attaches indicated that it usually takes four to six weeks for the Court of Appeals to issue opinions after hearing arguments.

County Teachers Attend Meeting At Keyser

Eta chapter of Delta Kappa Gamma honoring women educators, held its regular meeting with Dr. Alice Manteur in in Keyser, W.Va., March 30 charge.

Attending from Garrett County were Mrs. Anna B. Beachy, Miss Anna Bishop, Mrs. Ethel Boltz, Mrs. Margaret Dean, Mrs. Barbara Flinn, Mrs. Jane Fox, Mrs. Dorothy Frame, Mrs. Jean Grose, Mrs. Joanne Harris, Mrs. Patricia Miller, Dr. Lillian Mitchell, Mrs. Aha Newcomer, Mrs. Elizabeth Randol, Mrs. Eva Ream, Mrs. Zeola Robeson, Mrs. Lucille Sines, Mrs. Jean Wolfe, and Miss Mildred Wucik.

Women's League Sets Annual Meet

The League of Women Voters of Garrett County will hold its Annual Meeting and a covered dish dinner at 6.30 p.m., Monday, April 8, in Fellowship Hall, St. Paul's United Methodist church, Oakland. Members may bring a guest, a covered dish and silverware.

Election of officers and board members will be held along with passing the budget, amending the by-laws and determining the local program for the coming year.

Members of the local League will be undertaking a petition drive this month in support of comprehensive campaign financing reform in 1974, a law which provides for combined private and public financing of all federal elections; limits on contributions and expenditures; and full disclosure and enforcement.

These provisions are included in legislation, S. 3044, now before the Senate which has strong support in both major parties.

Garrett County League members will be gathering signatures between April 8 and 22, along with more than 1300 local and state Leagues across the nation. On May 6 the signatures from each state will be totaled and announced at the League's national convention in San Francisco. The petitions will be sent to each state's senior Senator and other members of Congress will be informed of the concensus.

Participate In Marathon

Four individuals from the Oakland area participated in the annual 50-mile marathon race held Saturday, March 30.

Participating were David Ramsey, Jerry Stoneham, Phil Barton and Mike Naylor. None of the four finished the course, although Congressman Goodloe Byron who annually takes part in the race, was one of those to complete the fifty miles.

The group left Boonshoro at 7 a.m. Saturday in a freezing rain. They traveled thru the Appalachian trail, the C. and O. towpath, thru Crampton's Gap, Weaverton, again the towpath to Antietam, thence to Snyder's Landing and finally to St. James preparatory school where the course was concluded. The places mentioned were checkpoints.

Saturday at 5:00 p.m. the moon passes through its Full Moon phase. Near the full moon, to its lower left, may be seen the star, Spica. When the full moon is close to Spica it is time to plant. This ween the moon rises between the hours of 5:39 p.m. today and midnight Wednesday.

Visible Planets

Jupiter and Venus are only 8 degrees apart tomorrow morning, one hour before sunrise. They are gradually moving closer together.

Mars and Saturn are also close together. Mars is between the tips of the horns of Taurus. Saturn is only six degrees to the upper left of Mars. These planets will remain close together during April

Daylight Increases

By Wednesday there will be thirteen minutes more daylight than there was today. Sunrise was at 6:58 a.m. this morning. Sunset will be twelve hours forty-seven minutes later Wednesday the sun will set at 7:50 p.m. It will rise eight minutes earlier than it did today.

Spica

Spica is the brightest star in the constellation Virgo, the maiden. It is also known as an "ear of corn" or a "spike o wheat." Ancient peoples felt that Virgo was the daughter of Ceres, the godess of the harvest. When the daughter was released by Pluto her mother became so happy that she allowed crops to grow and flourish until the end of the summer when the daughter returned to Pluto, god of the underworld.

HOME INSURANCE CHECKUP???
You check your home periodically to make sure it's in top condition and make repairs where needed. You should also give your home insurance a periodic checkup too. For example,
. . . Is your present policy adequate for the ever increasing replacement cost of your home?
Your local Kemper Insurance agent is the one to see for your checkup. He can review your present insurance to see if it is keeping up with the rising replacement cost of your home. And, he can check up on it periodically to help you make sure it stays up to date.
For your home insurance checkup, see

Complete Service Program

John M. Butler service technician and William G. Robeson, president of J. Henry Carstens and Company, McHenry, recently completed the two weeks factory service school program on outboard motors in Waukegan, Ill.

They were part of a class, drawn from Johnson dealerships. Included in the curriculum was a trouble shooting course with expert instructors.

May Will Be High Blood Pressure Month

The month of May is being designated nationally as High Blood Pressure month when the Heart association will cooperate with other agencies to coordinate a program of professional education, public education and community activities.

The association indicates more people die from conditions closely related to high blood pressure than from any other cause.

Further information is available from Mrs. Ora Mae Lewis, executive director of the Heart Association of Western Maryland, at Cumberland.

The month of May was officially proclaimed High Blood Pressure month by Mayor H. D. Swartzentruber of Oakland on March 29.

One Injured In Six-Car Mishap Saturday Morning

One woman was injured in a six-vehicle mishap Saturday morning on State Route 135 near the West Fork Bottom Road.

Catherine L. Castle, 31, of Williamsburg, W. Va., was taken to the Garrett Co. Memorial Hospital by a passing motorist.

Four vehicles were headed east in the first pile-up. The first car driven by Catherine Castle, started skidding on the icy roadway followed by a car driven by Shirley F. Wilt, RD 1, Swanton, which struck the Castle car as Catherine Castle was getting out of it. Alana C. Winters, 11th street, Oakland, following, struck the Wilt car. The fourth vehicle, an ambulance, driven by Bradley Stewart, then struck the Winters car. Mr. Stewart was on the way to Cumberland to pick up the body of Mrs. Paul Naylor.

Ten minutes later, a car headed east, driven by David L. Cooper, RD 1, Swanton, was stopped by a flagman for the above accident. Cooper was followed by a car driven by Robert A. White, Reedsville, W. Va., who, due to ice and heavy fog, hit the rear of the Cooper car.

Vehicle damage varied, but Stewart was able to do some fender straightening and continue on to Cumberland.

Tfc. Ronald S. Lewis investigated both accidents. The only two charges were against Cooper, unrelated to the accident, and were: operating without proper license and permitting an unauthorized person to operate a motor vehicle.

A chain cemetery firm has been indicted on mail fraud.

THE OPERATING AGREEMENT between members of the sanitary Commission and the town of Oakland was officially signed Tuesday afternoon at the office of the Garrett County Commissioners. Right to left above are Guy William Hinebaugh, members of the Commission; Wayne Hamilton, chairman of the commissioners; Oakland mayor H. D. Swartzentruber; and commissioner Bernard Guy. Signing of the operating agreement, which has been postponed for the past 18 months due to ironing out final differences, was necessary before funding for actual construction work on an interceptor sewage line between Oakland and Mt. Lake could be given. The agreement and a letter for the Commissioners will go to state comptroller Louis Goldstein who will then release funds, and make possible advertising for bids. The sewage system is to serve the towns of Oakland, Mt. Lake Park and Loch Lynn. Mr. Hamilton was asked by many concerned residents of these communities to act as mediator between the Commission and the town of Oakland, as the sanitary project was begun twelve years ago and as yet no real progress for the town of Oakland could be seen. Oakland is one of the few municipalities in the state which is still dumping raw sewage into a fresh water stream.

Masses Will Be Said In Renovated Church Sunday

Beginning Palm Sunday, the Masses at St. Peter the Apostle Catholic Church, Oakland, will be celebrated in the newly renovated and redecorated church auditorium.

The Sanctuary has been completely renovated to conform to the new Liturgical norms. This includes the Altar of Sacrifice (center); Altar of Repose and two Lecterns. New carpet has been installed. The four items noted were designed and constructed by members of the parish. The base of the Altar of Sacrifice was constructed from unused sections of the altar rail and is topped by a 5-inch granite slab, also contributed by a member of the parish.

The nave or main body of the church has been carpeted wall-to-wall. The former pews and kneelers were completely rebuilt and refinished.

The lighting fixtures were rebuilt and refinished and are augmented by new lighting fixtures recessed in the ceiling.

Walls and ceiling were completely repainted and redecorated and the ceiling insulated.

Like repairs and redecorating were carried out in the narthex, confessionals, stairs and choir loft.

Retouching and minor repairs to the stained glass windows will be done later.

William A. Shirer is general contractor; A. D. Naylor Hardware, electrical work and Gibbons, of Baltimore, did the painting and redecorating.

Rev. Father Gerald F. LaPorta is now pastor. Rev. Father Regis F. Larkin was pastor during the planning, and beginning of work stages.

The basements, now the Parish Center, was completed about four years ago which included reinforcing the entire floor system supports, installing test rooms and new heating.

ACCIDENT

Meetings Scheduled

The American Auxiliary Unit 208, will meet Tuesday, April 9, 8:00 p.m., at the Accident Fire Hall.

A party will be sponsored by the American Legion Organization Tuesday evening, April 16, 7:30 p.m. at the Accident Fire Hall.

Pack 70 Has Special Meet For Cubs, Parents

Cubmaster Dale Fike of Pack 70 arranged a special feature for Cubs and parents at the regular meeting on March 27 in the auditorium at Loch Lynn School, at 7:30. The theme was on communications.

Mayor Lawrence Groves, of Loch Lynn, presented the special program with film provided by his employer, the C & P Telephone company. The manufacture of telephone cable was illustrated. The solving of special problems in laying transatlantic telephone cable was a feature.

Alex McPheeters, Scout Council field executive presented awards to members of Pack 70 who had earned them during their recent activities.

Following the program events, refreshments were served to the parents, Scouts and guests.

Craig Hutson Earns God And Country Award

Eagle Scout, Craig Hutson, member of Boy Scout troop 57, Swanton, received his "God and Country" award at the annual court of awards affair Monday evening, March 18, at the Swanton Community Center. The award was presented by Rev. Russ Whaley, now of Charles Town, W. Va., a former pastor of the Swanton Otterbein United Methodist church.

The God and Country award is one of the highest awards in scouting. Mrs. Whaley was also a guest at the meeting.

Other awards received were: life scout, Bill Kisner; first class, Carl Lee and Curtis Hutson; second class, Kevin Craver. Merit badges: swimming, Bill Kisner, first aid, Carl Lee; first aid and skill awards, Craig Hutson, Bill Kisner, Ron Lee, Carl Lee, Curtis Hutson, and Kevin Craver.

Craig Hutson was appointed junior assistant scoutmaster and Bill Kisner, senior patrol leader. Presenting the awards were Orval Teets, unit commissioner; Glen Teets, committee chairman; and Dan Hutson, scoutmaster. Refreshment were served.

Troop 57 members had a weekend of camping and fishing near Accident recently and also recently completed a Red Cross first aid course instructed by Mr. and Mrs. Rex Teagarden and Miss Beverly Ruth, members of the Southern Rescue squad. The troop will attend summer camp at Oldtown the week of July 7. Plans also were made for the annual Boy-Girl Scout Strawberry festival.

What's an Owner/Builder? It's a guy who ends up with a home like this, for a lot less money.

Take a good look at Lincoln's Linda. She's a well-appointed 3 bedroom split-level, with plenty of room for a family on-the-grow. And more and more families have found that it doesn't cost a mint to own Linda, thanks to Lincoln's Owner-Builder Plan. This is the plan that gets you the lowest possible price on materials and labor. This is the plan through which you know all your costs in advance. And this is the plan where you take over after Lincoln erects your basic home, and pocket all the savings on work you'd like to do yourself. In the end, with Lincoln's Owner-Builder Plan you'll get a lot more home, for a lot less money. The Lincoln Owner-Builder Plan ... just one of the many reasons why your money GROWS in a Lincoln Home.

LETTERS TO THE EDITOR

Sir:

There is a matter that I feel should be brought to the attention of the people. On January 5, 1973, I was discharged from the U. S. Army and returned to my home after serving over 6 years for my country. I have been out for 15 months, trying to find a job here around my home. I was born and raised around here and want to keep on living and working here, but it seems that the employers would sooner give jobs to school students and out of staters than to a home town boy. I hear on radio and television of how veterans are to get preferences in jobs, but it doesn't seem to apply around here. I hear of people getting jobs at this place and that place and also of places needing people here and there, but when I go and apply I keep getting the same old story, if we need anyone we will call you, but never getting called.

They tell you that things are slow and they don't need anyone, but a little while later you hear of someone else getting a job.

Most places I have put in two and three requests for a job, but have never been called. I'm sure I am not the only one in this case, and I don't feel this is fair. Why should students and people from out of state get jobs, when veterans and other people in the country need jobs? We veterans put our lives on the line and gave up our jobs to defend our country and come back and can't even find jobs. Is this fair? Should we be forced to leave our homes or go on welfare in order to feed our families. I feel something should be done about this mater of people giving other people jobs because they are friends, etc.

I feel that people should write their congressman and try to get something done to make these employers give the veterans a fair deal in this matter. We are the ones who fought and died so people and the country could be free. Would you please help us. Thank you.

Dear Sir

We read the copy of your paper, March 21 edition. Your editorial about Dan Rather and Walter Cronkite was most interesting and we agree with you wholeheartedly. We hope that you will forward a copy to CBS. It's about time that the news media knows what Mr. and Mrs. John Doe think about them.

"Let's All Sing"

Dear Sir:

Rev. Leake is singing to Mrs. Upperman "I Am An American" "You Are a Republican."

Mr. Patterson is singing "You'd Better Believe It." Mrs. Upperman is singing "The Welfare Song" (quote). Let's all sing "The Song of Solomon," and close this "show with "Blest Be The Tie That Binds."

Very Sincerely,
Pauline Romesburg

Two Are Injured In Recent Mishap Near Grantsville

Two persons were injured in a two-car mishap March 25 just past noon on the Springs road north of Grantsville.

According to State Police records, William T. Bigam, Mill Run, Pa., was more seriously injured than Dale E. Fazenbaker, Meyersdale, Pa., both drivers of their respective vehicles. The injured were taken to the Meyersdale Community hospital by the Northern Rescue Squad.

Fazenbaker was traveling south on the Springs road while Bigam was traveling north. Bigam in a pickup, made a left turn into a parking lot and struck the Fazenbaker car in the southbound lane. Trooper Dale K. Williams charged Bigam with failing to grant the right-of-way.

Three apparent injury-free mishaps were noted.

Charles E. Stemple, Sr., RD 1, Oakland, was headed south on the Sand Flat road late the evening of March 26 when his vehicle went out of control, it then went off the left side of the road and hit an embankment. Tfc. G. D. Broadwater charged him with reckless driving and failing to keep to the right side of the road.

Charles W. Leidlinger, Ridgley, W. Va., was driving west on Md. Rt. 135 about 3 miles east of Walnut Bottom road also the evening of March 26 when he lost control of his car. The vehicle then went off onto the right shoulder and ran into a ditch. Police reports indicated that he refused treatment. Tpr. C. H. Hinnant charged him with driving while intoxicated and negligent driving.

Linda K. Knox, RD 2, Friendsville, was traveling in a Jeep on U.S. Rt. 40 near U.S. Rt. 219, north, the afternoon of March 24 when a deg ran in front of her vehicle. She swerved to miss it, lost control of the vehicle which skidded across the road and hit a utility pole, off the left side of the road. Tpr. Ronald C. Georg made no charges.

Fish Have Been Swallowing George Boring's Artificial Flies For 50 Years

George Boring, working at his favorite pastime of creating bass and trout flies, holds a barely-visible wooden bobbin used for winding the silk thread on a fly. The hook is held in the vise just right of his hand. Several different types of scissors and a razor-knife are used in shearing feathers to look like legs or wings

by Carol Canan

Spring - - the time of year for hardy flowers, balmy weather, young lovers, and muddy fishermen!

There are perhaps no more rabid sportsmen than fishermen, each of whom is devoted to a particular stream, a particular hat and rod, and perhaps even more important, a particular artificial fly.

George Boring, a fisherman enthusiast himself who long ago noted the fisherman's dedication, has been helping provide trout and bass fishermen with their particular fly-combination pieces since 1924.

Mr. Boring is a native and lifelong resident of Bayard.

Back in the 20's according to Mr. Boring, flies could be bought for only five cents, but five cents represented a goodly sum according to wages those days. He began his extra-curricular career by repairing flies of his own when they became tattered and worn, and then, following a stint in the U.S. Marine Corps with an Englishman who was well experienced in tying flies, he began making his own.

Aside from the Englishman's helps he learned what fish like through experience.

Right now, since fishing fever has made its annual "strike," orders requests for pieces, and drop-in customers are beginning to pour into his little shop called the Royal Coachman, located to the rear of his house in Bayard.

Although he had been tying flies for fifty years, he never had a name for his shop until about ten years ago. He decided on Royal Coachman since that is just about the most popular artificial fly.

According to 75-year-old Mr. Boring, he is "so healthy he's ashamed of himself" and still finds no problem in turning out 600 dozen or so flies a year. A professional fly tyer can turn out about 6 dozen flies an hour. Now, during his retirement and since he has passed his peak speed Mr. Boring is tying between three and one-half to four dozen an hour.

Mr. Boring, who worked on many state roads in Garrett County for various contracting companies never finds his retirement dull. Not only does he make flies but also can make landing nets and hunting jackets, leather belts, moccasins and muzzleloader pouches, and repairs rods.

Until 1969, one of the loves of his life was raising and hunting English setters. He points with pride to a picture of one he calls "the grandmother" of his dogs. He began raising setters in 1934 and stopped only when grouse all but disappeared and it became almost impossible to properly train the animals.

He also enjoys hunting and has many turkey feet and a large rack of deer antlers to remind him of hunts from previous years. He also has a large rattlesnake skin as a trophy from a 54" snake he killed many years ago.

Two Hundred Varieties

There are over 200 standard varieties of trout and bass flies, says Mr. Boring, but he concentrates mainly on what fish in the Allegheny Mountains will eat.

To make these types, he need nearly every type of leather and animal hair imaginable, in all hues of the rainbow.

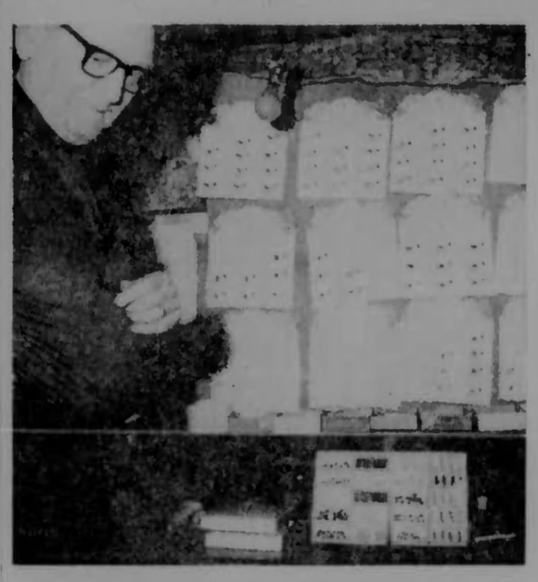
In his shop, he keeps close at hand the boxes of animal hair, different types of hooks and spinner, feather, yarns threads and other material. Bear hair, deer tail, rabbit, mink, musk rat, caribou and others all have uses in making various types of bugs. Different colors of yarns and fly tying silk also belong with various types of flies.

The box holding the silk looks almost like a homemaker's sewing box, except the "threads" are silver and gold as well as red, yellow, etc.

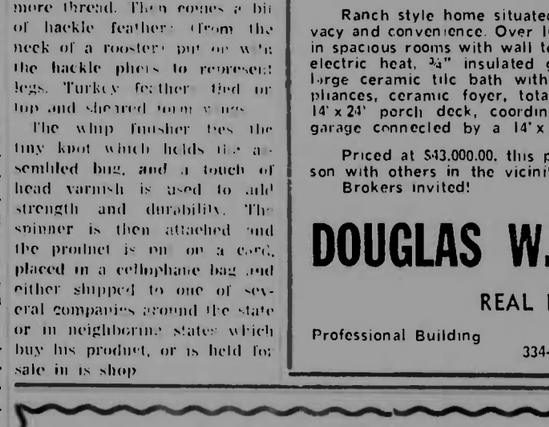
Spinners of the best quality are expensive, made of brass washed with 22 karat gold. Hooks come in two main types, those with turned-down eyes and those with ringed eyes for use with spinners.

Mr. Boring obtains materials from several anglers' supply houses, such as E. Hille in Pennsylvania. Many of the feathers come originally from Vietnam, Thailand, and other Asiatic countries. Like many businessmen, he is also experiencing difficulties in getting certain supplies and right now he is down to a little more than one hundred treble hooks, which must be imported from Norway.

To Mr. Boring, trying to outwit a fish is fascinating and he has read many articles on the subject. One of the earliest mentions of artificial flies was written by a French Catholic [illegible] in the 1400's [illegible] day offer an accredited [illegible] in this ancient [illegible]



Mr. Boring stands before some of his completed work, which he will keep available in his shop. The Royal Coachman. In the small trays are finished examples of the many different types of flies he makes.



Not content with just making about 600 dozen flies a year, Mr. Boring also turns out deerskin moccasins, belts and pouches which he seams together on his leather sewing machine.

Study Bugs

To those wishing to learn the art, Mr. Boring suggests they learn something first of the entomology of [illegible] including the [illegible] at various [illegible] their life cycle.

Then, to assemble a certain and popular variety of artificial fly, the Wampus Cat he must first place the hook in a vise, wind on some silk or thread, then some woodchuck fur followed by some red [illegible] squirrel tail attached with more thread. Yellow yarn to form an egg sac is next wound on with still more thread. Then comes a bit of hackle feather from the neck of a rooster, put on with the hackle pliers to represent legs. Turkey feather tied on top and sheared form wings.

The whip finisher ties the tiny knot which holds the assembled bug, and a touch of head varnish is used to add strength and durability. The spinner is then attached and the product is put on a card, placed in a cellophane bag and either shipped to one of several companies around the state or in neighboring states which buy his product, or is held for sale in is shop.

Boredom is a word which doesn't appear in this fisherman's vocabulary. Any repetition is broken by the [illegible] offset by the opportunities to talk to fishermen and he also does a lot of informal [illegible] to novice fly tyers.

He feels fishermen are [illegible] and each has a [illegible] at various [illegible] their life cycle.

Not only could he tell fish stories all night, he knows and enjoys retelling rhymes about his special type of man. His own favorite tale is about his Canadian trip some years ago, when he caught one five-pound brook trout and another which weighed four and a half pounds. While in Canada, he developed a new lure, the Snad Fly, to resemble a favorite food of the fish during July when these flies hatch.

What does Mr. Boring favor for his own equipment? His favorite rod is an old one he has used for years, and his most-used reel is a Martin upright automatic. He got his first reel of this type for Christmas in 1923. He says he usually starts to fish when the stocking program is over and there is room for him to stand on the streambanks - about September.

The fact that he doesn't really have a minute to spare from his fly tying until about then speaks for his ability, and his favorite quote about fishing speaks for his philosophy. That is "The Lord does not subtract from a man's allotted years the time he has spent in fishing."

Return From Tour

[illegible] Mrs. Laurence Sherwood returned to say after [illegible] at the United Methodists parsonage after attending the Methodist Heritage tour in southern England since March 2. The tour followed different [illegible] where John Wesley lived and worked, as well as various tourist sites around the countryside and in London.

Members of the congregation at St. Paul's United Methodist church contributed funds to enable them to make the tour.

Garrett County Memorial Hospital was opened in 1950 not 1955, as was stated in last week's edition of The Republican

Aurora - Eglon

The Union District Senior Citizens will meet Saturday evening, April 6, at the Aurora United Methodist Memorial building with a covered dish dinner to be served at 6:00. This will be followed by a short business session and program. There will be gospel singers from Jessup present; a representative of the Social Security office from Elkins to discuss new phases of this program, and insurance for senior citizens will also be briefly discussed.

Mr. and Mrs. Doyne Teets and children, of Springsfield, Va., spent the weekend with Mr. and Mrs. Roscoe Teets, Bruce, and Roy Teets, at Eglon.

Roy Bland, Aurora, was admitted to Preston Memorial Hospital Thursday where he is undergoing medical treatment.

Gilmour Fike, Eglon, was taken on Monday to West Virginia Medical Center, Morgantown, for tests.

A daughter, Emily Anne, was born March 26 to Mr. and Mrs. Thomas Lewis, Eglon, at Preston Memorial Hospital, their second child and daughter. The mother is the former Linda Winters, daughter of Mr. and Mrs. Claude Winters, Eglon. Paternal grandparents are Cecil E. Lewis, Aurora, and Mrs. Nina Wallace, Atlanta, Ga.

A dinner honoring the 15th birthday of Dennis Loughrie was held Sunday in the home of his parents, Mr. and Mrs. Gay Loughrie, Aurora. Dinner guests were Mr. and Mrs. Lowell Parsons, Kim, Kenny, and Michael; Mrs. Angela Bishop, Renda and Andrea, all of Kingwood; Ray Hanline, Oakland; and Mr. and Mrs. Gary Roth, local. Afternoon visitors were Mr. and Mrs. Norman Hanline, Aimee, Carl, and Patrick, Oakland, and Kevin Wiles, local. Recent visitors of the Loughries were another son-in-law and daughter, Mr. and Mrs. Lee Welch, Alexandria, Va.

Mrs. Thomas (Velma Meyers) Haydon, Clearwater, Fla., visited last week with relatives and friends in the Aurora and Eglon area.

Mrs. Marian McGinnis, Mt. Top, is a patient in the extended care unit at Preston Memorial Hospital.

Several ladies from Aurora were guests of Mrs. Irene Knight on Lantz Ridge Tuesday for an all-day quilting party.

Mr. and Mrs. Gary Roth visited with Mr. Roth's grandmother, Mrs. Lela Roth, at Eglon on last Sunday evening.

Mrs. Margaret Crawford, Aurora, was called to Uniontown, Pa., last week due to the death of her brother-in-law, John Smiley, who was buried Thursday. She also visited with her children's grandmother and aunts, former neighbors, and a former landlord.

Mrs. Veda Schrock, Aurora, Mrs. Charles Meyer, Miss Lenora Schrock, both Oakland, and Mr. and Mrs. Gilbert Arnold, Terra Alta, went Saturday to Elkins where they attended the funeral of their aunt, Mrs. Nora Sell, 82. She was a widow of the late Ferris Sell and formerly of this community. Services were held from the Baptist Church with interment in the I O O F. cemetery there

Mr. and Mrs. Harry Slawter and John, Aurora, spent the weekend in Cleveland, O., visiting their son and brother, Henry Slawter, his wife and family.

The Mt. View Rebekah Lodge of Aurora entertained their Rebekah sisters from the Newburg and Kingwood lodges Thursday night with a hostess party. There were twenty-six ladies present.

Mrs. Mary Wotring and Mrs. Florence Wotring, Aurora, visited Friday with friends at Hopemont State Hospital.

Dennis Feather, Eglon, is a patient at Garrett County Memorial Hospital, where he underwent emergency surgery on Saturday. He is a son of Mr. and Mrs. Norman Feather and employed at the Arch A. Moore Junior Career Center in Tucker County.

A surprise birthday dinner was held Sunday at the home of Mr. and Mrs. Jesse Gnegy, Sr., in Eglon, in honor of Mr. Gnegy's 82nd birthday which was April 1. Family members attending were Mr. and Mrs. Roscoe Wotring, Aurora; Mr. and Mrs. Harold White, Mr. and Mrs. Jesse Gnegy, Jr., and Kim, Mr. and Mrs. Harold White, and Mr. and Mrs. Robert Harsh, Mike, Sandy, and Tammy Wilford, all Gortner.

Visitors last week of Mr. and Mrs. Ernest Arnold, Eglon, were Mr. and Mrs. Delmar Knotts, Gortner, and Mrs. Mary Hollen, Cleveland, O. Mrs. Carolyn Thrasher and Jerry Brant spent Friday and Saturday with her parents while her husband was on a business trip for the Celanese Corporation. Other family members who were Saturday guests were Mrs. Janice Loughrie and Valerie, Grantsville; and Mr. and Mrs. Ed Arnold, Davis.

The Aurora Volunteer Fire Department received their new fire truck last week and celebrated with an open house and dedication Saturday at the fire hall. Entertainment and refreshments were provided.

Word was received here last week of the death on March 28 of Truman L. Shaffer, Bolt W. Va. He was a brother of the late Hugh and Earl Shaffer of the Texas Community, near Horse Shoe Run. Interment was Sunday in a cemetery near Beckley, according to [illegible]

CARD OF THANKS

The family of the late Kenneth (Honey) Rubenstein, of Thomas, W.Va., wishes to express their sincere gratitude to the staff of Garrett County Memorial Hospital following the death of our loved one. A special thanks to the nurses and aides, Dr. Johnson and Dr. Alvarez.

TURKEY FITS ANY TIMETABLE

Will your Easter meat be brunch or dinner? Every family has its own holiday timetable and the meals have to fit the schedule. What should you serve?

Turkey fits anytime. For brunch, serve creamed turkey on biscuits or turkey and ham on biscuits topped with a cream sauce. For dinner, stuffed, roast turkey is always festive fare.

Although you may not think about buying turkey in April, the U.S. Department of Agriculture reports that turkeys will be available in near record quantities throughout April this year. This is because the new-crop marketings will be about 30 peretnt larger than the 1971-73 crop average and because cold storage holding of turkeys will exceed the three-year average by an estimated 40 percent.

With turkey in good supply, the wise homemaker will sharpen-up her turkey buying skills. There are two things to look for when you buy turkey - grade (quality) and class (age) of the bird. Highest quality birds are U.S. Grade A. This means that the turkey is fully fleshed and meaty well-finished and attractive in appearance. U.S. Grade B birds may be less attractive in finish and appearance than the Grade A turkey and not as meaty. Grade B is seldom printed on poultry labels.

The grade of the turkey does not indicate how tender the bird is. For tenderness, check the class or age of the turkey. Buy according to the intended use, announced Extension Agent, Mrs. Freda S. Denison.

PVC WRESTLING WINNERS—These Southern High grapplers were winners in the Potomac Valley Conference Tournament last February, along with their coach, James Hart. They are, left to right, Jim Browning, 132-lb. class, Phil Martin, unlimited class; Rich Ulery, 145-lb. class and Coach Hart. Phil Martin is a senior at Southern but it was his first year of wrestling. He had an 11-1 record. He advanced from bi-county and district tournaments to the regionals in Frederick. Richard Ulery, also a senior, had an 11-1 record and was team captain. He is a two-time winner in the PVC. Jim Browning, a junior, had a 7-4 record. He is a three-time winner in the PVC.

Bill Moves Two Holiday Dates

The Maryland Senate late Thursday night enacted and sent to Gov. Marvin Mandel a bill moving the dates of Memorial Day and Veterans' Day.

The bill would put Memorial Day from Monday, May 27, to Thursday, May 30, and shift Veterans' Day from Monday, October 28, to Monday November 11 the traditional date for the holiday.

The date shift in May would rid the calendar of a three-day weekend. The action came as of

Is Qualified For Doctorate Degree

Mr. and Mrs. Charles Keefe, route 1, Oakland, have received word that their son, Roger, has passed all of the qualification for his doctorate degree in food science and technology.

Roger is a graduate of Southern High school, Oakland, where he was an honor student. He attended Massachusettes Institute of Technology for his graduate work in the fall of 1971. He then graduated from Rutgers college, in New Jersey, receiving his B.S. degree and animal and earth science degrees. He also was an honor student at Rutgers.

Roger will remain with M.I.T. for the next two to three years, working in research. He is married to the former Barbara Hughes, of Cranford, New Jersey. Mrs. Keefe is employed as a bacteriologist in the laboratories of Tufts Univ. medical center, in Boston, Mass.

fficers of veterans' groups watched from the balconies.

Sen. Victor L. Crawford of Montgomery county, made an unsuccessful attempt to have the Memorial day shift delayed until 1975, saying it could result in people losing room deposits they had already given resort motels for May 27.

A chief backer, Sen. Edward T. Conroy, a former national commander of the Disabled American Veterans, said Memorial day should be shifted this year partially because of the fact that Friendsville had been singled out by the veterans' lobby as the American town which lost the highest per capita number of young men in Vietnam.

$2.8 Billion State Budget Agreement Reached Friday

Disputes on the $2.8 billion budget for the coming fiscal year for Maryland were settled Friday night, following a round of meetings by a six-member conference committee representing both the House of Delegates and the Senate.

The compromise was effected only after lengthy negotiations, and by intervention by Senate president William S. James and House Speaker John Briscoe.

Midnight Monday was the constitutional deadline for approval of the budget. If the budget was not approved by that time, the governor would be required by the constitution to extend the session, and during the extension the General Assembly could work on nothing but the budget.

At the heart of the dispute were items concerning the University of Maryland. The conference committee agreed to cut the College Park Library budget by $26,641 instead of $76,641 and to cut operating expenses at the Baltimore County Campus by $30,000 instead of $61,135.

Also deleted was $41,017 for the hiring of 7 new employees to care for state buildings and grounds in Annapolis.

The House agreed to put back in: $53,704 in instructional funds for Towson State College; $18,546 for Salisbury State College; $56,024 for eight new parole officers.

Expense accounts for each senator were reduced by $1,000 and for each delegate by $500, a total reduction of $115,750.

As it came out of the Senate, budget surplus totaled only $5,675.

To Conduct Exam For Tree Experts

The Maryland Forest Service will conduct an examination for Licensed Tree Experts at its Annapolis office on Wednesday, April 10 at 10 a.m.

Application forms which must be submitted, together with the $15 examination fee, prior to the test, may be obtained from the Service's offices, Tawes State Office Building, Annapolis. Those who have previously taken the examination pay a $5 fee.

A. R. Bond, Director of the Department of Natural Resources Agency, says the licensing procedure assures better care of trees and shrubs for Maryland property owners interested in the environmental value of these natural resources.

Announce Engagement

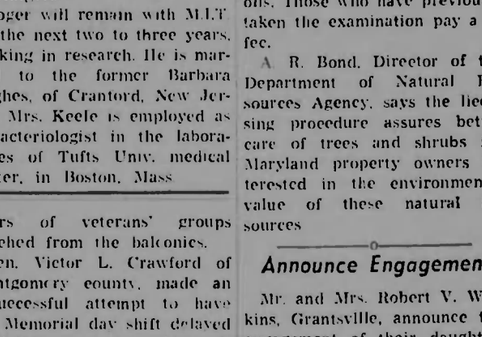
Mr. and Mrs. Robert V. Watkins, Grantsville, announce the engagement of their daughter, Toni Kay, to John William O'Donnell, son of Mr. and Mrs. John E. O'Donnell of Salisbury, Pa.

Miss Watkins is a senior at Northern High School.

Mr. O'Donnell is a graduate of Salisbury-Elk Lick High School and served with the Army in Vietnam. He is employed by the New England Gear Division, Robbins and Myers, at Salisbury.

No date has been set for the wedding.

WATER POWER



JACUZZI'S HYDROCEL Pressurizes water systems WITHOUT AIR

Most problems in a water system are caused by air—waterlogging and rusting, for example. Get rid of these worries forever, with HYDROCEL. And you can also get rid of old-fashioned hydropneumatic tanks and air chargers, tank pits and tank houses. HYDROCEL is surprisingly small. Installs in minutes, almost anywhere. Use with any kind of pump.

When we become mired in the routine of life, one day is like any other. This was just another working-day for most of the people in Jerusalem.

Three men died on Calvary Hill. One of them was the Galilean!

Business as usual in Jerusalem. Unless we understand the whole significance of what is happening we pay little attention . . .

Do you understand what happened that Friday? Do you realize WHO hung on that central Cross? Do you know WHY He died? And FOR WHOM?

There is nothing more necessary in our lives than the deep, personal knowledge of what happened that Friday . . . and the Sunday following.

Come to Church!

Lesson for April 7, 1974

Background Scripture: Acts 9:1-43.
Devotional Reading: Acts 9:1-43.

Last evening I had the opportunity to return to and speak in the church where more than thirty years ago I first attended Sunday school. After the service a little white-haired lady reached for my hand as she said, "You don't remember me, but I was your first grade teacher."

Rev. Althouse

She was wrong, however, for I did remember her and had always had warm memories of the beginning of my experience in public school. Turning to a friend of hers she pointed to me and said, "I like to think that I helped put him in that pulpit."

A disciple named Ananias

In that, she was correct. She, and many others like her, have made many significant contributions to my life. So it is with all of us: our lives are shaped and moulded by many, many people whom we meet along the way. Albert Schweitzer once remarked: "One other thing stirs me when I look back at my youthful days, viz. the fact that so many people gave me something or were something to me without knowing it."

Actually, this is the way God works in this world. He speaks to us, not only in nature and mystical experiences, but also and often mainly through other people. Often it may seem that their influence or effect is small or, as Schweitzer says, they may not even know they have touched our lives in any significant way. Nevertheless, their influence, both individually and corporately, is great. "Much that has become our own in gentleness, modesty, kindness, willingness to forgive, in veracity, loyalty, resignation under suffering, we owe to people in whom we have seen or experienced these virtues at work, sometimes in a great matter, sometimes in a small."

"Here I am, Lord"

Sometimes we need to be reminded that, behind the great and glittering stars like Paul and Peter, Martin Luther and John Wesley, there are little known, even anonymous men and women who also serve. Without their humble contributions, we might never know of the exploits of the more prominent leaders.

The Christian Church owes much to men like Paul, but it has always been equally dependent upon men like Annanias (Acts 9:10), who overcame an understandable natural prejudice and obeyed a vision in which he was instructed to bring healing to a man known as one of the church's arch enemies. What the Lord asked of Annanias was no small request, but because this disciple obeyed, Saul became Paul and a great Apostle was given to the church.

Later, it was another obedient disciple, Barnabas, who dared to introduce Paul to the leaders of the church at Jerusalem. Throughout Paul's great ministry, there would be humble, obedient men like Annanias and Barnabas working in the background and making their significant but little-recognized contributions to the Kingdom.

INCLUDE MEDICINE CABINET IN YOUR SPRING CLEANING

When as the robin red breast reminds you spring has finally arrived and the good news stirs you into an energetic round of spring cleaning don't forget the medicine cabinet. It's unwise to keep prescription drugs "on hand" after the specfiic condition for which they were ordered has been cured. You should not take potent medicines without your doctor's advice, self-diagnosis can do more harm than good.

The less crowded your drug storage area is the less chance for a mistake when reaching for a bottle. If you like you can bring us any drugs you wish to discard and we'll be glad to dispose of them safely.

★

YOUR DOCTOR CAN PHONE US when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

Gets American Eagle Painting

Alfred Brule is shown presenting a painting of an American Eagle, which he was commissioned to paint by The Garrett National Bank in Oakland, to Maurice S. Brookhart, Vice-President and cashier of the bank.

Mr. Brule' has been a professional artist for over forty years and was educated at the University of California, Otis Art Institute, Chouinard Art Institute, Art Career School, California College of Arts and Crafts, attended private classes with Harvey Dunn and E. R. Shrader.

He was employed for several years in motion art for Walt Disney and Warner Brothers Studios.

He has illustrated for many national magazines and advertising accounts. Both he and his wife have illustrated numerous children's books and textbooks.

In 1961, a painting that Brule executed for the Boys Club of America, one of a series of twelve, was presented to President John F. Kennedy during ceremonies at the White House.

Now living in Waynesboro Pa., he has dedicated himself to painting the view of vanishing America. It is an interesting fact to note that Brule' is painting a view of vanishing America since he is descended from the Brule' who came to America as Champlain's point scout in the early seventeenth century and stayed to marry into the Iroquois Indian tribe in New York State.

His paintings and portraits are preserved in public and private collections throughout the United States and abroad. Many of his paintings have been acquired by well-known collectors in the country.

The Garrett National Bank has now completed the placing in its main lobby, of a number of paintings which include the Oakland B. and O. Railroad Station, and the Arched Bridge over the Casselman River at Grantsville. The public is invited to view these paintings at its leisure.

... AS I UNDERSTAND IT.

By

Rev. W. H. Leake, Deer Park, Md.

ARE WE BECOMING A NATION OF ILLITERATES?, is the title of an article by Vance Packard in the April 1974 edition of Readers Digest, which every parent should read and ponder.

Why are we turning out so many from our high schools who can neither read nor write at satisfactory levels? WHO IS TO BLAME? Many would say, the teachers; some, the system; others, the children; of course, the bureaucrats would blame it all on the parents. So again I ask, WHO IS TO BLAME?

Next week I shall answer the question, as I see it. In the meantime, let me sound a WARNING to all concerned parents and grandparents especially in Garrett County. We are out of step, so the "MIND CHANGERS" say and there is a diabolical plot afoot to make Garrett County over into Baltimore's image.

The Bible warns that in the "LAST DAYS Perilous (evil) times shall come, — EVIL MEN and SEDUCERS Shall wax worse and worse, deceiving and being deceived." II Tim. 3:1 and 13. A modern Paraphrase translates verse 13 as follows: "EVIL MEN AND FALSE TEACHERS WILL BECOME WORSE AND WORSE, DECEIVING MANY, THEY THEMSELVES HAVING BEEN DECEIVED BY SATAN."

Next week learn about plans that are in the making for our county. The education problem and this problem are in essence, ONE.

WASHINGTON REPORT

FROM SENATOR J. GLENN BEALL JR.

The Public's Role in Broadcasting

Each year about this time the Senate Subcommittee on Communications, on which I serve, meets to hear from the Federal Communications Commission on matters of importance to us all. Much of the information that comes to the average citizen each day travels the air waves in the form of radio or television signals. Our national viewpoints are constantly shaped by the material transmitted by broadcasters, and therefore some of the testimony before the Committee is of interest.

As many of you are probably aware, each broadcaster holds a federal license to operate for a period of three years, after which time it must be reviewed. Many of us feel that this time period is too short since it takes a rather large investment to get a station underway and keep it going. On the other hand, the public has a stake in broadcast content and the way in which a station serves its community, and this interest should be reviewed from time to time in order to assess its performance. The Commission has therefore suggested a new rule that would allow for continuing dialogue between the broadcaster and the public. At the present, comments on performance usually come to the surface only at renewal time. Under the new rule each broadcaster would be required to keep an open public file where comments would be continually recorded.

As a public official, I get quite a bit of mail from people who take issue with broadcast content. Since there is a duty under FCC regulations to treat controversial issues fairly, I usually bring these complaints to the attention of the Commission.

However, it does make good sense to urge the public to bring these comments to the attention of the broadcaster as well. Then when license renewal time rolls around, the comments and the response of the station to them can be examined. I've found that most broadcasters welcome these comments and many times can improve their programming if they hear from the public.

So in the future, if you believe you have thoughts that the broadcaster should hear, let him have them so that he can know how the public feels. Under the new rule, he will have an obligation to keep these thoughts in mind and can do a better job of treating all issues fairly.

Spring Meeting Of Teachers Set Tuesday, April 19

The annual spring meeting of the Garrett County Teachers Association will be held Tuesday, April 9, at Northern High School, Accident. The governing board will meet at 7:00 and the general association meeting will follow at 8:00.

Darrell A. Malone, president of the association, announced that officers for the next year will be elected, as well as delegates to the October meeting of Maryland State Teachers Association. Other business will include reports of committees, vote on the revised constitution, and distribution of Political Action materials.

229 Westvaco Workers Live In Garrett County

Two-hundred twenty-nine employes of the Westvaco mill at Luke live in Garrett County, according to an employee residence survey published in the annual report for 1973.

Of this total, 73 are from Bloomington; 15 from Deer Park; 12 from Kitmiller, ten from Mt. Lake Park, 16 from Oakland; 100 from Swanton; and one each from Grantsville, Shallmar, and Crellin.

In nearby West Virginia 17 from Elk Garden, six from Mt. Storm and one from Shaw make the daily trip to Luke.

To Hold Hearing On Lake Boat Regulations

A public meeting to discuss proposed amendments to Deep Creek Lake boating regulations will be held Saturday, April 20, the Department of Natural Resources announced.

Site of the meeting is the Garrett County Community College auditorium on Mosser Road, in McHenry, beginning at 10 a.m.

The proposals would prohibit water skiing in a portion of Marsh Run Cove and a portion of North Glade Cove during the afternoon hours on weekends and holidays. Also, they would establish a six-knot speed limit on the area of the lake called Meadow Mt. Run lying east of Meadow Mt. Bridge.

OPEN LINE

By
Congressman Goodloe Byron
Maryland—Sixth District

This regular column serves as another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever typical of the kind asked of me happens to be on your mind. Letters should be sent to me, c o U. S. House of Representatives, Washington, D. C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were **Typical of the kind asked of me in recent weeks:**

What has become of legislation to reform congressional budget procedures?

Last week the Senate passed its own version of budget reform legislation, joining the House in an attempt to devise procedures which would give Congress control over federal economic and spending policies. Essentially similar to a budget reform measure passed by the House last December, the Senate bill would create new budget committees and establish more orderly budget procedures to enable Congress to set budget policy goals and harness its decisions on separate spending programs to that framework.

Did you support the nutrition for the elderly program?

Yes. The bill authorizes $600-million over the next two years for nutrition programs for the elderly and it passed the House on March 19.

In your recent questionnaire, how many of your constituents favored foreign aid cuts?

Over 78% of all survey respondents favored elimination of all foreign aid except emergency aid such as food and medicine. Complete results of the questionnaire will be published in my next newsletter.

How much federally-subsidized flood insurance can I purchase? What type of losses are covered?

Subsidized coverage up to $35,000 for single family residential homes and $100,000 for non-residential structures is available. Coverage for contents is $10,000 and $100,000 respectively. Losses covered include those caused by a general and temporary flooding condition of normally dry land areas or erosion resulting from abnormally high water levels in conjunction with a severe storm.

Why doesn't Congress look into OSHA — the Occupational Safety and Health Act? I feel the act's requirements are too hard and restrictive on small businesses, and the safety regulations much too complicated and unnecessary.

Many small firms feel the same way you do and, as a result, Congress is currently conducting hearings to review OSHA and its impact on the small businessman.

Can you send me a list of consumer publications published by the federal government?

"Consumer Product Information Guide" — an index of selected Federal publications on how to buy, use and take care of consumer products — is available free from my office in Washington.

Statement by

Thomas E. Doyle

REPUBLICAN CANDIDATE FOR

County Commissioner

Please Read This Carefully, It Concerns You

We are watching many of our legislators in Annapolis (excluding Delegate Decorsey Bolden) expose themselves by trying to pass a bill which will affect anyone who owns land. Mandel at the helm. They have taken 33 pages to say that they are creating another Bureaucracy, which will TOTALLY CONTROL and decide upon 5% of all land within Maryland. Land which we may presently own. A commission of 9 members shall have a board of 11 members and our representation in Garrett County will be so small (one member will represent Frederick, Washington, Allegany and Garrett Counties) that our percentage of representation will be about 1%!!! The Bill also states that they will fully cooperate with the Federal Government "condition imposed by federal law or regulation shall be carried out. *?". Here they are saying that we are, in an orderly way, turning ourselves over to the Federal Government. Do not let this scare you, as the apathy we have deserves no better.

The Bill goes on to say an audit MAY be required, not shall. There are adequate loopholes to allow the corrupt to evade the law when it passes.

Friends of Garrett County I want to beat this bill and so do you. It passed the House and is ready for the Senate. I will do everything I can to oppose it. If this bill passes the Senate then we should petition for a referendum. We will need 3% of the voters on petition.

When I am elected in November then it will be part of my job; to keep you informed, to fight for this county and for our rights, to go to Annapolis and state our position, to tell you the truth.

If you send financial support, please give your name and address (anonymous support must be given to the state). Please designate whether it is for the fight against Bill 807 (Land Use) or whether it is for my campaign for County Commissioner.

Your thoughts and comments are also solicited, preferably in writing, Box 165, Oakland, Maryland 21550.

Summer Youth Work Programs Are Discussed

In a meeting with Dr. William Buser, county superintendent of schools this week the County Commissioners discussed the proposed funding of the Manpower Development Act provisions and how it would relate to summer work programs for county youth.

The commissioners, along with George Brady of the Board of Education, expressed concern over the phasing out of the Neighborhood Youth corps. Both agencies look to new funding to help re-implement their programs.

Commissioners also discussed concern for school bus contractors in regard to fuel price increase. William Watson, Jr., supervisor of transportation and the commissioners met with representatives of the school bus contractors last week to hear their complaints. Mr. Watson said he would aid the contractors in a price increase. School bus operation is a state financial responsibility but the commissioners also offered their support in helping the contractors to recover increased operational costs.

Commissioners opened bids for a calculator for the Assessments department. No decision was made pending compliance with bid specifications. Only two bids were received.

In the final day of accepting budget proposals from various departments, the commissioners received budgets from several agencies to enable them to start meeting the county budget sessions. After the budget is determined by May 30 the tax rate will be set for fiscal 1975. During the present board's term of office the commissioners have been able to keep the tax rate at $2.73 per $100 of assessable property.

For other meetings Earl Opel will attend the legislative session of the Maryland Association of Counties for its last session. Bernard Guy will attend a meeting on the Grantsville Health center.

Commissioner Wayne Hamilton said the town of Accident had expressd appreciation for efforts in obtaining funds for the Accident water and sewage system which is presently under construction.

Man Pleads Guilty To Two Charges In Circuit Court

Harold Burgess, Friendsville, pleaded guilty to two charges of burglary at night and storehouse breaking and larceny at a trial last Thursday in the Circuit Court before Chief Judge Stuart F. Hamill, Jr.

A presentence investigation was ordered and the prisoner was remanded to the custody of the sheriff's department without bail pending filing of the report.

There had been two indictments against Burgess, bound by the March Term grand jurors. On the indictment for burglary in the night time grand larceny and receiving stolen goods. He entered a plea of guilty to the first count of the indictment and the other two counts were dismissed by order of the state's attorney.

On indictment of storehouse breaking and larceny and petty larceny he entered a plea of guilty to the first count and again the second count was dismissed by order of the state's attorney.

Burgess had entered the home of Ruston Wright, Friendsville, on the night of February 7.

Southern Band To Play At Kentucky Derby

The Southern High School Band has accepted an invitation to perform in the Kentucky Derby Festival's Pegasus parade, set for Thursday, May 2, in Louisville, Ky., home of the Kentucky Derby which on May 4 will mark its 100th running.

The procession will feature some 40 marching bands, more than 30 floats and an array of equestrians, beauty queens, drill teams, clowns and specialty acts.

IN MEMORIAM

In loving memory of our dear mother, Grace E. Resh, who God called to rest March 30, 1971.
Have you ever lost a loved one
Who was very dear to you,
One you loved so very much
And miss her like we do?
Have you ever known a heartache
Or ever felt a pain or ever wept those bitter tears
That drop like falling rain?
If you never ever had these feelings then,
I pray you never do.
For when God takes your mother
He is taking a part of you
Sadly Missed By Family
—Adv. 5-1t.*

To Be Speaker

William M. Goldsborough, President, Garrett County Board of Education, will be a speaker on Making Pupil Transportation Safe during the National School Boards Association Convention in Houston, Texas, April 6-9.

The convention program will also include "Meet the Experts" sessions where school board members can meet personally with board members and administrators from around the country who have special expertise on various pertinent subjects.

Newly appointed Washington, D. C., Superintendent of Schools Barbara Sizemore will be the featured speaker at the annual Human Relations Dinner.

Six Are Killed On State Highways

Six persons lost their lives on Maryland highways last week, according to the weekly news release compiled by 1st Sergeant James Harvey of the Maryland State Police. Of those killed, three were drivers, 1 was a passenger and two were pedestrians. At least two of those deaths could possibly have been prevented had seat belts had been in use.

Alcohol was a known contributing factor in 4 of the deaths last week. Speed was a contributing factor in four and "driver error" in four.

This week the alcohol involvement has risen to a 67% of the total killed.

Persons killed through March 31 totaled 107 compared to 209 for the same period a year ago.

Choir To Perform At Accident Church

An Easter cantata, "Hail, Glorious King," will be presented at the Bear Creek Church of the Brethren in Accident on Palm Sunday evening, April 7, at 7:30 p.m., by the senior choir from the Church of the Brethren in Westernport.

Chris Shimer will portray the voice of Christ, Paul Gift as Pilate; Ted Metcalf as Judas, Ralph Fike as high priest; Kathy Bernard as the angel; Terri Kelly, an alto meditation, and Carol Lee Kelly as soprano soloist. The group is under direction of Carol Kelly. Gene Marsh will be accompanist and Phyllis Marsh the narrator.

The public is invited.

IN MEMORIAM

In loving memory of Mr. Frank A. Schell, who passed away four years ago this April.
"Memory is a gift of God that death cannot destroy."
Always remembering,
"Putsy", Brenda and Mike

Death Is Theme At Church Meetings

Dr. Clyde Shallenberger, director of Chaplaincy Service at Johns Hopkins hospital, Baltimore, will be guest speaker at Oak Park Church of the Brethren meetings Friday, Saturday, and Sunday, April 5, 6, and 7.

He will speak Friday evening at 7 on "Coping with Death and Dying." Saturday morning at 9:30 he will meet with clergymen. On Saturday evening at 7 his topic will be "The Right to Die - - Who Makes the Decision?" Following the session youth of the community are invited to an informal fellowship hour with the speaker.

At the Sunday morning worship hour at 10:30 his topic will be "Good Grief." Following worship the church will have a carry-in dinner with a talk-back session.

Northern Band Places Second In Maple Parade

The Northern High School Band, Accident, won $100 last Friday when they placed second in the Meyersdale Maple Festival parade.

Friday's parade was designated the firemen's parade.

One Pleads Guilty In Drug Case In District Court

One person pleaded guilty of possession of marijuana and another was found guilty of assault and battery in District Court by Judge Miller Bowen, of Cumberland, at trials on Monday.

Richard Eugene Thomas, of Friendsville, pleaded guilty of possession of marijuana at Northern High School February 22. At a trial Monday, Thomas was given a 5-month jail sentence. Four months of the jail term was suspended and he has been placed on probation for one year under the supervision of the Department of Parole and Probation. During the remaining 30-day jail term, Thomas is to be released from 8 to 11:30 a.m. on school days to attend school.

Frank Johnson, Mt. Lake Park, pleaded not guilty of assault and battery on his daughter at their home March 13 at a trial on Monday. Judge Bowen found him guilty, but a 30-day jail sentence was suspended and he was placed on probation for one year under the supervision of the Department of Parole and Probation.

Robert R. McRobie, Crellin, was found not guilty of passing a worthless check.

A case of passing 2 worthless checks against Joyce F. Everett, RD 1, Oakland, was stetted as restitution had been made.

Edward L. Bowers, Highview Apt., Oakland, was placed on probation before verdict on the charge of non-support of his wife.

Victor W. Warnick, Grantsville, was found not guilty of passing a worthless check.

Another case of a worthless check, this against Kay Frezee, Friendsville, was dismissed as restitution had been made.

DAVE WILKERSONS VISION

The Obscenity Ordinance of the Town of Oakland has been laid aside by the Town Council in favor of a more personal approach to the problem, until such time as hard-core pornography becomes a problem.

Considering that enforcement of the Ordinance would be unreasonably complicated, expensive, and probably unsuccessful in court, it would seem that the Council has made a reasonable decision.

David Wilkerson, author of THE CROSS AND THE SWITCHBLADE and founder of Teen Challenge, has published a vision that came to him in April, '73.

"The world faces a dirt bath so intense that it will vex the minds and souls of some of the most devout Christians alive today. ... Thousands of news stands across the nation will soon be selling explicit sex magazines that will make PLAYBOY seem almost puritanical. ... Major T.V. networks will get caught up in this moral landslide. ... Sex education classes in senior high school and college will feature the sex act on film. The diagrams now used will be animated. Students will be told that homosexual 'love' is normal and that sex acts between unmarrieds is desirable — 'if each has a high regard for the other.'"

"Just prior to this moral landslide will come a short-lived movement by conservatives against smut. ... The clean-up campaign in the U. S. and overseas will not be successful. It will a short-lived crusade, and a flood of filth will follow."

"Those who stand against this flood of filth will be few, and they will be looked upon as 'out of step' with an enlightened society and a more relevant church. Be aware and be warned — this is a full-scale war against God's chosen."

Pro. 30:12; Hab. 2. 2-3

HEYWARD S. CUSTER, HAROLD FRIEND AND STANLEY MILLER, TRUSTEES OF THE GLENDALE ASSEMBLY OF GOD

VS

THE UNKNOWN HEIRS, DEVISEES AND PERSONAL REPRESENTATIVES OF JOHN H FRIEND AND PETER BOWSER
NO 6453 EQUITY
IN THE CIRCUIT COURT FOR GARRETT COUNTY, MARYLAND

ORDER OF PUBLICATION

The object of this suit is to obtain a decree declaring absolute ownership of a parcel of land situate in Election District No. 6, Garrett County, Maryland, to be vested in the Plaintiffs, and that the heirs, devisees and personal representatives of John H. Friend and Peter Bowser be enjoined from asserting any claim to said Military Lot. The bill states:

That by deed dated October 1, 1936, and recorded in Liber No. 114, folio 57, one of the Land Records of Garrett County, Maryland, the Garrett County Board of Education conveyed to John H. Friend and Peter Bowser, Committee, their successors and assigns, a parcel of land situate in Election District No. 6, containing ½ acre, on which was located an old rural school, certified copy of said deed being attached hereto and prayed to be taken as a part hereof; that the congregation of Glendale Assembly of God Church is in constructive and peaceful possession of said ½ acre parcel and said old school building and have occupied and used the same for church purposes since 1936; that the congregation of the Glendale Assembly of God Church has voted to embark upon a construction program and desire to purchase adjoining land from A. Harland Beckman; that the said A. Harland Beckman has advised your Orators that he had heard that your Orators do not have a good and marketable title to said ½ acre lot and said school house, but that same is owned by the heirs of the said John H. Friend and Peter Bowser, and he further advised your Orators that he will not sell the additional land until the title to said ½ acre lot has been judicially determined; that the said John H. Friend and Peter Bowser are both deceased. That there was no administration on the estate of either the said John H. Friend or Peter Bowser in the Orphans' Court for Garrett County, Maryland, and therefore, the heirs, devisees and personal representatives of the said John H. Friend and Peter Bowser can not be determined; that there is no action of law or proceeding in Equity to enforce or test the validity of the title to said ½ acre parcel, that the contention of the said A. Harland Beckman and the person from whom he received his information are without merit and constitute a cloud upon the title of your Orators.

It Is Thereupon ORDERED this 26th day of March, 1974, by the Circuit Court for Garrett County, Maryland, In Equity, that the Plaintiffs by having a copy of this order to be inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 19th day of April, 1974, giving notice to the unknown heirs, devisees and personal representatives of John H. Friend and Peter Bowser, of the object and substance of the Bill of Complaint and warning them to be and appear in this Court either in person or by an attorney on or before the 20th day of May, 1974, to show cause, if any they may have, why a decree should not be passed as prayed.

NOTICE

STATE OF MARYLAND
DEPARTMENT OF NATURAL RESOURCES

BOATING REGULATION

The Department of Natural Resources under authority in Article Natural Resources, Title 8, Section 8-704, Annotated Code of Maryland (1974 Volume), amends Boating Regulation No. 08.01.00.19 title 'Special Regulations applicable only to Deep Creek Lake, (Garrett County)' by adding the following sections:

(8) Restricted Skiing Areas and Speed Limits Saturdays, Sundays and State holidays only:

During the period beginning at 12 noon and ending at sunset on each and every Saturday and Sunday and every holiday officially recognized as such by the State of Maryland, it is unlawful for a vessel to tow any person on any ski, aquaplane or similar device, in any of those areas of Deep Creek Lake of this State as hereinafter described and set forth in this section.

Marsh Run Cove—All that portion of Marsh Run Cove lying north of a line drawn from the north end of Deep Creek Bridge, State Route 219, running direct to the opposite shore of Marsh Hill.

North Glade Cove—All that portion of North Glade Cove lying east of a line drawn from the point of Beckman's Peninsula to the opposite shore of Little Snaggy Mt. (Thousand Acres).

(9) Speed Limit Meadow Mt Run at all times.

It is unlawful for any vessel to be operated at any time at a speed in excess of six (6) knots or at any time for any vessel to tow any person on any ski, aquaplane or similar device in that area of Meadow Mt. Run lying east of Meadow Mt. Bridge as it enters Deep Creek State Park.

These amendments shall take effect on May 30, 1974.

A public hearing will be held on the aforegoing regulations in the event such hearing is petitioned by no less than fifty citizens of the State of Maryland, and provided such petition is received by the Department of Natural Resources no later than May 14, 1974. Any such petition should be addressed to Mr. William Jabine, Department of Natural Resources, Tawes State Office Building, Annapolis, Maryland 21401.

The new Aurora fire truck of the Aurora Volunteer Fire Department was appropriately dedicated last Saturday afternoon at 1 o'clock at the Aurora fire hall. Dedicating the machine at the public ceremony was James Teets, of Terra Alta, W. Va., a member of the West Virginia House of Delegates.

Presenting the keys to Dayton Alexander, fire chief, center, while Rufus Lewis, president of the company, looks on. Other members of the fire company, but not in order, are John Calcamp, Jim Kisner, Ernest Shaffer, John Shillingburg, Wayne Watts, Bill Baker, Benny Shaffer, Kenneth Cooper, Carroll Sanders and two junior members.

machines serve as pumps during the pumping cycle and as turbine generators to generate electricity when water flows back through them from the upper reservoir.

The 7,000-acre lower reservoir in the Canaan Valley will be a prime recreational asset. With its maximum draw down resulting from the pumping operation of 4 feet, the lower reservoir will include boating, fishing, and other water related activities. Several access and recreation areas in the valley or adjacent to it are planned for boat access, picnicking, fishing, and camping.

Tre Allegheny system has owned most of the lands involved in the Davis Power Project for more than 40 years.

The unemployment rate of 5.2 held in February, halting the rise which began in November.

Bayard Observes 81st Birthday

Last Friday, March 29, the town of Bayard celebrated its 81st birthday in a quiet and unauspicous manner.

In the beginning this was Indian territory. Bayard was once the site of an Indian camp, and just east of town one can still find arrowheads. A few miles east of town Fort Ogden stood on the banks of Difficult River and was the boundary line between English and Indian territory.

In 1736 a patent was granted to Ralph Lard Hopton and others by King Charles for a large acreage of land. Later Thomas Ford Fairfax became proprietor of the territory not owned by others and this produced the Fairfax survey. Just northeast of Bayard stands the Fairfax stone, survey beginning point.

In 1886 Grant county was formed by seceding from Hardy county with Maysville the first county seat of Grant county.

Bayard, along the North branch of the Potomac, was a desirable location for a town. Surrounded by mountains, it was protected from high winds, with both Potomac and Buffalo creek, clear, clean and full of brook trout, Timber, coal and fire clay in rich abundance all around.

Known early settlers were the Rinkers, Morelands, Groves, Clarks and the Browns.

By 1883 the West Virginia Centrtl and Piedmont railroad reached Bayard. The town of Bayard was incorporated March 29, 1893. In 1895 Bayard bought kerosene street lights. There have been four public schools in Bayard, the first in 1880. A new high school was built in 1921.

Newspapers in Bayard were the Mountain Breezer, Grant County Gazette, and the West Virginia Developer.

J. F. Nordick was the first mayor of Bayard.

"Honorable Mention"

Randy DiSimone, basketball player for Southern High School this past season was one of those mentioned as "honorable mention" among players who were named on the all-state teams. He was the only one mentioned from Garrett County.

Named to the first team was Mark Manges, of Fort Hill. On the second team was Mike Norman Kelly, also of South Brashears of South Hagerstown. Hagerstown, was one of those named on the third team.

Also in the honorable mention list were Bill Armstrong, Allegany; Terry Delaney, Bishop Walsh, and Joe Langham, of Valley.

DiSimone, a senior student, played in twenty regular season and two tournament games this year, scoring a total of 417 points which included 78 out of 95 foul shots. DiSimone was co-captain of the Southern team. He is the son of Mr. and Mrs. Joseph DiSimone, Oakland.

Mr. DiSimone is the second person in the history of Southern High School to receive mention on the All-State Basketball team. Robert Ridder was awarded that honor in 1970.

Hearings Begin On Power Project At Canaan Valley

Hearings commenced Tuesday, April 2, in Washington, D. C. before the Federal Power Commission on license application by Monongahela Power Company, West Penn Power Company, and the Potomac Edison Power System - - the three operating companies which comprise the Allegheny Power System - - for permission to build a one million kilowatt pumped storage generating facility near Davis, West Virginia.

The project has been named the Davis Power Project, and, according to the application, it will include the construction of a 600-acre reservoir on Cabin Mountain, a 7,000-acre lower reservoir in Canaan Valley, some 900 feet below, connecting tunnels and penstocks, and pump-turbine units that would produce an estimated 1.5 billion kilowatt-hours of electricity annually.

If approved, the project is expected to cost more than $214 million and will provide needed peaking power requirements of the Allegheny Power System.

During early morning hours and on weekends when the demand for electricity is low, water from the lower reservoir will be pumped to the upper reservoir using off-peak power from existing steam generating facilities. Then, when the demand for electricity is high, water will be released from the upper reservoir and flow thru tunnels to generating facilities at the lower level. The same

Case for Trees . . .

Arbor day in Maryland was celebrated on April 3, at which time numerous trees were planted. At that time people were reminded of the day in a news publication published bi-monthly by the Department of Natural Resources, calling attention to other benefits other than the natural beauty of trees.

The particular item was taken from "Trees Are For People," by A. R. Bond, director of DNR's forest service.

One tree has the cooling effect of five air conditioners.

A green belt of less than 200 yards in width will provide the effect of an increase in altitude of one mile.

Noise levels are reduced by 6 to 8 decibles by green belts 100 feet in width.

One acre of growing trees will scrub clean the air polluted by 8 automobiles operated for twelve hours.

The same acre will absorb the carbon dioxide produced by 50 autos during the same period of time.

A 129-acre woodland will dispose of 1 million gallons of sewage effluent per day with no harm to the trees, soil or water.

That is a lot to say for trees, that apparently cannot be disputed. Perhaps you could aid the environmental problem by planting a few trees yourself.

Judge Hamill Finds Four Youths To Be Delinquent

Four young persons were found to be delinquent in Circuit Court Monday by Chief Judge Stuart F. Hamill, Jr., sitting as juvenile judge.

A 17 year-old male was found to be delinquent by reason of breaking and entering and carrying a concealed weapon. He was sentenced to the Maryland Training School for Boys until released by due process of the law.

A 16 year-old male was found to be delinquent by reason of larceny of an auto stereo. He was sentenced to the Maryland Training School for Boys but the sentence was suspended. He is to refrain from any infraction of the law. He was placed on probation under the supervision of the Department of Juvenile Services for an undetermined period.

Two females, one 14 and the other 15, were found to be delinquent by reason of possession and use of marijuana. They were placed on probation under the supervision of the Department of Juvenile Services until they are 18 years of age and are to abide by the rules and regulations of that department. They are also to refrain from the use of drugs and from any infraction of the law.

Holes Shot In Windows

Authorities are still seeking information as to the person or persons who used some type of pistol or air gun to shoot holes in various windows and glass doors last Friday night, in the business district of Oakland.

There were bullet holes in at least five places of business, some cracking the plate glass in at least two of the establishments, at the A. D. Naylor Hardware and at the Englander pharmacy. There were also holes at the side entrance to the H-P Stores, the front door of the Professional building, and a window in Liller's Barber shop.

There have been no arrests.

Sustains Broken Leg

Willard Ashby, 15, sustained a broken right leg when the motorcycle he was riding wrecked on Monte Vista road, near the Robert Proudfoot home last Sunday.

He was taken to Garrett County Memorial hospital in the Southern Rescue Squad ambulance, where the break was set and his leg placed in a cast. He is the son of Mr. and Mrs. Joe Ashby, south of town. He was endeavoring to miss hitting a dog in the roadway when the wreck occurred.

Firemen Called

Oakland firemen were called last Friday to the trailer home of Junior M. McRobie where a flue fire had been reported due to a furnace backfire. There was no damage.

Files For Office Co. Commissioner

Dr. Donald R. Glotfelty, of near McHenry, on Tuesday morning filed for the nomination for County Commissioner from commissioner district two, on the Republican ticket. The primary election is September 10.

Dr. Glotfelty was born in Grantsville in 1931 and is a graduate of Grantsville High school. He received a bachelor's degree from the University of Maryland and in 1956 he received a Doctor of Veterinary Medicine degree from the University of Georgia.

He was discharged from the U.S. Army in 1959 with the rank of Captain, and in 1969 entered general practice of veterinary medicine and surgery. Since 1972 he has devoted full-time to real estate development in the McHenry area.

Dr. Glotfelty is married to the former Kathryn Yaste. They have two sons and live at Limpopo North, near McHenry. A

Compromise Land Use Bill Enacted

Gov. Marvin Mandel indicated Tuesday he was happy with a compromise land-use bill enacted by the General Assembly.

Mandel said he was not at all disappointed that he and Senate President William S. James were unsuccesstul in pushing through the bill as it came out of the House.

The proposal was sharply rewritten by the Senate after rural legislators threatened to fillibuster to the end of the session and to tie up hundred of pending bills.

Mandel said the compromise bill "gives the state that which the state sought, the right to intervene." He said he doesn't think the final bill is stronger than the original one but that "it reaches the areas that ought to be reached."

James, Harford County Democrat, said the bill as enacted would enable the state to intervene when officials object to proposed major development projects such as entertainment complexes and large residential or shopping developments.

SPECIALLY TAGGED BASS RELEASED—Specially tagged largemouth bass were released in Deep Creek Lake prior to the second annual fishing rodeo to begin at the lake on April 13. Left to right are John Marple, of Johnny's Bait House, representing the Deep Creek Lake-Garrett County Promotion Council; Dale Paugh, representing Deep Creek Lake Lions Club; and Dave Whorton, Fisheries Division, Department of Natural Resources.

County Obtains $151,172 In Revenue Sharing

Other Commissioner Activities Are Listed By Board

Garrett County received $151,172 in revenue sharing money for the third quarter in fiscal year 1974, it was revealed by the office of County Commissioners. This is the third year the county has received federal revenue sharing funds.

These funds are part of the county levy for fiscal year 1974.

At their regular meeting on Monday the commissioners spent a portion of their work session reviewing budgets proposed by various county agencies. Dr. Luther Shaw, president, Garrett Community college, spoke concerning the teacher retirement system and the state retirement system. They also met with members of the county fair association to discuss a budget increase. Since its inception the fair association has been given $500 annually by the commissioner board.

Commission chairman, Wayne Hamilton and Earl Opel and Bernard Guy, commissioners attended the Tri-County council for Western Maryand meeting held yesterday in Cumberland. Commissioners are attending the spring meeting of the Western Maryland County Commissioners in Frederick today.

Joseph Murnane, executive secretary, Maryland Association of Counties, is briefing the group on various bills which passed the General Assembly that have an effect on the counties. The commissioners also plan to discuss manpower revenue sharing, the comprehensive employment and training act, and budgetary items.

2nd Annual Fishing Rodeo Announced

The Deep Creek Lake Lions club and the Deep Creek Lake-Garrett County Promotion Council are jointly sponsoring the second annual Deep Creek Lake Fishing Rodeo, which will begin April 13 and continue through June 9, with over $1,300 in prize money being awarded.

Specially tagged largemouth bass were released recently in Deep Creek Lake by the Maryland Fisheries division of the Department of Natural Resources. Prizes ranging from $10 to $300 will be awarded for the fish caught with these special tags, during the contest.

Last year 28 to 50 released largemouth bass were caught during the contest period with total prizes awarded amounting to $960.

No registration fee is necessary for the rodeo but to be eligible for a prize for all fish caught, their tags must be taken to Johnny's Bait House on Route 219, at the lake, during the rodeo.

All fish are to be registered immediately after being caught to qualify. A complete list of rules and prize categories and other information are available at the Bait House or from the Deep Creek Lake Lions club, or the Promotion Council at Oakland.

Bill Provides Aid For Savage River Bridge

Requested by the Garrett County Commissioners and the County Roads Engineer, Delegate DeCorsey E. Bolden, Oakland, helped move Senate Bill No. 1060 from the House Appropriations Committee to the floor of the House where it was finally passed in the avalanche of last minute legislation during the final hours of the Session.

The bill grants $349,000 to the Garrett County Commissioners for the construction of a new bridge across lower Savage River. The new bridge will replace a 1920 vintage structure which was condemned as unsafe.

The new bridge will be located above Bloomington in the area where the White Water Races are held each Spring and Fall.

Delegate Bolden stated, "It was close. The pressures for last minute legislation are tremendous. It looks like we got our bill through just in time."

DRIVER OTIS BROOKS, of Baltimore, survived this spectacular crash of a Southern States molasses tanker after it plowed through guard rails of the Gorman-Germania bridge Tuesday afternoon. The rig fell nearly thirty feet, causing considerable damage to a nearby apartment house. The 28-year-old driver, pinned in the wreckage for nearly 45 minutes, sustained a shoulder and finger fracture, cuts and bruises. He was brought to the Oakland hospital by members of the Mt. Storm Rescue Squad.

FORTUNATELY no one was at home in this apartment house when the tractor-trailer passed through. The rig, heading west on Route 50, apparently lost its brakes while descending into Gormania and failed to make the curve at the bridge. Owner of the apartment building is T. K. Vance, Mt. Lake Park.

Assault, Battery Cases Heard In District Court

Two assault and battery cases were heard in District Court by Judge Lewis R. Jones this week.

Robert McRobie, Crellin, pleaded not guilty of assault and battery on David R. Kisner at Crellin March 27. At a trial Monday, McRobie was placed on probation without verdict for six months and paid $10 costs.

Calvin H. Durst, Amish road, Grantsville, had been charged with assault and battery on Patricia Ann Durst on Amish road March 19. The case was dismissed as other action is being taken.

Harold Burgess, Friendsville, who pleaded guilty of several counts in Circuit Court two weeks ago, has been charged with malicious destruction of property by knocking glass out at the Garrett County jail, according to records in District Court. At a bond hearing Monday, bond was set at $250 on this charge. He is being held in default in addition to being held for sentencing pending a pre sentence investigation ordered at a trial two weeks ago.

Autopsy Reveals Kamineck Died Of Broken Neck

An autopsy has revealed that Kent David Kamineck 20, of Pittsburgh, who died March 31 in an automobile wreck at McHenry, died of a broken neck, according to Dr. James Feaster Jr., deputy medical examiner.

There had been a report earlier from Glenn Fismann who was riding with him at the time and who was seriously injured in the wreck that he may have fallen asleep prior to the crash.

Six Attend Fire Rescue School

Six members of the Southern Garrett County Rescue Squad attended the Allegany-Garrett County Regional Fire-Rescue School, held Sunday, April 7, at Mt. Savage. They were: Ed Livengood Brad and Patsy Stewart Bill Bittinger, Danny Gaither, and Jerry Humberson. They received instruction in auto-extrication and were the only emergency medical technician rescue squad being represented at the school.

During the month of March the squad answered 36 emergency calls, which is the highest amount of calls during one month to date. As of the seventh day of April, 16 emergency calls had been answered.

Jaycees To Sponsor Bicycle Race

Members of the Oakland Jaycees will sponsor their first annual bicycle touring race on Saturday, May 1.

The distance will be twenty-five miles beginning at the B and O. Railroad station in Oakland at 10 a.m., preceded by a registration period starting at 8.

Any person 12 years or older is eligible to enter the event with parental consent required if under 18. There will be two classes, one for the young and one for the elder. Entry fee is three dollars.

Three prizes are to be awarded in each class. For the senior class, a 10 speed bicycle valued at $150 and trophy, $50 Savings bond and trophy; $25 Savings bond and trophy, will be awarded. For juniors, there will be a 3 speed racer valued at $99, a $25 Savings bond and a gift certificate valued at $15.

A trophy will be given to the oldest to finish, and the first family to finish.

Route for the race is available upon request. Members of the Southern Garrett County Rescue squad will be available for first aid assistance if needed.

Deputy Clerk Completes Course Recently

Clifford C. DeWitt, deputy clerk of the Circuit Court has recently completed a Court Management course.

Mr. DeWitt, a deputy clerk in the office of Richard L. Davis, clerk of the Circuit Court, completed an advanced course in Court Management at the Adult Education Center of the University of Maryland at College Park.

Certificates were presented to all graduates by Chief Judge of Maryland Court of Appeals, Robert Murphy.

Mr. DeWitt has been employed in the Circuit Court office for 14 years.

County Land Use Plan Is Completed

The Garrett County Planning Commission has recently completed the first draft of the County-wide Land use plan, according to Marshall R. Pickert, director. The draft has been submitted to the Maryland Departments of Transportation, Natural Resources, Economic and Community Development, State Planning, and Mental Hygiene, for a 60 day review, as required by Marylaod State law.

During this 60 day period, the County Planning Commission will conduct two public hearings to present the land-use plan to interested county citizens and to obtain their suggestions. With completion of this 60 day review an additional public hearing will be conducted on the land-use plan.

In next week's issue of The Republican there will be a summary text of the draft plan and a County-wide map outlining the Planning Commission's recommendations, and announcement of dates for the public meeting.

Byron Schedules April Visits

A schedule of April visits to six Garrett and Allegany county communities has been announced by Congressman Goodloe Byron.

On Wednesday, April 17, Byron will meet with citizens at the Community Building in Finzel at 10:00 a.m.; and at the post offices in Grantsville, 12:00 Noon, Oakland, 2:00 p.m., and Kitzmiller, 5:00 p.m.

On Thursday, April 18, he will be at the post offices in Rawlings and Flintstone.

"Citizens with opinions on upcoming legislation before Congress should feel free to drop by and express their views," Byron said.

Three hundred fifty to four hundred persons were on hand last Saturday evening at Southern High School cafetorium for the Lincoln Day dinner and heard U. S. Senator Ted Stevens of Alaska deliver an optimistic address on Republicanism and Abraham Lincoln, president of the United States during the Civil War. In the photo, left to right, are Thomas Butscher, master of ceremonies, Senator Stevens and Helen D. Bentley, with the Federal Maritime Commission. Senator Stevens was appointed to the U. S. Senate in 1968 and first elected in 1970 and reelected in 1972. He serves on the Appropriations, Commerce and Post Office and Civil Service Committees.

Trailer Rams Into Bridge, 2 Apartments

Driver Pinned In Wreckage Which Fell Some 30 Feet

A tractor trailer, running unchecked down the hill entering Gormania on U.S. route 50, crashed through the bridge railing, dropped about thirty feet, and crashed through four rooms of an apartment house, causing between $75,000 and $100,000 damage. The driver miraculously escaped fatal injuries.

The accident occurred Tuesday afternoon. Driver of the rig, Otis W. Brooks, 28, Pennsylvania avenue, Baltimore, was pinned in the wreckage for about 45 minutes. He sustained a fractured shoulder, a fractured finger and multiple bruises. He was reported in "fair" condition at Garrett County Memorial hospital, where he was taken in an ambulance driven by Ernest R. Fisher, fire chief of Mt. Storm, who was accompanied by Mrs. Evelyn Streets, of near Mt. Storm.

Mr. Brooks, hauling molasses for Southern States Cooperative, was traveling west on the highway but lost his brakes after he started to descend the steep hill leading into the town. He failed to make the turn at the bridge, tore out about 100 feet of the bridge guard rail and dropped off to the level of the Potomac River, meanwhile slamming into a part of the three-story apartment house in two places. The tank ruptured causing the molasses to spill onto the ground.

Trooper D. J. Pyle, of the Petersburg detachment of West Virginia State Police, who was patrolling when he received a call at 1:10 p.m., was about 15 minutes away from the scene. He was in charge of the investigation.

Several men from the Gormania area used a fire axe, crow bars and other tools to release the driver. Among those helping extricate the man were Charles Layman, his brother Clyde, and Mike Flanagan, of Bayard; Jack Townsend, Gormania; and Kenny V. Bosley. The fire truck from the Gorman Volunteer fire company was driven to the scene of the accident by Shorty Uphold, but there was no fire as a result of the accident. The Southern Garrett County Rescue squad

GOP Committee Has Six

It was incorrectly stated in last week's issue of The Republican that four members would be elected to the Republican State Central Committee at the September primary election. The law was changed just a few years ago so that at present there are six persons eligible to be members of the committee. The Democratic committee has had six members for a number of years.

Present members of the Republican committee include Homer Bennett, chairman; William Welch, secretary; Cleda Baker, treasurer; Ross Selby, Paul George and J. Edward Tasker.

On Tuesday morning N. Ross Selby filed for re-election as a member of the Republican committee. He is from Friendsville.

Incumbent Paul M. George, Swanton, also filed for re-election on Wednesday morning for a member of the Republican State Central Committee. He is

May Get Water System At Bayard, Gormania, Others

The Mt Top Public Service District comprised of Pascoe Bean chairman Donald Abernathy secretary and Vernon Hanlin treasurer met with Lester Cox Jr president of the Grant County Court also with Horace Freeman representative of the Appalachian Regional commission John VanMeter, legal counsel a representative of Perrone and Vaughn consulting engineers for the project and Farmers Home Administration representatives on Tuesday April 2 to review the letter of Conditions issued by the FHA for establishing a water system for several communities.

After review and discussion the district signed a letter to the FHA stating their intent to meet the conditions as set forth in regard to securing a loan to install the proposed water system.

The proposed system comprises areas of Mt Storm Bismarck Bayard and Gormania It was noted by the engineer that the system was being designed to also supply water to the community of Gormania if and when it was ready to receive the service. Mr Renn said he was hoping that the system in Maryland would coincide with the Mt Top PSD system so that the entire project could be installed simultaneously.

Persons in the Mt Top PSD area interested in becoming a water user should contact either Mr Hanlin or Mr Abernathy so they may negotiate the Water Users contract which these two persons now have and are in position to receive the required tap fee. Mr Renn also said he was hopeful that the required number of users could be secured within 2 months.

Listen, Americans!

By DR. GEORGE S. BENSON
President National Education Program
Searcy, Arkansas

American youth are kicking the American system because they think it cannot serve their best interest. They do not know how it works. Most young people are unaware that the energy source in America's wealth machine — which produces economic security for all — is the profit motive. They have been taught so little about the system, while being bombarded with anti-system propaganda, many have come to accept the Communist-Socialist falsehood that business owners are profiteers exploiting the workers and the consuming public.

Recently I lectured a college under-graduate group about 5000 on the profit system, including the level of profits in business and industry. With one exception, the group generally was uninformed on the profit level and I sensed most of them were hostile to our business system, its management and ownership. I asked 10 students, one after another, to give me his opinion regarding the average profit of American industries. Here are the answers I got:

The average industrial profit is 11 per cent; 16 per cent; 20 per cent; 24 per cent; 30 per cent; 36 per cent; 40 per cent; 45 per cent; 50 per cent. That's nine answers — with the average being 30 per cent. The tenth answer was from a young man who, throughout the evening, evidenced a healthy respect for the American system. His answer: 4 per cent profit on the average for the industries of America for the past several years. His answer was correct. And the remainder of answers are about what I have gotten from high school and college age groups all over the nation.

After my lecture, a pretty co-ed rose and said: "All the way through high school, I never heard a teacher (nor have I heard many college professors) say one thing favorable about private enterprise. I got the impression in my schooling so far that the American economic system was vicious and only detrimental to human progress." She thanked me for the lecture and said that knowing how the system works and how it distributes its benefits, she'd be a supporter of free enterprise and challenge those who found no good in it.

For years I have been participating in a statewide youth seminar in a Western state. We initiated the seminar as an annual event 15 years ago. Our 1973 seminar brought together more than 2,000 high school students from all over the state. We conducted a written test on citizenship awareness preceding the seminar, and again after the four-day institute. The results show that high school youngsters can learn and want to learn the true facts about our system but that they haven't been getting the facts.

On five key questions about our economic system, in a pre-seminar test, the results were respectively, 31 per cent correct answers, 14 per cent correct, 13 per cent correct, 20 per cent correct, 19 per cent correct. After the seminar the answers to these same five questions were 63 per cent correct, 83 per cent correct, 97 per cent correct, 96 per cent correct, 92 per cent correct. This tells us all we need to know about one of the shortcomings of many of our educational institutions. It also tells us that our youth generation can be taught and can absorb and retain the true facts. And it tells us that the vast majority of our young people — we got this from post-seminar comments in written form — are willing, even zealously anxious to carry the banner of the American system against all challengers. It has never worked perfectly, but our youth when adequately informed, realize that the system itself is sound and has built-in potentials for improvement in its stewardship.

State Tax Rate Remains At .21

The Board of Public Works consisting of Gov. Marvin Mandel, State Comptroller Louis L. Goldstein and State Treasurer J. Millard Tawes, at its meeting held in Annapolis, on Wednesday April 3, set the State real estate tax rate for Fiscal Year 1975 at twenty-one cents per $100 of assessed valuation. The Board of Public Works is required by law to set the tax rate that will produce sufficient monies to pay the principal and annual interest rate on outstanding General Obligation Bonds which pledge the full faith and credit of the State of Maryland as they mature.

This is the third fiscal year the rate has been 21 cents.

Maryland recently sold $50 million dollars in bonds for 1.6019 percent the lowest interest cost to the State since June 1972.

County Obtains

(Continued From Page One)

The commissioners announced they would be scheduling extra meetings throughout the ensuing weeks for the purpose of budget work sessions with representatives of each county agency. Paul DeWitt, county roads engineer, presented the Roads Department budget for fiscal year 1975. Total budget for the roads department this year is $3,000 lower than that of last year's budget. DeWitt pointed out even with rising cost in gasoline, asphalt and labor, the roads budget will cover the full program for fiscal 1975 as it has in the past three years. The roads department is the second largest budget in the county system and amounted to $1,398,154 in last years levy.

Land Uses Are Discussed Thursday

Some sixty persons from Garrett and Allegany counties, mostly farmers, attended a regional land use meeting Thursday at the Clarysville Inn, to participate in a discussion on the preservation of agricultural land.

Three speakers explained some of the options that are available to Marylanders. They were Dr. Frank L. Bentz, Jr., vice president for agricultural affairs and legislative relations of the University of Maryland, George Techlider, director of inspections and regulations, State Department of Agriculture; and Dr. Sidney Ishee, professor of agricultural economics, University of Maryland.

Among the Garrett county participants was County Commissioner Wayne Hamilton, a Red House farm owner. He and other farmers had questions and statements for the visitors from the College Park area.

Among ideas discussed were continuation of the present policy, voluntary agricultural districts, designated agricultural districts, and transferable development right-

Five Injured In 2-Vehicle Mishap Last Friday Morn.

Five persons were injured in a two-pickup truck mishap last Friday morning with one woman being hospitalized. The accident occurred at the intersection of U.S. Rt 219 and Bumble Bee road, McHenry, about 10 a.m.

Zona Deems, Davis, W. Va., was admitted to Garrett County Memorial hospital and was listed in satisfactory condition on Monday. She was a passenger in a pickup driven by Foster R. Raines, Minerva, Ohio, who was apparently not seriously injured.

The driver of the other pickup, Wayne Eldred Platter, Grantsville, was the only person in the accident apparently not injured but his three passengers were. They were treated and released from the hospital. They were: Bruce Snyder, 18, Playford Resh, 18, and Blain Wilt, 17, all of Grantsville.

Raines was traveling north on Route 219. Platter traveling west on Bumble Bee road, failed to grant the right-of-way when entering Rt. 219 and collided with the left front and side of the Raines truck.

Tfc. Ronald Lewis charged Platter with failing to yield the right-of-way at an intersection.

Conviction Is Upheld. Two Plead Guilty In Court

A conviction of a lower court was upheld and two other persons pleaded guilty, one of grand larceny and the other of storehouse breaking in Circuit Court last Friday. A pre-sentence investigation was ordered in the latter two.

Stephen Allen Bender, Grantsville, had been found guilty and fined $200 and $5 costs for illegal possession of a deer, and fined $100 and $10 costs for carrying a concealed, loaded weapon. Chief Judge Stuart F. Hamill, Jr., placed Bender on probation before verdict and affirmed the fines and costs imposed by District Court.

Thomas Coville, Swanton, pleaded guilty of grand larceny of a snowmobile valued at $1,000 February 19, at a court trial last Friday. Judge Hamill ordered a pre-sentence investigation. Coville is free on continued bond pending the outcome of the

Youth Dies In Auto Accident

David Wayne Brenneman, 18, of Cresaptown, was killed late Saturday night when his car struck a tree head-on.

The accident occurred at 11:35 on Brant road, west of Md. Rt 53, west of Cresaptown. State Police said the youth was traveling east on Brant road at an apparent high rate of speed when he lost control of the car, ran off the north side of the road and into the tree.

Cresaptown Community Volunteer fire department members went to the scene with some 20 men and an ambulance, rescue truck and pumper. Firemen had to pry the top of the car loose from the tree to extricate the victim. He was dead on arrival at Sacred Heart hospital.

Trooper G. A. Berkebile investigated.

The Brenneman youth was a native of Cumberland and a son of Glenn and Mary Klotz Brenneman, of Cresaptown. He had numerous relatives in the Bittinger area.

Also surviving are two sisters, Brenda and Doris Brenneman, at home.

The body was taken to the Newman Funeral home in Grantsville. Funeral services were conducted from the funeral home on Wednesday afternoon at 2 o'clock with Rev. Roger Mills officiating. Interment was in the Bittinger cemetery.

Young Woman Is Slightly Injured Last Thursday

One young woman was treated and released from Garrett County Memorial Hospital following an accident last Tuesday afternoon on the Deer Park-Broadford road.

Cynthia Marie Stem, Mt. Lake Park, was traveling about a half mile north of Dennett road. The vehicle failed to keep to the right side of the road, ran off the left side and collided with a utility pole. Tpr. C. H. Hinnant made no charges.

A minor accident occurred the same morning on U.S. Route 219, just south of the Glendale road.

James A. Sines, Eglon, W. Va., was driving north on Rt. 219 when a dog ran into his path. He swerved to the left, ran off the left side of the road and hit a stone wall. He was driving a tractor only, of a rig.

investigation.

Raymond Sorker, RD 2, Oakland, pleaded guilty on one of two charges of storehouse breaking. Judge Hamill ordered a pre-sentence investigation in this case also. Bond was changed from a $2,000 property bond to include a $500 cash bond, also which was paid. A second case with charges of storehouse breaking, breaking and stealing, grand larceny, receiving stolen goods and conspiracy, was dismissed.

Tpr. Hinnant made no charges in this mishap either.

A minor parking lot accident happened about two weeks ago.

James B. Mellinger, RD 1 Oakland, was moving east on a parking lot off U.S. Rt. 219 just north of Oakland about 10 p.m. on March 28. James B. Swick, Mt. Lake Park, traveling west, turned into the side of the Mellinger car. Tfc. G. D. Broadwater charged Swick with operating at excessive speed.

Drinking Age Is Lowered To Eighteen

Legislation to lower the state-drinking age for beer and wine to 18 years was headed for the desk of Gov. Marvin Mandel.

The measure to permit legal teenage drinking was passed by the House of Delgates Wednesday and returned to the Senate for quick agreement on a technical amendment, added by the House.

If the governor sign the bill it will take effect July 1.

Proclaim School Bus Safety Week

Gov. Marvin Mandel has proclaimed the week of April 15th through April 24th as "School Bus Safety Week in Maryland". In the proclamation the governor publicly commends the 6,000 school bus drivers of Maryland on their outstanding safety record and for their invaluable contribution to education of the pupils of our state."

Dr. William Beser, Superintendent of Schools states "Now is a particularly appropriate time for school personnel, students and parents to express their appreciation to bus drivers for driving them safely to and from school each day."

According to William Watson, Supervisor of Transportation, about 105 Garrett County buses and vehicles traveled approximately 1,000,000 miles last year without a serious accident involving a student. He indicated that this is a special tribute to the bus drivers and also indicates the observance of motor vehicle codes by the driving public.

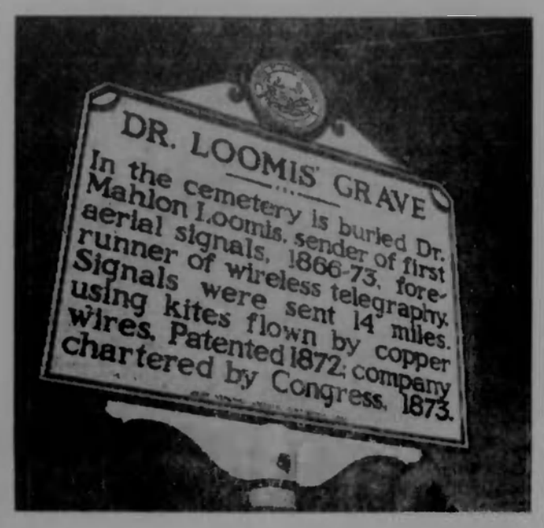
Terra Alta Doctor A Telegraph Pioneer



Dr. Mahlon Loomis, who was born in Oppenheim, N. Y., in 1826, spent the last years of his life in Terra Alta, Preston County. He died there in 1886. Dr. Loomis may have been the first person to transmit messages by electromagnetic waves — what today is known as radio. His great idea was to harness the Earth's electric field to produce light, heat and mechanical motion. Research is under way at West Virginia University to determine Dr. Loomis' true place in the history of science. The top insert shows the roadside marker on W. Va. 7 just north of Terra Alta. The bottom insert shows the summer home in Terra Alta of Dr. Loomis' brother, George, who was a juror and lived in Parkersburg. He was instrumental in Mahlon's return to Terra Alta and is buried beside his brother.

I tell you it will fertilize the Earth and reclaim the heathen.

Those were just two of the results which more than 100 years ago Dr. Mahlon Loomis expected from his idea of extracting electricity from the Earth's atmosphere.

In a letter to his brother written in 1868, Dr. Loomis, a dentist who spent his last days in Terra Alta, W. Va., added "I tell you, Joe, it will make the sterile regions vegetate with verdure and become a northwest passage by God's law. Telegraph! Why that is the least important result I expect to attain in establishing it."

The telegraph that Dr. Loomis referred to is the forerunner of the modern radio, according to Dr. Ole Jefimenko, West Virginia University physicist. "The records show that Loomis sent messages through the air without wires over a distance of about 18 miles in 1865 — eight years before Marconi, who generally is credited with inventing the wireless telegraph, was born.

"From my experiences I am convinced that Loomis did in fact generate and receive radio waves," observed Dr. Jefimenko, an internationally recognized authority on electrostatic motors who was the first person to operate such motors from the Earth's electric field.

But, as Dr. Loomis said, the telegraph was a minor part of his idea. In his patent "Improvement in Telegraphing" (Letter-Patent No. 129,971) that was granted on July 30, 1872, he stated "I also dispense with all artificial batteries, but use the free electricity of the atmosphere, co-operating with that of the Earth, to supply the electrical dynamic force or current for telegraphing and for other useful purposes such as light, heat and motive power.

Free electricity from the atmosphere - - that was Dr. Loomis' great dream.

A bill for incorporation of the Loomis Aerial Telegraph Company was passed and signed by President Grant in 1873 and the company formed. Unfortunately, the company never got off the ground - - partly because of the great financial pame of 1873.

In 1869, Loomis had asked for a congressional appropriation and it had been refused. According to his biographer, Thomas Appleby, Loomis suffered a series of disappointments in his efforts to gain financial backing. For example, a group of Chicago bankers had promised support. But before it was arranged the great fire of October, 1871, burned Chicago.

Although Dr. Loomis continued to experiment with his telegraph and other inventions, his financial reverses and lack of recognition seemed to have made him despondent. He died in 1886 at Terra Alta and is buried there. According to a letter written by his brother George, "his only lack was money" to implement his plans.

"Loomis' wireless telegsaph was powered by static electricity. But the history books say that Marconi invented the wireless telegraph and used batteries to power it."

"Dr. Loomis flew kites with metal wires attached to them and erected towers with sharp metal points to extract the currents. Ben Franklin used the same two methods in the 1750's.

Bauer Enterprises To Open New Center

Richard J. Bauer, president of Bauer Enterprises, Inc. announced today plans for the opening of a new Bauer Home Center in Somerset, Pa.

The Somerset location will be the 10th building materials retail store operated by Bauer Enterprises in the Penn, West Virginia and Maryland areas. Bauer Home Center, Oakland is one of the store.

Completion and grand opening of the 8,000 sq. ft. facility is scheduled for August 1.

Bicentennial Commnnities

Roy Martin, president of the U. S. Conference of Mayors, has announced the formation of a Bicentennial Communities Committee. This committee, made up of Conference members, will serve to encourage and assist communities across the nation to develop Bicentennial programs which would qualify them for status as National Bicentennial Communities.

Sponsored by the American Revolution Bicentennial Commission and formally endorsed by the Conference of Mayors, the Bicentennial Communities Program was announced at the conference's annual meeting last July.

At the beginning of the program, invitations and applications were sent to the Chief Executive Officer or governing body of 40,000 communities and Indian tribes throughout the nation, advising them of the Bicentennial Communities program and urging them to get involved. The program offers all qualifying communities of every geo-political structure and size an opportunity to obtain National Bicentennial recognition. Designation as a Bicentennial Community enables a community to use the national Bicentennial symbol in conjunction with the local commemoration of the 200th anniversary.

These are the four simple steps a community must take to receive Bicentennial Community status:

1. Organize a special Bicentennial planning and coordinating committee which is representative of all segments of the community.
2. Plan a Bicentennial program which will have at least one lasting member of the special effort the community undertook for the Bicentennial commemoration.
3. Obtain the approval of the Chief Executive Officer or governing body of the community.
4. Submit the application to the ARBC through the appropriate State Bicentennial agency.

To date, 54 Bicentennial Communities have been designated, and several hundred applications are currently being considered.

It is highly desireable, but not essential, that a community's program contain elements of all three of the Bicentennial Commission's themes: Heritage '76, which honors and reflects upon the past; Festival USA, featuring celebrations and hospitality; and Horizons '76, which makes a commitment to improving the quality of life for the future.

One Bicentennial community which developed programs in all three areas is San Marcos, Texas. Their goal under the Horizons theme is called "Beauty Along the River," and includes pedestrian and pedal trails along the west bank of the San Marcos River, dedication of new city park gardens and swimming pool and dedication of a new museum of history.

Through Festival USA, San Marcos invites the nation to an eventful Bicentennial year commencing with the Republic of Texas Chili Championship and Confederate Air Force show in October 1975. The festival will continue with sports September of 1976, with a saevents and pageantry through lute to Mexico's severance from Spain.

Heritage '76 is highlighted by an historical pageant commemorating Henry McCulloch's 1846 camp on San Mareos River, a musical drama by Southwest Texas State University and the dedication of the landscaped site of San Mareos' first public building.

The Bicentennial Communities program seeks to enlist citizen support and involvement in the Bicentennial through:

- Determining community priorities
- Increasing the community's rate of progress
- Encouraging cooperation in problem solving
- Broadening community partielpation.

In developing this broad national program the national commission is responding to President Nixon's challenge in his first Bicentennial message to Congress (October 8, 1969):

"America is 50 states. America is big cities, small cities and small towns. It is all the home and all the hopes of 200 million people.

"That is why we want this Bicentennial to be national. It must go directly to the people and derive its strength from the people. And we want people all over this land to sense the greatness of this moment, to participate in it, and help us all to discover what that national spirit is."

Bicentennial Communities is a wonderful opportunity to directly and personally involve every single citizen of the United States in commemorating the 200th anniversary of the nation's birth.

Band Boosters To Again Sell Easter Flowers

The Southern High School Band Boosters are sponsoring the sale of Easter Flowers again this year in front of the Manor Builders Supply store on 3rd street and the Sears Catalog store on 2nd street in Oakland on Friday, April 12th, from 9 to 12 noon, and 3 to 9 p.m., and on Saturday, April 13th, from 9 a.m. to 3 p.m. In case of bad weather the sale will be held inside the above stores.

Along with selling flowers, there will be a bake sale.

All proceeds from this event will be used for funding of the Southern High School Band Activities.

The Senior Band this year has been invited and is going to Kentucky to compete with other bands Wednesday and Thursday prior to the Kentucky Derby.

In early April the FBI still considered Patricia Hearst a kidnap victim even though she said she joined the SLA.

Speech Contest Winners Listed

Lewis Marks, a tenth grade student at Southern High, won the Boys' Speech contest and Debby Fike, a tenth grade student at the same school, won the Girls' Speech contest, both sponsored by the Optimist Club of Oakland, last Wednesday, April 3, at the American Legion Home in Oakland. The subject was "I'm Just One."

Lewis is the son of Mr. and Mrs. Lewis Marks, Mt. Lake Park. Debby is the daughter of Mr. and Mrs. Darwin Fike, Rt. 2, Oakland.

Runners up included: for the boys, Walter Lee and Thomas Steger, both 10th graders at Southern and for the girls, Alta Hinehaugh and Barbara Holtschneider, also 10th graders at Southern.

Lewis Marks and Debby Fike represented the Optimist club of Oakland in the Zone Ten contest and competed against other winners yesterday, April 10, in Cumberland. Winners here will compete for the State title set for Ocean City on May 3, 4, and 5. State winners will receive $500 scholarships to colleges of their choice.

Serving as judges were Dick Stegmaier, Dave Beard and Robert Engles. Cindy Ramirez served as time keeper.

The Optimist Club of Oakland has sponsored these contests since being chartered. Ben Thorn, Vice President of the Club and guidance counselor at Southern, was the chairman of this year's contest. Mike Posey, speech and English teacher at Southern, helped work with students in preparing their speeches.

To Present Outdoor Drama Easter Sunday

Zion School of Christian Education, Westernport, in cooperation with several churches in the Keyser area, will present an outdoor drama at 7:30 a.m. Sunday, April 14.

The presentation will be on the Hampton Taylor "Red Diamond" farm (the former Charles Umstot farm) on Knobley Road. The story is based upon those days immediately following the crucifixion of Christ and going on to the time of the Ressurrection. The drama is highlighted by the specially built stage setting and by authentic costuming.

In the event of inclement weather, a service will be held at the Fountain United Brethren in Christ Church. Faculty and students of the Bible school will minister in the service.

Bicycle Clinic Is Set April & May

The Oakland Optimist Club and the 4-H Youth program of the Cooperative Extension Service are joing forces to conduct a Bicycle Clinic during April and May. April 15-20 has been proclaimed Bike Safety Week in Oakland by Mayor H. D. Swartzentruber and will be used to kick off a 5 week Clinic designed to teach cyclists the basics of bicycle safety and maintenance.

April 17th from 7:00 to 8:30 p.m. at Southern High School will be the first meeting for the clinic. No bicycles will be needed. At that time there will be program registration, demonstration on general maintenance and preparation for inspection. Saturdays, April 20 and 27 have been set aside as inspection days. Inspection will be held from 9 to 12 noon and 1 to 4 p.m. in front of the Master Shoe Repair Store in Oakland (Oakland residents will also be able to register their bicycles with the town police and purchase bicycle tags).

The second workshop will involve actual maintenance on the bicycles. Other sessions will involve safety, and improving road and riding skills. These programs are open to any youth or adult in Garrett County that owns or operates a bike. The joint sponsorship by the Optimist International and the 4-H combines the Bike Safety Week program of the Optimist and the National 4-H Bicycle program.

Richard Evans, Optimist Chairman for Bike Safety Week, Arlie P. Breedlove, President, Ben Thorn, vice president and David Beard, Sgt. at Arms of the Oakland Club, and Alice E. Heyner, Extension Agent, 4-H and Youth, are serving as coordinators of the clinic and will be assisted by 4-H members, Optimist members, Town and State Police, and local citizens.

Tryouts Set For Local Baseballers

Tryouts for baseball players hoping to make the Oakland team of Pen-Mar tri-state league were postponed on account of the inclement weather and have been rescheduled, it was announced by Terry Helbig, manager and player.

The new dates are Thursday, April 11, at 6 p.m., and Sunday April 14, at 2 p.m. The team will be managed by Sam Glotfelty, Oakland.

The season is scheduled to begin May 12 with double headers set for Sunday afternoons. Oakland will play its games at Garrett Community college, McHenry.

The league is for adult males 17 years or older. The team finished in fifth place last year with a 8-13 record, in an 8-team league. This year there will be six teams from Maryland, West Virginia and Pennsylvania.

Winter Returns With Icy Grip

Winter returned with its icy grip over the Mt. Top the first part of the week with one to two inches of fine snow Tuesday. This broke the spell of the spring-like weather of last week. March was above normal in temperature and below in precipitation, including snow.

After last week's mild, wet weather, the mercury dropped to a chilly 9 degrees Sunday. This is not a record for April as it was minus two degrees in April, 1923. There were a few light flurries Saturday morning. Skies were cloudy to mostly cloudy all week except some clear skies Saturday night, early Sunday and yesterday. The heaviest rain day was last Thursday with 1.17 inches. Another three-fourths inch fell, some as snow, since Monday morning.

Daytime temperatures averaged 57.3 degrees or 2.9 degrees below normal. The highest was 68 degrees last Friday. Tuesday the high was early in the day with temperatures dropping to a low of 25 degrees by late afternoon, during the snowfall. Morning lows averaged 28.4 degrees or 5.6 below the normal.

There was much wind Friday, Sunday, Tuesday and yesterday.

March was mild, averaging 4.9 degrees above the normal. The warm spell the first part of the month was mainly responsible for this, with readings in the 70's five days. The highest was 73 degrees on the 4th. The highs averaged 52.8 degrees. Lows for the month averaged 28.7 degrees with the coldest being 10 degrees on the 25th. On the 4th the low was a mild 57 degrees.

Precipitation for March amounted to 3.23 inches of 1.32 inches below the normal. Snowfall amounted to 2.6 inches or 13.3 inches below the normal for March. In the past there have been some heavy snows in March, accounting for the high normal. The greatest snowfall was one inch on the 30th. The heaviest precipitation days were those on which snow fell.

Statistics are based on information received from Logan Weber, local observer for the National Weather Service.

Snowfall so far this season, to date, beginning in November, has amounted to 60.7 inches.

School Bus Inspection Scheduled Three Days

The third scheduled inspection of county school buses for the year will be held next Wednesday, Thursday, and Friday, it was announced by William Watson, jr., supervisor of transportation.

The schedule:

Wednesday, April 17, Northern High School, 9 to 11 a.m., and Friendsville, 11:30 to 2.

Thursday, April 18, Grantsville, 9 to 2.

Friday, April 19, Southern High school, 8:30 to 11:30; and Bloomington, 1 to 2.

Mr. Watson said that county school buses had reached a high degree of efficiency and safety and stressed that this could be maintained only by continued efforts and pride in their profession.

Revival In Progress

A revival is being held at the Otterbein United Methodist church at Swanton with service time 7:30. Rev. Wine, pastor, and guest pastors will preach. A sunrise service is planned for Easter morning at 6:15.

A special program will be presented at Sunday School at 9:45. Regular worship service will be at 11 a.m.

YFC Sponsoring Crusade April 29

Mt. Top YFC is having an Ernie Wilson Crusade with Rev. Ernest Wilson, Philadelphia, as a black evangelist, April 29 to May 1. Services will be nightly from 6:15 to 7:30 at the Deep Creek Baptist church.

The YFC will sponsor a Swim-In at the Wisp Tuesday evening, April 16, at 7:15, open to interested area teenagers. Tickets in advance are $1.75 or $2 at the door.

Tom Crogan, director, said final preparations were underway for the second annual Walk-athon, Saturday, May 4. The walk will cover a 17-mile route. First prize is a Gremlin auto; second, Suzuki motorcycle, and third, a pair of ten-speed racer bicycles. Other prizes are available in speed categories.

The annual YFC summer teen convention will be held at Ocean City, N. J., June 15-22. Registration fee of $5 is due at the YFC office by May 1 with total cost of $65.

To Be Guest Speaker

Philip Yoder will be guest speaker at the Glade Mennonite church for an Easter Sunrise service Sunday morning, April 14, at 7 o'clock. Mr. Yoder is attending Eastern Mennonite college, Harrisonburg, Va., and was top quizzer for the Mt. Top Youth for Christ in 1971.

He is the son of Rev. and Mrs. Vernon Yoder, Beaver Springs, Pa., former residents of the Grantsville area. He was in charge of the Dry Run Mennonite congregation prior to moving to Pennsylvania. The public is invited.

To Discuss Boating Regulations On Loke

A public meeting to discuss proposed amendments to Deep Creek Lake boating regulations will be on April 20, the Department of Natural Resources announced.

Site of the meeting is the Garrett Community College auditorium on Mosser Road, McHenry, and will begin at 10 a.m.

The proposals would prohibit water skiing in a portion of Marsh Run Cove and a portion of North Glade Cove during the afternoon hours on weekends and holidays. Also they would establish a six-knot speed limit on the area of the lake called Meadow Mt. Run, lying east of Meadow Mt. Bridge.

Column For Homemakers

By Mrs. Freda Denison Extension Agent

Freeze Now - Eat Later - For Good Buys on Beef

Your freezer may become your best dinner-time friend over the next few weeks, especially if you're a beef lover. Meat counters over the country generally are well-stocked now, while most cattle feeders are marketing their cattle far below the break-even point.

Due to the current beef situation, the nation's supermarkets will likely be advertising numerous specials on beef. This will give consumers a good opportunity to stock their freezers for the upcoming summer season of outdoor cookery.

The U.S. Dept. of Agriculture offers a few simple rules you should follow to assure that your beef will retain its top quality while stored.

First, cuts of beef from the rib, round, sirloin, and chuck should be purchased in convenient sizes for the number you intend to serve. Shape ground beef into patties or package in portions for loaves or other dishes. It's a good idea not to season ground beef before freezing since it itenstlies most seasonings.

Wrap meat closely and seal tightly in moisture-vapor proof material, separating individual servings by a double layer of wrapping material. Freeze fresh beef quickly, and store at O F. or lower. For best keeping quality, ground beef should be used within three months, other beef within 12.

This might be a good time to buy ahead, to enjoy beef at your leisure in the future at today's prices.

IN ROLLER SKATING PROJECT—Four-H'ers of the county are participating in a roller skating 4-H project at the Tri-R, Roller Rink west of Oakland. The course began in February and six of eight lesson have already been completed. The final one will be held on April 27. The course is county-wide and is sponsored jointly by the Extension Service and the roller rink. Some eighty-nine four-H members of twelve clubs are involved. Instructor is Mrs. Carol Glotfelty, Oakland.

The upper photo shows Ann Martha Andrews, of the Monte Vista 4-H club with the instructor attempting something fancy. The group in the lower photo are all members of the Monte Vista junior 4-H club except two. Back row, left to right, are Tamie Falls, Ann Martha Andrews, Susie Riggs, Melanie Ryan; front row, Paula Welch, Kathy Ryscavage, Teresa Thomas, Angie Kreyenbuhl, Rhonda Lichty, Tina Mason and Amy Gosnell, with the instructor on the extreme right. Lichty and Mason are members of the Lynn Valley Club.

Martin Returns To Allegany County

Chief Judge Stuart F Hamill has amended his order granting conditional release from Springfield State Hospital to permit John Herbert Martin, 60, former editor of the People's Guardian, to return to Allegany county.

However, Judge Hamill, Oakland, pointed out that the amended order still prohibits Martin from living or working in Frostburg, where he formerly resided. It is understood that Martin now makes his home in Cumberland.

Martin was found not guilty March 19, 1973, by reason of insanity, at the time he was accused of assaulting his wife, Mrs. Dorothy Martin, and Gerhard Thiele, with intent to murder them. However, Judge Hamill committed Martin to Springfield State hospital for treatment.

College Solicits Course Ideas

The Community Service division of Garrett Community college, McHenry, is soliciting persons to provide ideas for courses.

Officials say classes do not necessarily need to be held at the college and can be informal. The college needs only a minimum of ten interested persons in order to offer a course.

In the past such courses as photography, crewel, powder puff mechanics and others have been offered. In some instances the planned class was canceled due to lack of the minimum number.

The Community Service division is interested in offering programs that would revive old interests and develop new ones, but officials said these interests must be made known. The division provides place and instructor. Registration fees would be determined by the cost of the course, but most fees are minimal, it was stated.

Local history, bird watching, contemporary social problems are topics suggested.

WINNERS OF OPTIMIST CLUB SPEECH CONTEST—Debby Fike, tenth grade student at Southern High, center, won the girls' contest and Lewis Marks, 10th grader from the same school, won the boys' contest in the public speaking event sponsored by the Optimist Club of Oakland on Wednesday, April 3, at the American Legion home in Oakland. Subject was "I'm Just One." On the left is Ben Thorn, vice president of the club, who presented the awards.

Extension Dates Listed

Dates of Homemaker club meetings and other extension service activities were listed this week by Mrs. Freda S. Denison, extension agent.

April 16, 10 a.m., Extension Homemakers program planning committee will meet at the Accident fire hall. On the same day at 1 p.m., the Extension Homemakers council will meet at the Accident fire hall. All clubs are to have representation to plan spring and summer activities.

April 18, 7:30 p.m., Friendsville Homemakers will meet at the home of Mrs. Selma Neil.

Home On Leave

Sp 4 Oliver Guthrie, Oakland, is now home on leave from the U.S. Army before leaving on April 27 for Germany for an 18-months tour of duty. He is the son of Mrs. Betty Freeland and grandson of Mr. and Mrs. John Guthrie, star route, Oakland.

Oakland Firemen Answer Fifty Calls In 1973

The Oakland Volunteer Fire Department, Inc., answered 50 calls during 1973, four mutual aid calls and one rescue and service call, a statistical report for the year revealed.

Estimated property loss during that period totaled $35,718. The department traveled 2,870 miles and gave 1,036 man hours to fire fighting.

Six firemen were injured throughout the year plus two non-firemen. Under the heading, origin of fires, six were the result of matches and smoking, 7 faulty heating equipment, two from flammable fluids, two from electricity and 33 miscellaneous. Ten fires were from field and brush, twelve were houses, three were trailers, eighteen were motor vehicles and six were business properties. One false alarm was noted.

The Oakland department has three pumpers, one tank truck. The pumpers have capacities of 750, 750 and 500 gallons, the report noted.

Accident Easter Sunrise Service Scheduled Again

The Accident Community has planned an Easter Sunrise service for Sunday morning at 7 o'clock, on the east lawn of the Zion Lutheran church, overlooking the town pond.

Pastor Elmer Maust of the Cherry Glade Mennonite church will preach the sermon on "If Christ Be Not Risen," from First Corinthians. Singing will be led by the Cherry Glade Mennonite chorus and a community choir made up of members from various area churches and directed by Mrs. Dorothy George. Mrs. Marilyn Illick will be at the organ.

In case of inclement weather the service will be held at the Accident Elementary school. Pastors and members from ten community churches have planned and will participate in the service. They include Pastors Frank Johnson, Methodist; William Shiner, Brethren; William E. Carlson and Fred Illick, Lutheran, in addition to Pastor Maust, Mennonite. Lay readers are James Oester, Vernon Reichenbecher, and Miss Kendra Fratz.

Last year's service, the first of its kind to be held in the Accident area, saw nearly 500 persons assembled for Easter worship. Women of the churches have prepared a breakfast to be served following the service.

Fellowship Center To Sponsor Fashion Show

The Mountain Fellowship Center, Route 40, at Markleysburg, Pa., will sponsor a fashion show and buffet luncheon on May 10, at 7:30 p.m. Women from the mountain area are invited to enter. Garments are to be homemade.

Description cards must be turned in to chairman, Mrs. Bonnie Hager, or Colleen Rosenberger, by April 22.

Proceeds will go toward the building fund of the center where several events have taken place since it was erected. Special events ar being planned for the summer season.

At the fashion show there will be special entertainment and a door prize given. A donation of $2.25 will include the fashion show and the buffet luncheon.

Drama Presented At Accident Church

The drama, "Christ in the Concrete City," was presented Wednesday night at Zion Lutheran church, Accidem, as part of the congregation's Holy Week services.

Parts were played by Darl Kolb, Glen Kolb, Rev. Fred Illick, pastor; Skip Schwing as narrator, Miss Cheryl Rexrode, and Miss Kendra Fratz. The play was directed by Pastor Illick, with Steven Neville, drama teacher at Northern High school assisting.

Other Services

A candlelight Maundy Thursday Holy Communion service will be held in the basement of Zion church, commemorating the Last Supper, at 8 o'clock this evening.

The traditional Good Friday service will be held at 8 p.m. There will be regular Sunday school and worship services on Sunday with an Easter Communion to follow the Easter Sunrise service at 9:30 and 10:30.

Schools To Adjourn For Easter Holiday

County schools will close today, Thursday, April 11, at 1:30 p.m. for the Easter Holiday. Schools will remain closed Friday and Monday. Dr. William H. Buser, Superintendent of Schools, announced that schools would re-open at the regular time on Tuesday, April 16.

Is Delegate To ARRP Biennial Convention

Don Bender, Kitzmiller, has been elected as a voting delegate to the American Association of Retired Persons Bicentennial convention to be held in San Diego, California, April 29th to May 2nd.

He is past president of the Garrett County chapter No. 779, in Oakland.

Northern Area Reports $1,210.78 From Heart Drive

Heart fund contributions from the northern end of the county amounted to $1,210.78, according to a report by Mrs. Don Newman, chairman.

The breakdown showed $185.70 from Heart Sunday; $105 from churches and organizations; $301, business contributions; $7, donations; $261.50, card parties, and $40.58, heart banks. The Heart Sunday was broken down, showing $304.50 from Grantsville, $97.22 from Jennings; $51.95 from New Germany and $21.99 from Amish road.

Serving with Mrs. Newman were Mrs. Shirley Bender, Mrs. Michael Buttinger, Mrs. Wayne Durst, Mrs. D. W. Klotz and Mrs. Joseph McKenzie. Card parties were held at the American Legion, which donated $25, and which was won by Mrs. Robert Broadwater. Casselman Valley and Cove Homemakers served refreshments for the card parties.

Mrs. Newman said that many persons and groups had assisted in the campaign. The total was above the amount received last year.

IS YOUR MIND MADE UP?

The "intellectuals" scoffed at Columbus — they were afraid they would lose social prestige if they listened to him. Others just didn't want to believe the earth was round. They had such a vested interest involving their own egos that they called Columbus ugly names.

The same principles apply today. If anyone dares to support the idea that there is organization behind many of the problems strangling the nation today, he is apt to lose his "social respectability." For many people, social status comes before intellectual honesty.

Most intellectuals deal with the theory of international conspiracy by ignoring it. When the silent treatment doesn't work, they resort to ridicule, satire, and personal attacks. These methods divert attention from the facts which an author or speaker is trying to expose. It is not surprising that millions of innocent people, in a natural desire not to appear naive, assume the attitudes and repeat the cliches of the opinion makers in the media.

Many of the events that are shaping our destinies occur because someone has planned them that way. If they happened by accident, half of the events affecting our nation's well-being should be good for America. If we were dealing with incompetence, our leaders should occasionally make a mistake in our favor. There is a small book being circulated in Oakland. It deals with the planning and brilliance that has shaped the foreign and domestic policies of the past 6 administrations.

Is it by accident that recent administrators make the same mistakes as the others? Why do they repeat the errors of the past which produce inflation, depression, and wars? Why does our state department "stumble" from one Communist-aiding "blunder" to another?

Why is Kissinger trying so hard to give the strategic Panama Canal to (Communist-controlled) Panama?

Why is $80 million of your tax money being 'loaned' to the USSR for construction of an international trade center in Moscow? Lenin said (correctly) that "the day the U. S. begins to trade with us, they begin to finance their own destruction."

Lastly, why haven't you heard about all this in the media? For answers, read "None Dare Call It Conspiracy." It is the key to a true understanding of the political, economic, and social powers that are shaping your future.

Are you willing to investigate the facts, or is your mind made up?

A FAITH FOR ALL SEASONS

Lesson for April 14, 1974

Background Scripture: Genesis 12:1-3, Deuteronomy 26:5-9, Joshua 24:1-28, Acts 11:19-26, 13 through 14. Devotional Reading: Luke 24:1-7

In a sermon once, with tongue in cheek, I proposed that we celebrate the resurrection of Jesus at Christmas and the birth of Jesus at Easter.

There was, however, some "method in my madness." I was objecting to our tendency to relegate both of these great events to mere holidays. For the most part, once a year we drag out the manger and celebrate the Incarnation. The celebration lasts but a few days, if that. It is not mentioned again for another twelve months although the Incarnation of God in Jesus Christ is one of the salient facts of the Christian religion.

Rev. Althouse

After the party's over

The same is true of Easter, except that this celebration lasts an even shorter period of time. One brief morning and the Easter faith is tucked away for another year as if its season had come and gone. Actually, however, the Easter faith is never out of season. The resurrection faith is a faith for all seasons.

In early Christianity the church began to observe the first day of the week as its day of worship. Since Christ was resurrected on Sunday, each Sunday of every week would serve as a celebration of his victory over death and the grave. Every Sunday, in effect, would be an Easter, for the resurrection faith was at the very heart of the good news of Jesus Christ. It is only when the party is over and the celebration is ended that we can begin to appreciate the importance of the resurrection faith.

A promise and a purpose

Preaching in the synagogue at Pisidian Antioch (present-day Turkey), Paul helped his listeners to understand that the resurrection of Jesus Christ was not an isolated act of God. It was, in fact, he said, a part of the whole continuity of God's promise and purpose that began with Abraham. In a few brief sentences he recounted the whole sweep of Hebrew history, showing how God again and again made and fulfilled his promises. The people of Israel had been a people who lived by God's promises.

The death of Jesus, a seeming tragic event, was actually part of God's purpose and tied to his promises given to the patriarchs and the people of Israel. The whole history of Israel was an object lesson in God overcoming man at his worst. Then at Easter God scored the decisive victory that wrote "Amen" to his promises.

The resurrection faith is more than one man's dramatic victory over death, far more than a seasonal celebration. It is a promise of eternal life both before and after death. It is the hope by which we live. It is the perspective by which we view the world and its events. It is a faith that has relevance for our everyday existance as well as our ultimate aspirations.

It is a faith for all seasons.

ONCE UPON A TIME
LONG, LONG AGO

Those are magic words. They can conjure up the fascinating world of make-believe. It's fun to escape over the rainbow. But when illness strikes it's important to be firmly entrenched in the world of practical things like knowing without a doubt that you will be getting the best possible health care.

The pharmacy you go to should be one you know you can count on in any situation. One that has a reputation for prompt and dependable service. We try to maintain that type of reputation. Our main concern is the health and welfare of our community.

YOUR DOCTOR CAN PHONE US when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

Officers of Oakland BPO Elks Lodge 2481 were installed for the 1974-75 season at appropriate ceremonies Saturday, April 6, at the Oakland lodge. Antone Struntz, district director, grand exalted ruler, center, congratulates Delmar Sliger, newly installed exalted ruler.

Other officers included, left to right, Joseph Winters, loyal knight; John Walters, leading knight; Smith Lantz, lecturing knight; second row, Joe Mechem, trustee; Don Butler, esquire; James Smith, inner guard; Francis Croston, tyler; William Tects, trustee; back row, Howard Fulk, Ross Sowers and Dewey Mumma, trustees. Absent for the installation were Tom Doyle, treasurer; and Ward Ashby, chaplain.

Following the ceremonies officers, their wives and friends were entertained at an informal buffet.

New Freeway Area To Open This Year

The National Freeway will be opened to the new Funzel bridge interchange with U.S. Route 40 by August or September weather permitting, it was announced by John D. Bushby, district 6 engineer for the State Highway Administration.

This would break the Frostburg bottleneck on the National highway and traffic would be able to move unrestricted from Baltimore to the west slope of Big Savage Mountain.

Mr. Bushby said the Cumberland Contracting Company division of Interstate Amnesite corporation was already on advanced work. April 15 is the "proceed" date for all contractors. Cumberland Contracting will concentrate its efforts on paving the Freeway from Route 36, back of Beall High School to the Midlothian road interchange. This would be able to handle local traffic by June. The company will then work on the remaining distance to Funzel road bridge.

The National Freeway will connect with Corridor E, the divided highways that leads from the Maryland - West Virginia line through Bruceton Mills to Morgantown and the subsequent intersection with interstate 79, a north-south highway that goes through Western Pennsylvania and through West Virginia.

West Virginia Highway Department has opened an 11 mile segment from Bruceton Mills to Hazelton and will complete the 11.25 mile stretch to the Maryland-West Virginia line in September. But these 11.25 miles will not be able to be used until Maryland completes the stretch from the border to the U.S. Route 219 interchange in Keyser Ridge area. Mr. Bushby said this should be done by the first of 1975.

The remaining 11 miles of Corridor E from Hazelton to Cheat Lake should be opened early this year. There will be an intersection of Corridor E with West Virginia Route 73, at the lake.

What will hold up the completion of Corridor E is the construction of a large bridge across Cheat Lake. The contractor is working on the sub-structure, and the span is to be completed in 1976.

The government said 60 percent of the welfare funds surplus is unspent.

Half the town of Zema, Ohio, was wiped out by a tornado in early April.

Couple To Wed

Mr. and Mrs. Ward Savage, McHenry, announce the engagement of their daughter, Betty Fay, to Terrell Clayton Frazee, son of Mr. and Mrs. Clayton M. Frazee, Friendsville.

Miss Savage is a graduate of Northern High School. Accident, and is employed by IBMI, Oakland. Mr. Frazee is also a graduate of Northern High and is employed by the State Highway administration in Accident.

A summer wedding is planned.

Mental Health Offices Moved

Mental Health Services of the Garrett County Health Department have moved to the Garrett County Professional Building, adjacent to the hospital. The phone number is 334-8191.

The Mental Health staff consists of Mary L. Love, Director; Mary Ann Savage, psychologist; Becki Bolyard, social worker, and Jessie McCullough, Human Services aide. Psychiatric consultation is provided by Dr. Anthony de Munecas, Cumberland, and social work consultation by Lucile Miser, Aurora.

Mental Health Services are available to all residents of the county. The program is supported primarily by a Community Mental Health Services grant from the Maryland Department of Health and Mental Hygiene.

Scott Ward, Director of Youth Counseling Services, also has an office in the new building but the Youth Counseling Walk-In office, staffed by Linda Shuttlesworth and Don Mitchell, remains on Third Street.

Some 1,620 passengers from a standard luxury liner were safely landed in Bermuda in early April.

Church Gets Four New Area Workers

Assignment of four new church representatives to serve in the local area were announced by Charles C. Butler, president of the Deep Creek branch of the Church of Jesus Christ of Latter-day Saints of the Delaware-Maryland Mission. They are Elder and Sister Jorgensen, Logan, Utah; Sister Kotowski, Garden Grove, Cal., and Sister Bjarson, San Diego, Cal.

All four have been serving in the Blue Ridge district for several months. The four will be working with interested families to establish a family home evening program, in home of member and non-member families as a means of helping to prevent further breakdown of the family units and placing emphasis on the importance of the individual and the family unit. The program is a one night a week gathering.

This type of program has been a part of the Latter-day Saint church for over 50 years which is now being shared with people of all faiths in helping prevent family decay.

Mr. Butler said the Deep Creek chapel of the church is nearing completion at 1022 John Drive between 10th and 11th streets, north of Dennett Road.

NEW REPRESENTATIVES—Four persons were recently assigned as representatives of the Church of Jesus Christ of Latter-day Saints in the local area. Left to right they are Elder and Sister Jorgensen, Sister Kotowski and Sister Bjarnson.

AMERICAN FREEDOM
and
CHRISTIAN RESPONSIBILITY
... AS I UNDERSTAND IT.

By

Rev. W. H. Leake, Deer Park, Md.

Jesus said "You shall know the TRUTH and the TRUTH shall make you free." Abraham Lincoln said, "To remain silent when we should protest makes cowards of us all." Tom Anderson said "Silence is not always golden sometimes it's just plain yellow."

The Communists know and have said that all they need to capture America is to destroy the morals of one generation of our youth. The American home in general and our youth in particular are under satanic attack today as never before. These attacks come sometimes in subtle disguise; for instance, it has been rumored that at a recent workshop on the needs of Garrett County Youth (sounds good) through panel discussion etc. girls were told that the "Pill" was available at any age without parental knowledge or consent, the same was indicated concerning abortion and they were also informed that legal assistance would be available (at no cost) to those who "get into trouble with their parents." If the above is not true, then let the powers that be deny them categorically and point by point (not cover them with WHITE WASH). REMEMBER PARENTS IT IS OUR CHILDREN AND THEY DO NOT HAVE A CHANCE WITH THESE TRAINED MASTERS OF DECEIT. IF WE DON'T STAND UP FOR THEM, PRAY TELL WHO WILL?

Next week — more on the "attack of our youth." Anyone, parent or student, having any knowledge of this kind of activity, please call, write, or come by to see me; if desired, I will not reveal any names or sources of information.

In closing, parents, let me ask you, are you aware of the fact that a Grand Jury investigation of our local High School a couple of years ago, found that 70% OF THE STUDENTS WERE USING DRUGS OR HAD EXPERIMENTED WITH THEM? One wise man said "all that is necessary for the triumph of evil is that good men do nothing." What will you do?

OPEN LINE

By
Congressman Goodloe Byron
Maryland—Sixth District

This regular column serves as another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever typical of the kind asked of me happens to be on your mind. Letters should be sent to me, c o U. S. House of Representatives, Washington, D. C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were Typical of the kind asked of me in recent weeks:

How did you vote on the Elementary and Secondary Education Act and also the busing amendment to that bill?

I supported passage of the Elementary and Secondary Education Act including an amendment to prohibit any appropriated funds from being used for busing to achieve school desegregation. The amendment passed the House 239-168 and the entire bill extending the Education Act through fiscal 1977 passed 380-26.

In relation to your recent questionnaire how many constituents said Congress was leaving too many decisions up to the President?

Approximately 70 per cent of the survey respondents felt that Congress has delegated too many decision-making powers to the Executive Branch of government, 26 per cent disagreed with that assessment and 4 per cent were undecided.

What is Congress doing to revise the fuel allocation program so as to insure a more equitable distribution of fuel?

The House and Senate are currently holding hearings on the nation's mandatory fuel allocation program in an attempt to insure the future fair distribution of fuels. At the same time, the Federal Energy Office is considering revisions in the program including modifications in refinery allocation regulations and a streamlining of procedures through which distributors can appeal for additional supplies.

In light of the high cost of food, several families in our area have decided to grow their own vegetables this year. I'm wondering, are there any government publications on this subject you could send us?

Yes. The Agriculture Department has several booklets which might be of interest to you including its bestseller, 'Growing Vegetables in the Home Garden'. If you don't have room for a full-fledged garden, you'll find instructions for growing vegetables in windowsills, on balconies or patios in a 12-page guide called 'Minigardens for Vegetables'. Copies of the Consumer Information Index which includes ordering instructions these two booklets, and dozens of other gardening publications, is available free from my office here in Washington.

What deficit costs are estimated for oil imports over the next ten years?

A study prepared by the Congressional Joint Committee on Atomic Energy cites projections of $14 billion in deficit costs for oil imports in 1975, $30 billion by 1980 and $54 billion by 1985. These figures, however, are quite conservative since the report was issued prior to the Arab embargo and subsequent price increases recently declared by the Middle East oil producing countries.

DIED

ALTON R. FORTNEY

Alton Ree Fortney, Sr., 69, of Warnick Avenue, Bloomington, died Wednesday, April 3 at Potomac Valley hospital, Keyser.

Grantsville News

The Maple Grove Church of the Brethren, Grantsville, will present an Easter cantata, "The Risen King," at an Easter Sunrise service at 6:30 o'clock. The cantata was written and directed by Mrs. Preston Miller. Participating will be Rose Lee Folk, narrator; Rev. Preston Miller, portraying Jesus; Donna Miller as Mary Magdalene; Larry Miller as Judas; Ezra Yoder as Pilate and Stephen Folk as Pilate's steward.

A number of others will participate. Martin Miller is in charge of lighting. Following the cantata breakfast will be served in the church social room with Mary Jane Wisor and Betty Beachy in charge.

The Garrett County Cancer drive will be in effect during the month of April, with Fern Epstein as chairman. Workers are Alice Younkin, Audrey Kinsinger, Kay Durst, Cleda Baker, and Fern Epstein.

Mr. and Mrs. Marvin Beachy are the parents of a son, David Eugene, born at Sacred Heart Hospital, Cumberland. The Beachys have another child, Mary Kay. Mrs. Joseph Delaney is the maternal grandparent and Mr. and Mrs. Elmer Beachy are the paternal grandparents.

The Youth of the Cherry Grove Church of the Brethren are sponsoring a Good Friday Service on Friday evening, Rev. Preston Miller as speaker and the Maple Grove Church Choir will furnish special music at 7:30 o'clock. The newly built church is located on 219 on the Salisbury road. The Rev. Earl Harper is pastor.

The children of Mr. and Mrs. Elmer Beachy made it home at different times to observe their mother's birthday. They are Mr. and Mrs. Kenneth Stahl and sons Kenny, Jr., Dan, and Earl Berlin, Pa., Mr. and Mrs. Olen Beachy, and Mr. and Mrs. Marvin Beachy, Mary Kay, Grantsville.

Mrs. Audrey Faidley is a patient in Meyersdale Community Hospital.

The Women's Fellowship of the Maple Grove Church met at the church Tuesday afternoon. The devotions were in charge of Alice Younkin, her theme being "The Cross." Taking part were Mary Kamp, Doris Atwood, Jessie Miller, and Leafy Ohler. Plans were made for the Spring Rally in May. Eleven small comforts have been made, five school kits have been made to be filled with school supplies, and money is being collected to send two retarded children to camp. Napkins, plates, and cups will be supplied for the Easter Sunrise Service. The next meeting will be May 7, at 7:30 o'clock, with Melda Butler having the devotions, and Doris Atwood having refreshments.

The Light House Quartet from Clarkston, Mich., will present a special service of song at the Laughlin Church of the Brethren, near Grantsville on Amish Road, on Tuesday evening, April 16, at 7:30. A free will offering will be taken.

Aurora - Eglon

Erwin F. Burger, 63, died on April 2, in Frederick, where he had been a resident for the past few years. Formerly of Davis, he was born March 11, 1911 on Stemple Ridge, a son of the late Crandall and Florence Burger. He is survived by his wife, Jo Kosanic Burger of Frederick; one daughter, Mrs. Joe (Lola) Prince and two grandchildren, Frederick; one brother, Lawrence Burger, Eglon; two sisters, Mrs. Wade (Hazel) Iden, Cumberland, and Mrs. Fred (Edith) Thompson, Barberton, Ohio. The body was taken to the Hinkle Funeral Home in Davis from where services were conducted Friday by Rev. Harley Baldwin, with interment in the Davis cemetery.

Mr. and Mrs. Herman Paugh, Benbush, announced the birth of their second child and daughter, Sharon Marie, on March 29, at West Virginia University Medical Center. Mrs. Paugh is the former Ellen Snyder, daughter of Mr. and Mrs. Frank Snyder, Aurora, and Mrs. Charles Paugh, Benbush, is the paternal grandmother.

April 21 there will be a feature film starring Don Murray, "The Confessions of Tom Harris" shown at the Maple Spring Church of the Brethren at 7:30 p.m. Donations of $1.50 will be asked to defray the expenses of the film.

Tuesday, April 2, the Eglon Homemakers met at the home of Mrs. Mergil Fike. The club will be co-sponsors of a representative from Aurora High School to Rhododendron Girls State at Jacksons Mill in June. It will also sponsor the Cancer Crusade in this area during April. A book report, "How to Keep House," by Mary Gilkes was given by Mrs. Lorraine Fike. Special features were crocheted items made by the hostess — doilies, cushion covers, and an afghan and vest. The lesson, "The Hearings Game," which concerned the appropriate way to go about getting an opinion expressed at a public hearing, was taught by Mrs. Carolyn Wilt with discussion, a game book, and role playing to stress the points of the lesson. Refreshments were served by the hostess.

There will be a shooting match at the Lantz Ridge Community Building on April 20 at 11 a.m. Ammunition will be furnished and hams, turkeys, and chickens will be awarded. Refreshments will be sold. This is being sponsored by the Aurora High School Honor Society.

On March 28 the Mt. View No. 14 Lodge of the Rebekahs was hostess to visitors from the Kingwood Prestons Pride, No. 24 and Newburg White Mt. No. 63 lodges. March birthdays celebrated were for Gladys Harsh and Tessie Wright. There were recreation and refreshments.

A stork shower, honoring Mrs. William (Carol) Duling, was held March 30 at the home of Mrs. Judy Paugh, Aurora, with Mrs. Joan Reeves, a co-hostess. There were games and refreshments with the decorated cake theme of pink and blue baby booties. Attending were Helen McMullen, Doris Adams, Deanna Arnold, Sheila Sisler, Jane Kitzmiller, Phyllis Adams, Loretta Snyder, Jeanette Adams, and Marguerite Shaffer.

Last Thursday night April 4, the Mt. Lions Club met at the Aurora High School. Rev. Tom Miller, chaplain at the Huttonsville Correctional Center, and four inmates of the institution, presented a program on drug abuse. The meal was served by the Sophomore class of Aurora High School.

Mr. and Mrs. William Duling, Brookside, announced the birth of twins, a boy and a girl, Michael and Michelle, at Preston Memorial Hospital on April 3. The mother is the former Carol Shaffer, daughter of Mr. and Mrs. Ernest Shaffer, Brookside, and Mrs. Marguerite Ashby, of Crellin, is the paternal great-grandmother.

A surprise birthday dinner was held Sunday, April 7, at the home of Mrs. Faith White in Rayland, Ohio. Honoring her 80th birthday, the affair was hosted by her children and there were approximately 75 attending. Twenty-two members of the family had been honored previously while attending church. Brothers and sisters attending from this area were Mr. and Mrs. Harold Harsh, Mrs. Olive Beekman, and Mrs. Mildred Wilt. Mrs. Wilt returned to Eglon with the Harshes from a week's visit with her son-in-law and daughter, Mr. and Mrs. Gene Simpson, at Martins Ferry, Ohio.

A birthday dinner honoring Carol Duling was hosted by her parents, Mr. and Mrs. Ernest Shaffer on March 31st. Attending were her husband, William Duling, and sons, Mr. and Mrs. Ron Paugh and Charlotte, Elliott and Donna Shaffer, and her grandmother, Mrs. Etta Shilling-burg.

Mr. and Mrs. Brian McMullen and Carol visited last weekend with her mother, Mrs. Eva Sanders, and other relatives in Aurora.

Mr. and Mrs. James Teets of Aurora, spent last weekend in Columbus, O., visiting with Mrs. Teets' parents, Mr. and Mrs. Harold Winters.

Mr. and Mrs. Julian Tackett and Tammy, West Milton, O., were guests this weekend with Mrs. Tackett's parents, Mr. and Mrs. Harley Shilinghurg, in Brookside.

Weekend guests of Mr. and Mrs. Artenis Harsh, Eglon, were their son-in-law and daughter, Mr. and Mrs. Merrill Flory, and Linda and Gary, Fairborn, Ohio.

Sgt. Vo Tan Kahn, a member of the Vietnam Air Force and presently studying at the EOD School at Indian Head, visited this weekend with Mr. and Mrs. Wade J. (Jim) Hauser. From Saigon, Sgt. Vo Tan Kahn and Mr. Hauser had previously been acquainted there and he was brought to Aurora and returned to his base by Mr. Hauser.

Mr. and Mrs. Larry Buckley and family, Dover, Del., and Johnny Beekman, Hutchison, Kans., visited last week with their mother, Mrs. Olive Beekman, Aurora, and with her sister, Mrs. Avonell Roth, Eglon, and Mr. and Mrs. Bernard Arnold, in Brookside.

Mrs. Florence Kimmell, Keyser, formerly of here, received word recently of the death of her sister in London, England.

National FHA Week

March 31 through April 6 was observed by Aurora chapter of Future Homemakers of America as national FHA week. Project this year was "Youth Cares." A student "adopts" a shut-in and gifts them on special days, writes them and visits. The club had two during the year. A bake sale is set for Good Friday at Proudfoot's Pharmacy, and the members will serve the FFA parent-son banquet on April 19. A mother-daughter banquet is set for May 10. Awards will be given and an FHA "beau" will be chosen from FFA members.

May Fellowship To Be Observed

May Fellowship Day will be observed by Church Women United on Friday, May 3, continuing the tradition of meeting on the first Friday of that month to emphasize creative relationships that are possible among people in every community.

"Explore New Paths" is the theme. In local units the women will look at aspects of finding new careers in their communities through job market surveys, sources of grants, scholarships and loans for training of specialized persons for self-development projects, career counseling, etc.

Mrs. Peg Skiles, Garmania, is in charge of the local unit celebration to be held at White United Methodist church Friday, May 3, 10:30 to 2:30. A luncheon will be served at 12:15 by ladies of the host church. Reservations may be made with Mrs. William G. Mousch by Monday, April 29.

A rehearsal for participants will be held Friday, April 26, at 1:30, at the church.

Church Women United is a national movement of Protestant, Roman Catholic, and Orthodox women. Persons of all faiths are invited to the celebration.

IN MEMORIAM

In memory of Charles Strawser, who passed away April 14, 1968.

In the sky above
With God and all his love,
There with him, six years today
you've been.
The time was Easter then and
now.
You left so suddenly for that
other shore.
God was waiting at the golden
door.
Dad, just a little more time to
wait,
Then we'll meet you at the
pearly gate.

Sadly missed by his
Wife, Nelda, Daughters
And Son and Families

memo to advertisers

NOW YOU SEE IT... NOW YOU DON'T

But pay as though you did?

We don't believe advertisers should have to play guessing games with circulation figures. The facts are too important to the effectiveness of their sales messages and the cost of advertising space.

To eliminate the element of chance, our facts and figures are audited and verified by the Audit Bureau of Circulations. Through an audit report, ABC tells us and our advertisers exactly how much circulation we have, where it is distributed, what readers pay, and the answers to many other questions about our circulation audience.

Don't guess—ask to see a copy of our latest audit report. Be ABC-sure!

SEALED BIDS will be received at Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland 21201, until 11:00 a.m. (E.D.T.) on Tuesday,

APRIL 30, 1974

for the purchase of the above bonds, all being dated June 1, 1974, all bearing interest payable annually on January 1, all issued under the provisions of Sections 31 to 37, inclusive, of Article 23A of the Annotated Code of Maryland (1957 Edition, as amended), and all maturing, on January I as follows:

Years of Maturity	Annual Amounts
1976 - 1983, incl.	$2,000
1984 - 1990, incl.	3,000
1991 - 1995, incl.	4,000
1996 - 1999, incl.	5,000
2000 - 2002, incl.	6,000
2003 - 2005 incl.	7,000
2006 - 2008, incl.	8,000
2009 and 2010	9,000
2011 and 2012	10,000
2013 and 2014	11,000

The proceeds of the sale of these bonds will be used to finance the construction of extensions of and improvements to the water system of the Town.

It is the intention of FARMERS HOME ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE (FHA), to purchase the bonds if no acceptable bid is received at public sale of the bonds. If the bonds are sold to FHA, principal and interest will be paid by the Town directly to FHA without assistance of a paying agent. If the bonds are not sold to FHA, principal and interest will be paid at the principal office of First National Bank of Oakland in Oakland.

Bonds will be issued in coupon bearer form in the denomination of $1,000 (or, if sold to FHA, in fully registered form in denominations of $1,000 or any whole multiple thereof). Bonds may be converted into fully registered bonds or reconverted into coupon bonds at the expense of the holder or registered owner.

The bonds maturing on or after January I, 1986, are subject to redemption as a whole or in part, and if in part, in the inverse order of maturities, on January I, 1985, or on any January 1 thereafter, on at least 30 days' notice at par plus a premium of one-quarter (¼) of one per centum (1%) of the principal amount thereof for each full 12-month period from the date fixed for redemption to the maturity dates of the bonds to be redeemed. Bonds registered in the name of "United States of America, Farmers Home Administration" shall be redeemable at any time at par without premium or penalty. If less than all of the bonds of any one maturity shall be called for redemption, the particular bonds to be redeemed shall be selected by lot by the Town.

Bids should be submitted on the form accompanying the Official Statement and should be enclosed in a sealed envelope addressed to "The Town of Friendsville, Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland."

Bids shall be accompanied by a certified check upon, or a cashier's or treasurer's check (or other equivalent direct obligation of) a responsible banking institution, payable to "The Town of Friendsville" for $4,000. This provision shall not apply to FHA. The check of the successful bidder will be collected and the proceeds thereof retained to be applied in part payment for the bonds, and no interest will be allowed upon the amount thereof, but, in the event the successful bidder fails to comply with the terms of its bid, the proceeds of such check will be retained as and for full liquidated damages. The checks of the unsuccessful bidders will be returned promptly.

Bidders must bid at least par for the bonds and must specify the rate or rates of interest to be paid thereon, not exceeding five and one-half per centum (5½%) per annum, in multioles of one-eighth (⅛) or one-tenth (1/10) of one per centum (1%). Bidders may specify more than one rate of interest to be horne by the bonds, but the bonds of any given maturity must bear interest at the same rate. The right is reserved to reject any and all bids,

Bids will be onened promptly after 11:00 a.m. (E.D.T.) on the date of sale. The award, if made, will be made promptly after the bids are opened to the bidder offering the lowest net interest cost to the Town, such interest cost to be determined hy computing the total interest to maturtiy on all of the bonds and deducting therefrom the premium bid, if any; provided, however, that if two or more bidders offer to purchase the bonds at the same lowest net interest cost, then the award may be made in a ratable portion among such bidders, with their consent, or the award may be made to one or the other of such bidders.

Upon nayment of the amount of the successful bid, together with accrued interest, less the deposit theretofore made, the honds will he delivered as soon as praticable, upon due notice, to the purchaser in Baltimore City, Maryland. Delivery elsewhere will be at the expense of the purchaser.

The bonds described herein are general obligation bonds of the Town and will constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the Town.

The issuance of said bonds will be subject to legal approval hy Messrs. Piper and Marbury, Baltimore, Maryland, and conies of their opinion will be delivered upon request, without charge, to the successful bidder for the bonds. There will also he furnished the usual closing papers, including a certificate stating that there is no litigation pending affecting the validity of the bonds.

A financial statement concerning the Town, the required form of proposal and other data in reference thereto as may he desired, will be sunnlied to prospective bidders upon request made to the Clerk-Treasurer, Town Office, Friendsville, Maryland 21531.

HEYWARD S. CUSTER, HAROLD FRIEND AND STANLEY MILLER, TRUSTEES OF THE GLENDALE ASSEMBLY OF GOD
VS
THE UNKNOWN HEIRS, DEVISEES AND PERSONAL REPRESENTATIVES OF JOHN H. FRIEND AND PETER BOWSER
NO. 6453 EQUITY
IN THE CIRCUIT COURT
FOR GARRETT COUNTY, MARYLAND

ORDER OF PUBLICATION

The object of this suit is to obtain a decree declaring absolute ownership of a parcel of land situate in Election District No. 6, Garrett County, Maryland, to be vested in the Plaintiffs, and that the heirs, devisees and personal representatives of John H. Friend and Peter Bowser be enjoined from asserting any claim to said Military Lot. The bill states:

That by deed dated October 1, 1936, and recorded in Liber No. 114, folio 57, one of the Land Records of Garrett County, Maryland, the Garrett County Board of Education conveyed to John H. Friend and Peter Bowser, Committee, their successors and assigns, a parcel of land situate in Election District No. 6, containing ½ acre, on which was located an old rural school, certified copy of said deed being attached hereto and prayed to be taken as a part hereof, that the congregation of Glendale Assembly of God Church is in constructive and peaceful possession of said ½ acre parcel and said old school building and have occupied and used the same for church purposes since 1936; that the congregation of the Glendale Assembly of God Church has voted to embark upon a construction program and desire to purchase adjoining land from A. Harland Beckman; that the said A. Harland Beckman has advised your Orators that he had heard that your Orators do not have a good and marketable title to said ½ acre lot and said school house, but that same is owned by the heirs of the said John H. Friend and Peter Bowser, and he further advised your Orators that he will not sell the additional land until the title to said ½ acre lot has been judicially determined, that the said John H Friend and Peter Bowser are both deceased. That there was no administration on the estate of either the said John H. Friend or Peter Bowser in the Orphans' Court for Garrett County, Maryland, and therefore, the heirs, devisees and personal representatives of the said John H. Friend and Peter Bowser can not be determined; that there is no action of law or proceeding in Equity to enforce or test the validity of the title to said ½ acre parcel; that the contention of the said A. Harland Beckman and the person from whom he received his information are without merit and constitute a cloud upon the title of your Orators.

It is thereupon ORDERED this 26th day of March, 1974, by the Circuit Court for Garrett County, Maryland, in Equity, that the Plaintiffs by having a copy of this order to be inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 19th day of April, 1974, giving notice to the unknown heirs, devisees and personal representatives of John H. Friend and Peter Bowser, of the object and substance of the Bill of Complaint and warning them to be and appear in this Court either in person or by an attorney on or before the 20th day of May, 1974, to show cause, if any they may have, why a decree should not be passed as prayed.

Fisheries Administration

NOTICE
OF
PUBLIC HEARING

A public hearing will be held at 7:30 p.m., Wednesday, April 17, 1974, in the Tawes State Office Building, 580 Taylor Avenue, Annapolis, on proposed changes to certain crabbing regulations. The proposed adoption of the regulations is pursuant to Natural Resources Article, Title 4, Sect. 863, Annotated Code of Maryland (1974 Volume).

Changes in regulations governing "Crab Pots-Statewide" are proposed in Section B.

In paragraph three, the following language shall be omitted: "thence southeasterly to BW Buoy N41B, thence continuing along same course to Pooles Island Light; thence southwesterly to Buoy N2A, thence northeast to BW Buoy N40B; thence to BW Buoy N2B. . .

Also, "thence northerly along shore to Lowe's point" to be amended to read "thence northerly along shore to Wade's Point."

Also, "thence in a straight line in a northwesterly direction to Bloody Point" be amended to read "thence in a straight line in a northwesterly direction to Buoy R2A; thence westerly to Kent Point."

Also, "thence to northwest of East Neck Island" be amended to read "thence to Cedar Point of East Neck Island."

Also, "thence to Worton Point" be amended to read "thence along shore to Worton Point."

And, "thence to Meeks Point" be amended to read "thence along shore to include area known as Still Pond to Meeks Point."

Finally, the last sentence stating "Provided, however, that nothing in this regulation shall be construed to prevent the continued use of such devices for the taking of crabs as are being legally operated in Apes Hole, Johnsons Creek, Marumsco Creek and Little Annemessex River in Somerset County during the remainder of the 1943 crab season only, and provided further that nothing in this regulation shall be construed to permit the use of crab pots or any similar devices in the waters of Worcester County." be omitted from the regulation.

Section K is proposed to be added to regulation "Crab Pots —Statewide. It would state: "It is lawful to set crab pots of a size and construction as set forth in this regulation, in the waters of Chincoteague Bay, Sinepuxent Bay, Isle of Wight Bay, and Assawoman Bay and their tributaries in Worcester County, but the number of crab pots fished per boat shall not exceed one hundred (100)."

Regulation 8.02.03.03 permitting taking of "Egg-bearing female crabs in Worcester County" would be rescinded.

Copies of the proposed changes will be available at the hearing and further information is available by contacting the Department of Natural Resources, Fisheries Administration, Annapolis.

The proposed changes would take effect April 30, 1974.

APPLICATION FOR STATE OF MARYLAND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT TO DISCHARGE TO STATE WATERS

Public Notice Number: MDP-74-015.

Public Notice Issue Date: April 11, 1974

The following companies have applied for a State of Maryland NPDES permit to discharge the described wastes into the described receiving waters. On the basis of approved discharge restrictions, the State of Maryland proposes to issue permits to the following:

Application No: MDP-73-406
The Upperman Coal Company, Deer Park, Maryland has applied for a State of Maryland NPDES Permit to discharge wastewaters into the waters of the State.

The applicant is engaged in the strip mining of coal. The discharges described in the application are effluents from sediment basins collecting strip mine drainage. The discharge is to Laurel Run and Trout Run, south of Deer Park, Maryland. The receiving waters are classified for water contact recreation, for fish (natural trout waters), other aquatic life and wildlife.

Application No: MDP-73-436
Bittinger Coal Company, Grantsville, Maryland, has applied for a State of Maryland NPDES Permit to discharge wastewaters into the waters of the State.

The applicant is engaged in the strip mining of coal. The discharges described in the application are effluents from sediment basins collecting strip mine drainage. The discharges are to an unnamed tributary of North Branch, Casselman River, west of Jennings, Maryland. The receiving waters are classified for water contact recreation, for fish (natural trout waters), other aquatic life and wildlife.

On the basis of preliminary review and application of lawful standards and regulations, the Maryland Water Resources Administration proposes to issue permits to the above specified industries, to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

The Maryland Water Resources Administration will hold a public hearing at the time and place stated below.

Date: Wednesday, May 15, 1974
Time: 11:00 a.m.
Place: Westernport City Council meeting room, City Hall, Westernport, Maryland

The issue to be considered at the hearing is whether or not water quality or related environmental factors require effluent limitations or additional requirements other than those proposed.

Persons wishing to comment on the proposed determinations are invited to submit a statement to the Director, Water Resources Administration, no later than five days preceding the public hearing, or to be present or represented at the public hearing, or both. All comments and suggestions will be considered in the formulations of final determinations regarding the application. Parties making presentations at the hearings are urged to address the issue stated in this notice. Oral statements will be heard, but, for the accuracy of the record, all important testimony should be submitted in writing. Oral statements should summarize any extensive written material to allow time for all interested parties to be heard.

The application, fact sheets, related documents, proposed effluent limitations and special conditions, comments received, and other information are on file at the office of the Water Resources Administration, Department of Natural Resources Building, Highland Estates, Nave Crossroads, Cumberland, Maryland 21502. These documents may be inspected, and arrangements made for copying between 8:30 a.m. and 4:30 p.m. Monday through Friday except during State holidays. Fact sheets and further information may be obtained by writing to the above address or by calling 301-724-8530.

Please bring the foregoing matter to the attention of persons whom you know would be interested in this matter.
—Adv. 6-1t.

NOTICE OF SALE
THE TOWN OF ACCIDENT, MARYLAND
$150,000
Accident Water and Sewer Bonds of 1974

SEALED BIDS will be received at Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland 21201, until 11:00 a.m. (E.D.T.) on Tuesday,

APRIL 23, 1974

for the purchase of the above bonds, all being dated June 1, 1974, all bearing interest payable annually on January 1, all issued under the provisions of Sections 31 to 37, inclusive, of Article 23A of the Annotated Code of Maryland (1957 Edition, as amended), and all maturing, on January 1 as follows:

Years of Maturity	Annual Amounts
1976 - 1978, incl.	$1,000
1979 - 1988, incl.	2,000
1989 - 1996, incl.	3,000
1997 - 2001, incl.	4,000
2002 - 2005, incl.	5,000
2006 - 2008, incl.	6,000
2009 - 2011, incl.	7,000
2012 - 2014, incl.	8,000

The proceeds of the sale of these bonds will be used to finance a portion of the cost of the development and construction of water and wastewater systems for the Town.

It is the intention of FARMERS HOME ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE (FHA), to purchase the bonds if no acceptable bid is received at public sale of the bonds. If the bonds are sold to FHA, principal and interest will be paid by the Town directly to FHA without assistance of a paying agent. If the bonds are not sold to FHA, principal and interest will be paid at the principal office of Garrett National Bank in Oakland, Maryland.

Bonds will be issued in coupon bearer form in the denomination of $1,000 (or, if sold to FHA, in fully registered form in denominations of $1,000 or any whole multiple thereof). Bonds may be converted into fully registered bonds or reconverted into coupon bonds at the expense of the holder or registered owner.

The bonds maturing on or after January 1, 1986, are subject to redemption as a whole or in part, and if in part, in the inverse order of maturities, on January 1, 1985, or on any January 1 thereafter, on at least 30 days' notice at par plus a premium of one-quarter (¼) of one per centum (1%) of the principal amount thereof for each full 12-month period from the date fixed for redemption to the maturity dates of the bonds to be redeemed. Bonds registered in the name of "United States of America, Farmers Home Administration" shall be redeemable at any time at par without premium or penalty. If less than all of the bonds of any one maturity shall be called for redemption, the particular bonds to be redeemed shall be selected by lot by the Town.

Bids should be submitted on the form accompanying the Official Statement and should be enclosed in a sealed envelope addressed to "The Town of Accident, Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland."

Bids shall be accompanied by a certified check upon, or a cashier's or treasurer's check (or other equivalent direct obligation of) a responsible banking institution, payable to "The Town of Accident" for $3,000. This provision shall not apply to FHA. The check of the successful bidder will be collected and the proceeds thereof retained to be applied in part payment for the bonds, and no interest will be allowed upon the amount thereof, but, in the event the successful bidder fails to comply with the terms of its bid, the proceeds of such check will be retained as and for full liquidated damages. The checks of the unsuccessful bidders will be returned promptly.

Bidders must bid at least par for the bonds and must specify the rate or rates of interest to be paid thereon, not exceeding five and one-half per centum (5½%) per annum, in multiples of one-eighth (⅛) or one-tenth (1/10) of one per centum (1%). Bidders may specify more than one rate of interest to be borne hy the bonds, but the bonds of any given maturity must bear interest at the same rate. The right is reserved to reject any and all bids.

Bids will be opened promptly after 11:00 a.m. (E.D.T.) on the date of sale. The award, if made, will be made promptly after the bids are opened to the bidder offering the lowest net interest cost to the Town, such interest cost to be determined by computing the total interest to maturity on all of the bonds and deducting therefrom the premium bid, if any; provided, however, that if two or more bidders offer to porchase the bonds at the same lowest net interest cost, then the award may be made in a ratable portion among such bidders, with their consent, or the award may be made to one or the other of such bidders.

Upon payment of the amount of the successful bid, together with accrued interest, less the deposit theretofore made, the bonds will be delivered as soon as practicable, upon due notice, to the purchaser in Baltimore City, Maryland. Delivery elsewhere will be at the expense of the purchaser.

The bonds described herein are general obligation bonds of the Town and will constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the Town.

The issuance of said bonds will be subject to legal approval by Messrs. Piper and Marbury, Baltimore, Maryland, and copies of their opinion will be delivered upon request, without charge, to the successful bidder for the bonds. There will also be furnished the usual closing papers, including a certificate stating that there is no obligation pending affecting the validity of the bonds.

A financial statement concerning the Town, the required form of proposal and other data in reference thereto as may be desired, will be supplied to prospective bidders upon request made to the Clerk-Treasurer, Town Office, Accident, Maryland 21520.

ESTATE SALE

OF VALUABLE UNIMPROVED REAL ESTATE IN AND NEAR FRIENDSVILLE, MARYLAND

Under a Decree of the Circuit Court for Garrett County, Maryland, passed in No. 6386 Equity, which is titled in the matter of the Estate of Eldridge M. Coddington, the undersigned Administrators d.b.n.c.t.a. of the Estate of Eldridge M. Coddington will offer the following described real estate at public sale in front of the Court House for Garrett County in Oakland, Maryland, on

SATURDAY, MAY 4, 1974
AT 11:00 A. M.

All the right, title and interest of the Estate of Eldridge M. Coddington and those claiming by, through or under said estate, in and to the remaining portion of the Eldridge M. Coddington farm which was conveyed by Addie Coddington to Eldridge M. Coddington by deed dated March 28, 1927, and recorded in Liber E.Z.T. 95, folio 232, among the Land (Deed) Records of Garrett County, Maryland, reference to which deed is hereby specifically made for a more particular description of said property, including any contiguous property, the title to which has been acquired by the Estate of Eldridge M. Coddington under the doctrine of adverse possession. EXCEPTING, HOWEVER, all those portions of said property and rights-of-way which have heretofore been conveyed away to others, deeds for which have been duly recorded among the Land Records of Garrett County, Maryland, reference to which deeds, as well as rights-of-way of every nature and description, is hereby specifically made and incorporated herein as though set forth in totidem verbis, and also excepting any portions of said property, the title to which may have been acquired by others under the doctrine of adverse possession.

THIS PROPERTY IS UNIMPROVED AND IS ASSESSED IN ELECTION DISTRICT NO. 2 AS FOLLOWS:

41.24 ACRES - $2,065.00

No representation as to the number of acres being sold is being made. A plat of the property which was prepared by James E. Moran, Surveyor, dated June 16, 1972, shows the general outlines of the property, a copy of which map is filed in these proceedings. A portion of said property which was conveyed to the State Highway Administration is shown on State Highway Administration Plat No. 43346, a copy of which plat is also filed in these proceedings. A water line of the city water company runs through a portion of said property. Bear Creek is one of the boundary lines of a portion of the property. A number of county and other roads pass through portions of said property. A portion of the property is located adjacent to a cemetery and is susceptible for cemetery lot purposes and could be subdivided into additional cemetery lots. Most of the property could be used for residential subdivisions. Part of the property lies within the city limits of Friendsville, and this is one of the largest undivided tracts located near the city of Friendsville.

TERMS OF SALE: One-fourth cash or certified check on date of sale, balance upon final ratification of sale. Taxes shall be adjusted as of June 30, 1974. State stamps and recording taxes will be equally divided.

Supplemental Security Program Almost Complete

Project SSI-Alert, being conducted in the local Social Security District, is about two thirds completed. Project Director, J. Paul Ewing, in Garrett County, and coordinator Mrs. Romaine Franklin, in Allegany County, are working with many agencies to locate persons eligible to partticipate in the Supplemental Security Income Program.

The project is a campaign to provide information about supplemental security income to people 65 or older, blind, or disabled, who may be eligible for monthly payments under the new program.

Honored on 90th Birthday

Mrs. James P. (Estelle) Treacy was honored by her seven children on the occassion of her 90th birthday at the Holiday Inn in East Baltimore on Saturday, April 6. The inn's marquee outside proclaimed to all passers: "Happy 90th Birthday Estelle Treacy."

Mrs. Treacy (nee Rasche) was born in Oakland on April 8, 1884. She is the daughter of the late Henry A. and Kathryn Rowan Rasche. Mr. Treacy, an Oakland businessman for many years, died in 1951.

The occasion marked the first time the Treacy family had been together since 1916. In attendance were Lt. Col. William O., an Air Force officer stationed in Tokyo, Japan; Leo E. of Kensington; Mary C., of Tallahassee, Fla.; Estelle M., of Falmouth, Va.; Maurice F., of Baltimore; John T., of York, Pa., and James J., of Baltimore.

Congratulatory messages were received by Mrs. Treacy from Maryland Gov. Marvin Mandel and Baltimore Mayor William Schaefffer.

A blessing was asked by Lt. Col. William O. Treacy.

CARD OF THANKS

We wish to express our sincere thanks to the many friends, neighbors, and relatives for their kindness shown following the death of our mother, Mrs. Orpha Sines. Special thanks to Newman Funeral Home and Rev. Eugene Thayer.

Why I Feel Qualified to Serve as Garrett County Commissioner:

1. Education — For a position that handles more and more problems under increasingly complex conditions.
2. Know the County — Few people know the geography, roads, and agriculture of this county as well as I, after many years of veterinary practice.
3. Recreation Industry — I am well informed about our recreation industry, which is so important to the County well-being.
4. Common Sense — In this day and age, imagination and common sense are perhaps most important in government.

Over the years, working with the people of this County, I have been impressed with the wisdom of so many, who have not had much formal education. Comments from any citizens of this County will be appreciated. All funds in this campaign will be my own. Thank you,

THE REPUBLICAN

VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. APRIL 18, 1974 | PER COPY 15c | NUMBER 7

How Far to Go? . . .

About the time our Constitution was being drafted some 200 years ago, notes a Montana Chamber of Commerce publication, Alexander Tyler wrote a book about the Athenian Republic. He predicted that "No democracy can survive because of the eventual greed of its people." He continued: "A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves 'largesse' from the public treasury. From that moment on, the majority will always vote for the candidates promising the most benefits from the public treasury, with the result that a democracy always collapses over loose fiscal policies and is always followed by a dictatorship."

How far is this country from the brink? And is it too far along the way to turn back? These are questions to be answered before it is too late.

Spring, Winter Gale Winds Visit Mountain Top

A touch of spring, a touch of winter and a touch of gale force winds passed over the Mountain Top during the past week. The gale winds which accompanied Sunday evening's thunder storms apparently did little damage in the area although tornado warnings were in effect in nearby localities. Snow flakes were flying in the air Tuesday. There was a heavy frost yesterday morning.

The variable cloudiness of Thursday and Friday gave way to heavy rains early Saturday when .7 inch fell. Partly cloudy skies of Saturday afternoon and Sunday morning, again gave way to some showers late Sunday morning. Late Sunday afternoon the series of thunder storms began with winds of 45 miles per hour and stronger at times. It was cloudy with a light mist Monday morning. It has been partly cloudy to clear since with the exception of some snow flakes drifting from the sky Tuesday morning.

Daytime temperatures averaged 63.9 or just 3.5 degrees above normal. The highest was 75 degrees Sunday and Monday. Tuesday was cool with a high of only 50 degrees. Nighttime readings averaged just normal, 34 degrees. The two lowest readings were last Thursday and yesterday with 22 degrees.

Precipitation amounted to .9 inch or about a tenth below normal.

Results Of Lincoln Day Questionnaire Noted This Week

Results of the questionnaire given out to those attending the annual Lincoln Day dinner April 6 were released this week by Thomas Butscher, master of ceremonies.

To the question, should President Nixon resign, 20 responded with yes and 147 with no. Fifteen voted yes and 151 no on the second item, which asked if the president should be impeached.

Some 153 responded with yes to the statement that 'I still have faith in the Nixon administration' while only 32 voted no.

Results of the questionnaire were compiled and forwarded to the White House immediately following the dinner. U.S. Senator Ted Stevens, Alaska, who delivered the Lincoln day address to the nearly 400 present, will aid in distributting the results to other interested persons.

Pair Are Picked Up In Drug Raid

Following a drug raid last Saturday morning near Bittinger, two persons were picked up and later released on bail on two drug charges and a charge of maintaining a nuisance house.

Joseph Harshman, Jr., about 25, and wife Penelope Ann Harshman, about 24, living on State Route 495 near Bittinger, P.O. address R.D. 2, Swanton, have been charged with possession of marijuana, manufacture of marijuana and maintaining a nuisance house.

Both were released from the Garrett County Jail Sunday after posting $500 cash bond, pending trial, the date for which has not been set.

Police said they confiscated marijuana plants, marijuana and pipes.

Participating in the raid were State Troopers 1 c., D. E. Tharp and R. E. Friend, along with a deputy from the Garrett County Sheriff's office.

Deer Park Firemen Respond To 27 Calls During 1973

Deer Park firemen answered a total of 27 fire calls last year, according to a report made public this week by company fire chief Robert Thrasher.

Deer Park also responded to three mutual aid calls and two service and rescue calls, logging a total of 172 miles to fires and 710 manhours during the year.

Estimated property loss due to fires was $30,000.

There were four false alarms to the Deer Park volunteer company during 1973.

Deer Park has 33 firemen, two pumpers, a brush truck and an equipment wagon.

Officers in addition to chief Thrasher are Glen O'Brien, president; George Fizer, vice-president; George Comp, secretary, Tom Beckman, treasurer; Rolland Schock, first assistant; Ron Savage, second assistant, Ron O'Brien, captain; and John R. Thrasher, chaplain.

W. Wayne Graham, Charleston, State Manager of West Va.-West Maryland Woodmen of the World Life Insurance Society, and three field representatives, Larry Lilly, Princeton; John Forman, Oakland; and Ernest Savage, Friendsville; have qualified for the President's Club and have won a trip to Boston, Massachusetts.

During 1973 Mr. Lilly issued more than a million dollars in protection. Mr. Forman issued over three quarter million and Mr. Savage a half million. They and their wives will be honored at the meeting in Boston, in June, along with the other leaders of the Society.

Commissioners Approve Nine Budgets So Far

Fiscal 1975 Budgets For 30 Agencies Submitted

The County Commissioners approved nine budgets at a regular meeting of the board on Monday, including judicial, legal, finance, sanitary commission, planning and zoning, development corporation, county fair, Mt. Top band and election.

Budgeting periods for fiscal 1975 are filling the commissioner schedule with work sessions and approvals for some thirty county agencies. The commissioners also held an hour and a half work session with Dr. William Pope county health officer, concerning health department budget with the State of Maryland supporting the Departments of Assessments and Taxation, the county will realize a savings of about $30,000 in needed tax revenue, the commissiontrs pointed out. This is the second year of a phasing-in program where the state will pay for the expense of operating the assessments departments.

The Garrett County Roads department received the five-foot culvert pipe to be used for construction of the temporary bridge across Savage river. The Department of Natural Resources has issued a water permit for this construction. Building of the temporary bridge began early this week. Construction will continue for ten days.

Sixth Graders To Continue Outdoor Education Program

The sixth grade resident outdoor education program at Camp Hickory for the 1973-74 school year will continue beginning on May 6, it was announced by the Board of Education.

Last fall sixth grade students from Grantsville, Accident, Yoder and Dennett Road had an opportunity to participate in the above program.

The tentative schedule for the students of the remaining elementary schools is as follows:

May 6-9, Friendsville, Route 40.

May 13-16, Red House and Loch Lynn.

May 20-23, Kitzmiller and Bloomington.

May 28-31, Mr. Athey's and Mrs. Foy's classes from Dennett Road.

Information concerning their stay at Camp Hickory will be distributed to the students at their schools in April by Charles P. Strauss and Joseph L. Winters.

Activities in which these students wil be involved are compiling and interpreting weather data, soil composition and profile study, insect study, identification of conifers, field trips to study fossils and coal formation including the formation of a peat bog.

These students will arrive at Camp Hickory by bus from their school on Monday morning, and return to their school in time for dismissal on Thursday afternoon during their scheduled week.

Mr. Strauss, Director of Camp Hickory, and his assistant, Mr. Winters, will be instructors during the sixth grade orogram.

Counselors for this program will include Pam and Tony Capps, students at Garrett Community College, as well as four or five students from Northern and Southern High Schools.

Friday's Sun Carries Feature On Oakland

A feature story on Oakland by Earl Arnett, appeared last Friday, April 12, in The Sun, Baltimore's morning newspaper. It was titled, Oakland Not An Ordinary Place, and included a photo of Oakland under a thin blanket of spring snow, as seen from the third floor of the court house and a photo of H. D. 'Huh' Swartzentruber, now in his fourth term as mayor of the town.

This is one of a series of features on Maryland's towns which appears in the feature page of the newspaper every Friday. A recent one was on Mt. Savage, Allegheny county.

The writer quotes Harold H. Harned, Brian Scofield, R. Thomas Thayer, Jr., Mayor Swartzentruber, W. Marshall Rickert, Thomas D. Jones, and George Hanst.

League of Women Voters Plan Coffee Hour April 21

An informal membership coffee is being planned by the League of Women Voters of Garrett County for 3:30 p.m., Sunday, April 21, in the student Lounge at Garrett Community College, McHenry. Membership chairman is Barbara Flinn.

A resume of League activities and programs wil lbe presented.

League members are soliciting signatures for the campaign financing reform petition drive which has been underway nationwide since April 8. Anyone eligible to vote in the 1974 fall election may sign the petition to persuade Congress to support current legislation for campaign fund reform. The proposed law would provide for combined private and public financing of all federal elections, limits on contrihutions and spending, full disclosure of financial transactions and enforcement against violations.

Interested persons not approached by League petitioners may contact Chris Stegmaier, petition drive chairman. Petitions must be returned to Mrs. Stegmaier by April 22.

The FBI said crime rate was up 5 percent in 1973.

An Oakland Man Gets Suspended Sentence In Court

An Oakland man received a suspended sentence following a pre-sentence investigation in Circuit Court last Thursday.

Ellis Odell Cogley, Jr., was sentenced to three years to the custody of the Commissioner of Correction by Chief Judge Stewart Hamill, Jr., but the sentence was suspended. Cogley was placed on probation under the supervision of the Department of Parole and Probation on condition he refrain from any infraction of the law, be of good behavior generally, abide by the rules and regulations of the Department and make restitution to the State's Attorney's office for damages and items taken from Cogley's Barber Shop.

Cogley had pleaded guilty at a trial March 6, of one of two counts of storehouse breaking and grand larceny. The other count of storehouse breaking, breaking and stealing, receiving and conspiring had been dismissed by the State's Attorney.

Humanities Session Scheduled April 24

A group of interested people will meet to discuss how humanities programs might relate to public issues facing the citizens of this area. This open meeting will be held on Tuesday, April 23, 7:30 p.m. at Garrett Community College, McHenry. Letters have been sent to those who it was felt might be interested. The meeting will be open to the public and anyone interested. The committee is being sponsored by Garrett Community College, the Maryland Committee on the Humanities and Public Policy, and the Regional Education Service Agency of Appalachian Maryland.

Purposes of the discussion are: to define the humanities and their possible application to public issues; to identify those major public issues that can be met or understood through the humanities; to explain how funds might be available for local programs on the humanities and public issues, and to describe the role of the Maryland Committee and the National Endowment for the Humanities.

The Maryland Committee will use priority issues identified to develop a statewide theme. This theme will provide the framework for local organizations to follow in developing program proposals. Additional meetings will be scheduled on April 24 at Hagerstown Jr. College and April 25 at Frostburg State College.

Rescue Squad To Begin Fund Raising Campaign

The Southern Garrett County Rescue Squad will kick off its fund raising campaign on May 3 with various events being planned including a carnival in downtown Oakland.

Members and other interested citizens will conduct a door to door canvass of the area during May and June.

At the monthly meeting on Tuesday, April 16, Richard Cropp was elected to fill the vacancy of Bernard Zlomek who had announced his promotion at the March meeting to assistant regional forester, and his resignation as president.

Also at the April meeting attending members voted to admit graduates of the recent EMT class to a six months probationary period. New members include Bill Bittinger, Malora Corbin, Roger DeWitt, Jim Dolce, John Eberly, Morgan France, Betty Frazee, Elizabeth Friend, Dan Gaither, Mary Harvey, Janet Hinebaugh, Dave Ramsey, Brad and Patsy Stewart, Dave Turner, Shirley Wilburn, Judy Wilt, Ellen and George Zimmerman.

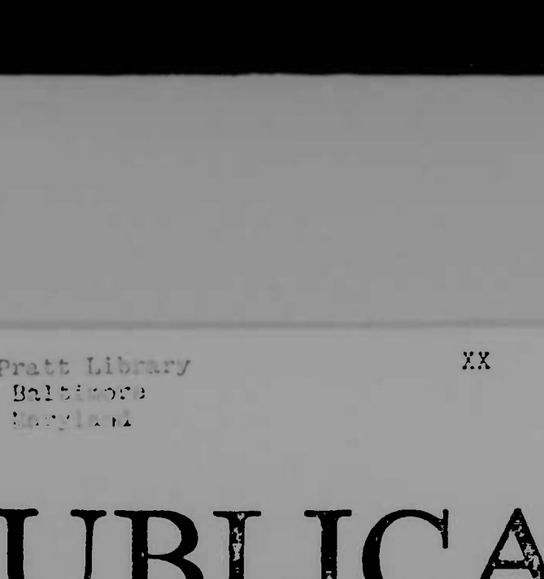
The distribution is in cooperation with the Maryland Forest Service.

Poster Contest Winners



The Junior Woman's Civic Club announced the winners of the recycling poster contest in two local schools this week. The contest began March 8 and ended March 18 for students in the second grade at Center Street School and fifth grade students at Dennett Road School. Above, from left to right, are Mrs. Sally Marucci, teacher's aide at Center Street, presenting a check to third place winner Jeff Messenger, who received $1. Next is Melody Flinn, whose poster won first prize of $5, and at the right is Kristi Bowling, whose second-place poster won $3 for her. Winners at Dennett Road School, all in fifth grade, are left to right, Matthew Pritts, first; David Marple, third, and Stanley Paugh, second. The contest was held to promote interest in recycling, the community project undertaken by the JWCC this year. On the first Friday of each month, members of the club are at Browning's Foodland parking lot to receive and crush discarded glassware and bottles for recycling at Keyser.

Four Are Charged With Larceny

Charges of larceny have been placed against four persons according to records in District Court Tuesday. Two were released and two others were being held in the Garrett County Jail pending furnishing of bond.

Clarence Stemple, Jr., RD 3, Deer Park, was released on personal recognizance at a bond hearing last Thursday. He is charged with larceny of currency in the amount of $155 belonging to Harry E. Tusing of near Oakland. Bond had been originally set at $5,000.

Trial date has been set for Monday.

Beverly Burrell, Kingwood, W. Va., has been charged with larceny of $327.88 from James K. Shaffer of the Oakland area. Bond at the time was set at $2,500. At a bond hearing last Wednesday, she was released on a property bond for trial, also Monday.

Thomas J. Lipscomb, Alder Street, Oakland, and Gary Lee Duff, Crellin, have been charged with larceny of five tapes and a carpet machine of Frank Finch. Lipscomb is also charged with possession of stolen goods.

At bond hearings last Thursday, Lipscomb's bond was reduced from $5000 to $2500 and Duff's from $5,000 to $2,500. They are both being held for trial May 6.

Art By Goyle Prentice Is Featured At Hospital

Mrs. Gayle Prentice is the featured artist during April at the art exhibit which the Loar Auxiliary sponsors monthly at the Garrett County Memorial Hospital.

Miss Prentice is a graduate of the Art Institute of Pittsburgh, Pa., where she studied under Frank Malega. Prior to moving to Oakland, she was employed as a fashion illustrater at Kaufman's Store, Pittsburgh. She has participated in some of the art festivals in this area and is particularly interested in portraiture.

During May, the work of Mrs. Donald Browning will be shown. Some of her paintings have previously been shown at the hospital.

Voter Registration Schedule Arranged

A schedule for a voter registration drive in area high schools, Garrett Community College and Frostburg State College, has been arranged by the Board of Supervisors of Elections for the county.

Senate Bill 605 passed by the General Assembly last year provides that persons who have reached their seventeenth birthday and who will be eighteen or older on or before the day of the next general election or special election, will be entitled to register to vote at any time provided for registration if otherwise qualified.

The schednle:

Monday, April 22, 10 a.m., Valley High, Lonaconing; 1 p.m., Bruce High, Westernport.

Tuesday, April 23, 11 a.m., Beall High, Frostburg; 1:30 p.m., Frostburg State College.

Wednesday, April 24, Northern High School, Accident.

Thursday, April 25, Southern High School, Oakland.

Friday, April 26, Garrett Community College, McHenry.

The board indicated also that any qualified citizen may register at the office of the Board of Supervisors from 8:30 a.m. to 4:30 p.m., Monday through Friday at the Knights of Pythias building, South Third Street, Oakland. Last day to register before the primary election is August 12. The primary election date is September 10.

3 Juvenile Girls Return To Parents

Three juvenile girls were reported missing this week, but all have returned to their homes.

Two girls were reported missing Tuesday but were seen in Oakland the following day and apprehended. They have been released to the custody of their parents.

Another girl, a 13-year-old from the Westernport area, was reported missing Wednesday afternoon and areas of the county were searched, including Sunnyside Road, where she had been seen walking on that afternoon.

The child returned home on her own and is under parents care.

Drawings For Two Schools Approved

Board OK's North Middle, Friendsville Schools, Lists Retirements

Construction drawings were approved for the Friendsville Elementary School and schematic drawings were approved for the Northern Middle School at a meeting of the Board of Education last Thursday, April 11.

In other action the Board announced retirements for several teachers, effective July 1, of this year. They included: Fred C. Carroll, Southern; Mrs. Virginia J. Newman, Dennett Road; Mrs. Theoda R. Miller, Southern; Mrs. Hildred Mulvey, principal, Red House; Ralph L. Backel, principal, Crellin; and Mrs. Margaret J. Feather, of Southern. Two teachers also announced their resignations effective July 1: Mrs. Kay Morgan, Bloomington; and Anna A. Yoder, principal, Swan Meadow.

The Board decided to purchase an IBM System 3, model 6, at a purchase price of $37,450. The board said the machine was needed to handle payroll, financial accounting and student record keeping for the schools.

The board voted to support the State High School standards proposed with the addition of a reciprocity agreement which would request that the state require all counties to honor programs started in other countries when students transfer 50 percent or more of their credits into another county in the state.

The board acted to seek support for improved funding of the 1974 school bus contractors' agreement.

The board deferred action on whether to require a unit of credit in physical education and four English credits for graduation, pending the final action of the State Department of Education.

Reports were presented to the Board of Education by Albert R. Ringer, director of curriculum and instruction on accountability and by Lloyd Robertson, supervisor of pupil services, on school districting progress.

Other reports were received on Governor's Commission on structure and governance, Camp Hickory summer program, and the implementation of the minimum wage requirement.

Cancer Crusade Is Underway Now

Garrett County volunteer women will be going door to door this week and next collecting for the Cancer Crusade, according to Clint Englander, president of the local Cancer Society.

According to national statistics, one family in three will have a cancer victim this year, or one of every four persons. One of three victims stricken by cancer is presently saved through medical care. The goal for 1974 is one of two.

Money contributed locally is divided in half, with half kept here to carry on local programs of public information, screening, and medical care. The remaining half goes to the national society for research programs.

Other projects planned locally, in addition to the house to house canvassing, include a skating party Sunday, April 28, at Tri-R Roller Rink near Oakland.

Fire Damages Das Gasthaus 8 a.m.

Fire of undetermined origin at Das Gasthaus, on Glendale road, Deep Creek Lake, was damaged by fire discovered around 8 o'clock this morning by John Ackerman, proprietor.

Ackerman was asleep upstairs who awakened to a room filled with smoke, coming from a storage room where cartons of matches had ignited in some unexplanahie way. He made his exit by the upstairs window and was uninjured.

Oakland firemen responded to the call as the alarm mechanism had failed to notify the Deep Creek firemen. They responded soon after however when a fireman received the word through a rescue squad monitor.

Damage was said to be light except for the smoke.

Oakland firemen were also called to Firesde Inn Second Street, Oakland, yesterday afternoon at the result of a flue fire. There was no damage.

Woman Congratulated

Elizabeth Savage, of Loring AFB, Maine, formerly Elizabeth Dean whose husband James is a member of the USAF has just received her third letter of congratulation for her "outstanding work" as squad wife's club president. She has been commended for her efforts and dedication.

She has promoted many functions benefiting the GI's and their families. Elizabeth was also informed she was partly responsible for the overall high morale the men had achieved. In her latest letter she was informed that the club had been honored as one of Loring's outstanding. The letter stated:

"In 19 years of service and having read many inspection reports, I have never seen a wife's club cited for their accomplishment." It was signed by the commander of the 42nd transportation squadron. Her husband has just re-enlisted and is planning on making the Air Force his career.

Elizabeth is the daughter of Mrs. Gertrude Dean, of E street, in Mt. Lake Park. James is the son of Mrs. Loretta Savage Scott, Oakland.

Sgt. and Mrs. Savage have two daughters, Jennifer and Heather, and she will reside in the area while her husband serves an 18 months tour of duty in Germany.

A government study showed cities are plagued with shortages of chlorine supplys for water and sewage treatment.

NO HOLIDAY FOR THOSE in Southern's senior high school band was allowed this past week, as they practice for participation in the annual Kentucky Derby Festival's Pegasus Parade. The group above was photographed Monday going through field formation on the field north of the school. Band director Richard Clever and the group will perform May 2 at Louisville, Ky. The 100th running of the race will take place May 4.

Final Plans Made For Walkathon

Final preparations for the second annual Walkathon, to be held May 4, are being made by Mt. Top YFC. It will cover a 17-mile route, beginning at Par-Matt Lanes, Mt. Lake Park. Registration will begin at 9:15.

Prizes include a 1974 Gremlin, Suzuki Ranger motorcycle, ten-speed racer bicycles with category prizes also offered: first three males and first three females to finish, $65 in gifts from Western Auto; largest family to finish, free shoes for the family; first couple to finish, $100 gift certificate from Kelly's Furniture; first parent-offspring, $100 clothing certificate; oldest person finishing, free dinner for four at Oak-Mar restaurant.

Groups interested in raising money for special projects may enter as a group and have returned to them one third of all the money they raise. The group turning in the most money by noon, May 18, will also receive $100 bonus.

Area teenagers interested in attending the Ocean City convention may raise money by entering the walk under the Camp Convention plan. A college scholarship is also available. Details about the walkathon are available in the YFC office.

IN MEMORIAM

Dedicated in memory of little "Rubbie" Skipper's birthday, April 13, 1972.

"To Angie and Bob"

I'll lend you for a little while,
"A child of mine" he said.
For you to love the while he lives,
And mourn for when he's dead.
It may be two or three years,
Or twenty-two or three,
But will you, 'til I call him back
Take care of him for me?
He'll bring his charms to gladden you,
And if his stay is brief,
You'll have his loving memories
As solace for your grief.
I cannot promise he will stay,
Since all from earth return.
But there are lessons taught down there,
I want this child to learn.
I've looked the whole world over,
In my search for parents true,
And from the throngs that crowd life's lane,
I've selected you!
Now, will you give him all your love,
Not think the labor vain.
Nor hate me, when I call him back again?
I fancy that I heard them say,
Dear Lord, Thy will be done
For all the joy a child will bring
The risk of grief I'll run.
I'll shelter him in tenderness,
I'll love him when I may
And for the happiness I've known.
Forever grateful stay.
But, should the angels call him,
Much sooner than we've planned.
I'll brave the bitter grief that comes,
And try to understand.

Great Aunt,
Pauline Romesburg

Graduation announcements and caps and gowns were delivered April 19.

Mock Election

Mike O'Brien, 10C won the Sophomore English class mock-elections, held April 9, by a reasonable margin.

Running opposite Terri Georg of 10A, O'Brien's platform included vending machines for the cafeteria and elimination of the grading system.

Mike stressed less pressure on the student at the end of the regular nine week period.

Terri's platform under the Student's Choice Party, consisted of the possibility of a student lounge and the right to bring cars to school.

O'Brien, of the National Humanitarian Student's Party, won 116 to 77 votes.

Both candidates are from the third period English class and were nominated by their class which was divided in half.

Stanley Wense, [illegible] English teacher coordinated the election held fifth period in the cafetorium.

Band Activities

The annual Senior Band Concert will be held on April 26 at 8:00. Special practices will be held on April 17 and 23.

Other band activities include Band Booster meeting Thursday at 7:30; on May 3 and 4 the Senior Band will go to Winchester to participate in the Apple Blossom Festival.

The Junior Band will give its concert May 10 at 8:00.

Fifth Graders To Get Chance At Outdoor Education

Students who will be entering the fifth grade this fall will have the opportunity to participate in the upcoming summer resident outdoor education program at Camp Hickory beginning in June.

Registration for above summer program will be held in the respective schools this month by Charles F. Strauss, Director at Camp Hickory, and his assistant Joseph L. Winters.

The tentative schedule for the elementary schools is as follows:

June 17-21, Accident, Friendsville, and Route 40.

June 24-28, Bloomington, Red House, Grantsville, and Kitzmiller

July 1-5, Loch Lynn and Dennett Road.

July 8-12, Dennett Road

A bus will pick up the students at their respective schools on the Monday of their assigned week at 9:00 a.m. The scheduled departure time from Camp Hickory will be 2:30 p.m. on Friday of that week.

While at Camp Hickory for a week, students will take part in a variety of learning experiences. Included in these activities will be instructional swimming, nature crafts, nature hikes, nature interpretation, insect study, nature scavenger hunt, compiling and studying weather data, stream ecology and conifer identification. Their evenings at Camp Hickory will include planned recreational periods and a campfire.

In addition to Mr. Strauss and Mr. Winters, the staff for the summer resident camping experience will include qualified young adults as counselors, Mr. Strauss said.

Talent Show Set At Terra Alta High

The twenty-third annual Talent show, sponsored by the Terra Alta Band Boosters, is scheduled for Friday evening, May 10, at 8 o'clock in the Terra Alta High School auditorium. An entry form is in today's issue of The Republican

Mrs. Diane Ihrman, talent chairman, said the deadline is April 25. Prizes totaling $150 will be awarded with first prize in each category $25, second, $15, and third, $10. Categories are elementary (6th grade and under), teenage (15 years and under), and adult, over 19 years. The contest is for amateurs only.

Accident Is Caused By Icy Road Conditions

Icy road conditions were blamed for one of several recent minor accidents.

Robert M. Lauds, LaVale, was driving south on Cross Cut road at Old Route 135 (Oakland drive) near Oakland last Tuesday evening. He applied his brakes, went into a skid across Oakland drive and hit a tree. Road conditions were said to be very icy. Trooper J. E. Foley made no charges.

The afternoon before, a three-vehicle collision occurred on Md. Route 135 at the Kitzmiller road at the top of Backbone Mountain.

James R. Lucas, Kitzmiller, had pulled from a 'stop' sign on the Kitzmiller road and made a left turn into the path of a car driven by Clara Elizabeth Wilson, RD 1, Swanton, traveling east on Route 135. The two collided. Lucas then cut to the right and struck a pick-up driven by Don A. Scott, RD 1, Oakland, which had been passing the Lucas car on the right shoulder.

Tfc. G. D. Broadwater charged Lucas with failing to stop at a 'stop' sign.

Albert D. Calhoun, Terra Alta, W. Va., in a pick-up, was traveling south on U. S. Route 219 shortly past noon April 7 and failed to grant the right-of-way to a car driven by Ellen V. McCartney, Farmington, W. Va., traveling west on U. S. Route 50. The two collided at the intersection and Calhoun was charged by Tfc. Ronald Lewis with failing to yield the right-of-way at an intersection.

Sherman E. Oester, RD 2, Accident, had stopped at a curb just south of the entrance to a garage the afternoon of April 3, on U. S. Route 219 in Accident. Oester then made a wide circle to the left of the road to enter the garage. Just as a pick-up driven by Dorothy Friend, Meyersdale, approached from the rear, Oester turned right and hit the Friend truck.

Trooper Ronald Georg charged Oester with not signaling before starting from a parked position.

Color, Lighting To Feature Home Furnishing Meeting

Mrs. Velva Nelson, home service representative of the Potomac Edison company, will present a program, 'Color is How You Light It', to Homemaker Home Furnishing chairmen and other interested persons on Wednesday, April 24 at 1 P.M. at the Grantsville Methodist church, and Thursday, April 25, at 1 o'clock at Garrett Community college, McHenry.

She will offer suggestions on how to use lighting properly for the most efficient use of energy. Since fluorescent lighting differs in color rendition, Mrs. Nelson will explain how and where the various fluorescent lamps can be used to achieve the lighting and decorating effects one desires.

Mrs. Freda S. Denison, extension agent for home economics, also announced Homemaker club meetings for the ensuing week.

April 22, 8 p.m., Cove club at the home of Misses Alverta and Louise Dillon.

April 23, 7:30 p.m., Swanton club at the Swanton Community Building; at the same time the Bittinger club will meet at the home of Mrs. Janet Brenneman.

April 25, 7:30 p.m., Oakland club will meet at the Oak Park church basement.

Aurora - Eglon

Mrs. Rena Auvil, patient at the Extended Care Unit of the Grafton City Hospital, spent Easter Sunday with her family at her home on Stemple Ridge.

Student Exchange Members Leave For Canada Early Today

Twenty-two members of the Student Exchange Club of Southern left at 6:00 a.m. this morning for a ten-day trip to Canada.

Those going included Mr. and Mrs. Lowell Schiff, Cee Cee Bailey, Pam Arnold, Kathy Davy, Robin Rodeheaver, Paul Mateer, Jeff Savage, Jack Riley, Jeannie Lucas, Dawn Tichnell, Dianne Rook, Mary Wolfe, Joyce Cosgray, Diane Dressman, Karen Eddy, Debbie Shaffer, Donna Pennington, Linda Bolding, Michelle Baker, Patty Doyle, Joy Overdorf, Wanda Deaver, and Nina Bishoff.

The group will spend tonight in Albany, N. Y., and depart for Victoriaville, Canada, tomorrow morning. While in Canada, they will visit the "Sugar Shacks," tour Montreal and Quebec, attend school activities, and visit a French church. Each student will be living with a French family and participating in his family's general activities for a week. The group will leave Canada on April 26 and spend the night in Binghamton, New York, before arriving in Oakland the next day.

NATIONWIDE INSURANCE

Nationwide is on your side

You can't eat it unless you've got it.

We Can Help You Get It.

The energy crisis, trucking and railroad strikes, grain deals with foreign nations — these and other factors have shown us how easily the flow of food to market can be interrupted or stopped. Even a personal emergency can threaten your ability to provide for the needs of your family. That's why it's time you took a look at dehydrated storage foods.

Dehydrated Food Units from Constitution Foods offer ease of storage and preparation as well as proper nutrition in a balanced diet. At about half the cost of regular foods, our dehydrated foods make a good buy as well as good sense. You'll also find Constitution Foods has excellent delivery schedules. We maintain over 50 warehouses across the country with complete units ready for shipment. There's no waiting for weeks or months for delivery. You have it immediately. Taste our foods today. A little preparation brings a lot of security.

Baseball Season Opens Friday

Weather permitting, the Southern Rams' baseball team will open its season at home against old rival Union Tigers tomorrow evening at 4 p.m.

Competing for pitching assignment are Mike Brady, Roger Kitzmiller, Kim Meyers, Dan Bosley, Neal Stoner, and Randy DiSimone. Working out at catcher are Craig Bosley and Bob Ingram.

Golf Team Is Playing

Southern's golf team opened its season yesterday against Moorefield at the Moorefield course.

Today they will travel to Mill Creek where they will play Keyser High's Golden Tornados. The Rams enjoyed an undefeated 14-0 season in 1973 and won the PVC tournament. At that tournament, five of the first six low scores were from Southern. Jim McHenry placed first while Dave Sharps and Brian Frederick tied for third. All three are on this year's team.

Prepare For Excellence Fair

The different departments of Southern are preparing materials for exhibit at the Excellence Fair to be presented to the PTA on Monday evening, April 22.

Part of the exhibit will take the form of activities such as those presented by the physical education classes.

Bowden To Address Christian Business Men's Banquet

Robert C Bowden, head football coach at West Virginia university, Morgantown, will be the speaker at the semi-annual Ladies' Night banquet of the Meyersdale area Christian Business Men's Committee, to be held at the Gramsville Fire Hall on Friday, May 3, at 6:30. Reservations must be made before April 26.

For the third time the committee is inviting as guests all of the seniors of Rockwood, Meyersdale, Salisbury and Northern High Schools.

Bowden, native of Birmingham, Ala., came to West Virginia in 1966 from Florida. As head offensive coach at WVU for four years under Jim Carlen, he developed such running backs as Garrett Ford, Jim Braxton, Bob Gresham and Eddie Williams and quarterback Mike Sherwood. Bowden runs his program through the "whole man." He says he doesn't want his boys to smoke, drink or cut classes and that he encourages church attendance.

Harold Thomas Raines, Westernport, forfeited collateral in the amount of $30 for possession of bait in a special area along Savage River.

Badey-Cook Nuptials Announced

Carrying a garland of pink and white carnations and roses, and given in marriage by her stepfather, Robert D. McDonald, Cheryl Ann Cook, daughter of Mrs. Robert D. McDonald, Camp Springs, was married in the First Baptist Church of Camp Springs at 12:30 November 21, 1973 to SSgt. John J. Badey, Jr., son of Mr. and Mrs. John Badey, Sr., Monroeville, New Jersey. The double ring ceremony was performed by Rev. Dean Lloyd.

The bride wore a white organza, Empire-waisted gown trimmed with sequined scalloped Chantilace. The gown featured a lace-trimmed detachable chapel train. The matching headpiece was complemented by a cathedral length veil of illusion outlined in scalloped Chantilace. The bride also wore a pearl necklace and earrings, a gift of the groom.

Miss Bonnie K Yommer, Grantsville, cousin of the bride, was maid of honor. Bridesmaids were Miss Brenda S. Yommer, cousin of the bride, also of Grantsville; Miss Patti and Doris Parkerson, New Jersey, cousins of the groom, and Miss Jenny Otto, Camp Springs. Best man was James Seadilier and ushers were William Moore, brother-in-law of the groom, and Walter Rolf, Jr., all from New Jersey. Flower girl was Kristin Moore and ring bearer was Kenneth Moore, niece and nephew of the groom. Vocalist was Donald Newman, Grantsville, who sang "O Promise Me," "Whither Thou Goest," and the "Wedding Prayer."

A reception followed the ceremony at the NCO Open Mess, Andrews Air Base, with a luncheon served. The couple honeymooned in the Pocono Mountains.

Mrs. Badey is a recent graduate of AFCENT American High School of the Netherlands. SSgt. Badey is a 1969 graduate of Clayton High School, Clayton, N. J.

SSgt. and Mrs. Badey are now residing in Niceville, Florida, where SSgt. Badey is assigned with the USAF at Eglin AFB. Mrs. Badey is attending Okaloosa Walton Junior College, Niceville.

Mrs. Badey is the granddaughter of Mrs. Melva G. Yommer, Grantsville. Mrs. Florence E. Durst, also of Grantsville, a great-aunt of the bride, was the oldest relative attending the ceremony.

Poetry, Journalism Workshops Offered

A poetry workshop will be offered in conjunction with the second annual journalism and communications conference at Garrett Community College April 27. Any persons who enjoy writing poetry or who are interested in journalism careers are invited to attend the morning and afternoon sessions. There is no charge for participation.

The morning session, scheduled for 10 a.m., will include the poetry workshop, as well as sessions relating to journalism conducted by three professors from the West Virginia University School of Journalism. Dr. Guy Stewart will speak on careers in journalism, Frank Kearns on broadcast journalism, and Robert Sommers on advertising.

Two poets from the Maryland Arts Council will conduct the poetry workshop. Eric Cheyfitz and Robert Wickless, both published poets, will give suggestions for writing poetry, read some of their own poems, and give criticism on poetry submitted by participants in the workshop. Participants will have the opportunity to write some poetry during the workshop. Each person attending is requested to bring two copies of any of his own poems on which he desires criticism.

Following a break for lunch, afternoon sessions will begin at 1 p.m. These will include the poetry workshop again, a session on photography by David Green, and a session on yearbook planning and layout by Todd Ware.

Anyone desiring further information about the conference may call Mrs. Joan Crawford at Garrett Community College.

February Showed Drop In Traffic

During the peak period of the energy crisis in February, the traffic in Allegany and Garrett counties showed big decreases from the traffic counted in February last year, according to the report of the State Highway Administration. Traffic on U.S. Route 40 east of Flintstone, showed a 30.4 percent decrease.

On U.S. Route 219 at McHenry Deep Creek Lake, the traffic decline was 29 percent with 64,390 vehicles counted compared to 90,685 in February last year. Few persons from the metropolitan areas ventured to drive to the lake area for skiing due to the gasoline shortage.

U.S. 40 at Clarysville had a 13.8 decrease. State Route 36 at Lonaconing showed a 19.2 percent decrease.

County Is Eighth In Bond Purchases

Garrett county residents purchased $97,475. in E and H bonds during February, according to a monthly report from the state headquarters of the U.S. Savings bonds program. This brought the county to 20.1 percent of its 1974 quota of $590,000. The county was in eighth place among the twenty-three counties and Baltimore city. Last year at this time the total was $119,956.

Queen Annes county was listed in first place with sales of $17,681 and a quota of $140,500.

The Maryland 1974 quota is $140,500,000, and the state's total for February is $13,807,968.

Exhibits Of Bright Book Covers To Feature Exhibit For Library Week

An exhibit of bright book covers created by community children for children's books will be featured at the Ruth Enlow Library during National Library week, April 21-27. Children have been working for several weekends in the library designing covers with felt tip markers to enliven books with worn covers.

The children's theme for National Library Week, 1974, is "Growing With Books." A display in the children's room of the main library features the best loved titles of many local children.

Those who completed covers are: Connie Shannon, Holly Bush, Gregg Savage, Keith Andrews, Kathryn Ryseavage, Sheila Maxson, Michelle Maxson, Michelle Turney, Kimberly Andrews, Jonathan Ulery, Kim Lyons, Randy Kinser, Shirley Kitzmiller, and Gina Kremmler.

An exhibit of work by Southern High School art classes is in the main library for the month. This is a continuation of an earlier display of work by the students of grades 7-12 under the direction of Frances Patterson, Mareette Danner and Sonia Pratt, art teachers. An exhibit from the Northern High School art department is scheduled for May.

The Saturday movies scheduled for 2 p.m., April 20, are "Paddle to the Sea," a fantasy of a canoe trip through scenic Canadian rivers to the sea, and "Red Balloon," a French film of a boy who befriends a balloon. The same film program will be shown at 10:30 a.m. Saturday, at the Day Care Center at Bradley Manor.

The Bookmobile will be at Bradley Manor Friday, April 19, from 3:30 to 4:30. Saturday, April 20, it will be stopping in Cove, 11 to 11:15. Accident, 1:45 to 2:30; and McHenry, 2:45 to 3:30.

The odd-even gas rationing system in Penna. has been lifted.

Garrett Has Two Wins At Dundalk

Ernie Shotwell proved to be an iron man in hurling a shutout in the first game and coming in relief to save the second as Garrett Commumty College picked up it first two wins in dowming Dundalk 2-0 and 4-1 last Friday at Dundalk.

The Lakers, who opened their first season of baseball with three straight setbacks before the double win, ended a scoreless pitchers duel in the seventh inning of the first game, scoring both runs on an error, a balk and three hunts.

Shotwell went the distance, yielding only two hits while striking out 13 and walking only one. Bob Evans had two of the six hits for Garrett.

The Lakers opened the second game with three runs in the first inning, the key blow being a single by Charlie Shahan with the bases loaded. Winning pitcher Paul Lewis worked the first four and one-third innings helore giving way to Shotwell who pitched hitless ball over the last innings, fanning six. Shotwell and Dan Slifko each had two hits.

I believe this universe is no accident.

I believe all life comes from God.

I believe He cares about ME . . . and wants me really to care about Him.

I believe I have fallen short of pleasing God . . . yet He still lets me live in freedom. I am not his slave.

I believe that Jesus Christ revealed God's forgiving love when He—the Son of God—sacrificed His perfect life for my imperfect life.

I believe that Jesus rose from death, assuring me that it is God's desire that I, too, may reach eternity.

And because I believe—I want to share with you my Faith . . . and the inspiration I have found as I worship every Sunday in church.

THE PAROCHIAL SPIRIT

Lesson for April 21, 1974

Background Scripture: Acts 15:1-35.

Devotional Reading: Romans 8:1-39.

Last week I attended a meeting of ministers and lay people who had been assigned to a specific task by our bishop. During the meeting, one of the committee members expressed the opinion that he did not believe he could work with myself and another member of the group because he suspected that some of our ministry was "the work of the Devil."

Rev. Althouse

I was not offended by this judgement (after all my Lord was the target of similar charges), but I was profoundly disappointed at the parochial spirit it represented. This gentleman sincerely believed that his ministry was the work of the Holy Spirit. At the same time, his view of the Spirit was very narrow and limited.

What is "necessary"?

Of course, this is not a new or unique experience. The early church also had to contend with the parochial spirit. In Acts 15 we find that there are some in the church who were outraged by the inclusion of Gentiles. "Unless you are circumcised according to the custom of Moses," they said, "you cannot be saved" (15:1). And later when the Gentile Christians came to Jerusalem, there were some Christians there (who belonged to the party of the Pharisees) that insisted "it is necessary to circumcise them, and to charge them to keep the law of Moses" (15:5).

This question as to "What is necessary?" has always been difficult and divisive. In the years of my ministry I have been appalled to find that there are followers of Jesus Christ who feel they cannot worship with me because I do not worship in the "necessary" manner. There have been those who have felt they could not work with me in a common Christian cause because I belonged to the "wrong" church. There have been those who could not share the Lord's Supper with me because I did not subscribe to the "right" doctrines. I have found these experiences, not insulting, but disheartening because I am convinced the Holy Spirit is not a parochial spirit.

Saved through grace

Fortunately, the "circumcision party" did not prevail. The parochial spirit lost out for two reasons. For one thing, Peter reminded the church that neither circumcision or any other ritualistic practice is necessary for salvation, for the Christian is "saved through the grace of the Lord Jesus . . ." (15:11). It is the love of God, not the parochial orthodoxy of men that saves the follower of Jesus.

Secondly, Paul and Barnabas told the church of the great works that the Holy Spirit had through them among the Gentiles. As Jesus himself had taught them, it is "by the fruits" that we may judge what is of God's Spirit and what is not. Doctrines and creeds, regardless of how important they may be, are not the determining factor and we must remember that the parochial spirit can never be the Holy Spirit.

WHAT IS A CHEAP DRUG?

How do you define cheap in the context of health? Sure, some supposedly alike drug products can be manufactured at a "cheaper" price but at what sacrifice to the quality of the medicine? The question is are you willing to rely on your physician to select the drug product he determines best for you or do you want some government regulatory agency virtually telling him what he must prescribe?

In our pharmacy we carry a great many drugs made by a great many companies. Some, of course, will be less expensive than others but we will only stock products that are made by a drug company in which we have confidence.

YOUR DOCTOR CAN PHONE US when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

Ten Lose Lives On State Highways

Ten persons lost their lives on Maryland Highways last week, according to the weekly news release compiled by 1st Sergeant James Harvey of the Maryland State Police. Of those killed, six were drivers, one was a passenger and three were pedestrians. At least two of those deaths could possibly have been prevented had seats belts been in use.

Alcohol was a known contributing factor in four of the deaths last week. Speed was a contributing factor in seven and 'driver error' in eight.

Persons killed through April 14 totaled 130 compared to 236 for the same period last year.

LETTERS TO THE EDITOR

Dear Sir:

I enjoyed reading the article about Oakland in the morning "Sun Paper" of April 12, 1974.

It brought back memories of almost fifty-five years ago. I played the violin in the orchestra that summer season at the Deer Park Hotel. It was there that I first played in manuscript the song "There Are Smiles That Make You Happy." A guest from New York who was very fond of this song brought it for us to play.

One thing has remained on my mind all these years, it was the chocolate ice cream sodas I drank at the drug store in Oakland. It was the best that I ever drank. I often dream of coming back to your city, just to drink another one.

Oakland is not an ordinary place, it is a beautiful place, a special place, I'll never forget.

Yours truly,
Samuel Lessing

Letter To The Editor

I know most wives think they are married to the greatest guy on earth, and I was no exception on this score. Losing Darrell has been the greatest loss I have ever felt. There will always be a void. Darrell, as a teacher and guidance counselor, held youth as his first concern. He had great faith in the youth of our country. Darrell has told me so many times, "You don't need to talk to kids, you listen, and before they know it, they have worked and talked out their own problems."

I have had so many kind notes and cards from so many young people. These have meant so much to all of us.

He loved life and really lived. I wish our two granddaughters could have known him. We had many friends and he loved them all, but I think he loved their children even more. They were special, and he lived a rich life for them and through them, and all youth.

Doug Malone
(Mrs. Darrell A. Malone)

--o--

Dear Sir:

I disagree with your editorial of March 28. C.B.S. news gave adequate coverage of the towns plight during the trucking business shut-down. This news, as you know, covers the world, and it is only a half-hour show.

As for reporting the sensational, all of the news medias uses the sensational for the big news. Even the front page of "The Republican."

Both Mr. Cronkite and Mr. Rather do a very accurate coverage of the news and are really people that we can believe in these times of perjury and cover-up.

Sincerely,
D. W. Walter, Jr.
Bethel Park, Pa.

Editor's comment: I still maintain they distorted the facts on the days I mentioned and whether it's only a half hour show and covers the world there is no excuse for knowingly distorting facts.

AMERICAN FREEDOM
and
CHRISTIAN RESPONSIBILITY
. . . AS I UNDERSTAND IT.

By

Rev. W. H. Leake, Deer Park, Md.

"This know also, that in the LAST DAYS perilous times shall come. For Men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, DISOBEDIENT TO PARENTS, unthankful, unholy, without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, TRAITORS, heady, highminded, lovers of pleasures more than lovers of God; Having a form of godliness, but denying the power thereof: from such turn way." II Tim. 3:1-5

One thing we should note especially in this passage is that young people will become more DISOBEDIENT TO PARENTS. WHY? Could it be that Govt. agencies, schools etc. are subtly teaching this in our Society today. My friends, you can take NOTHING or NOBODY for granted anymore. We EXPECT certain things from Govt. officials, schools, churches, etc.; But let us also INSPECT and make sure that Biblical and American Concepts are being adhered to as they should be. REMEMBER THE PASSAGE ABOVE SAYS THERE WILL BE TRAITORS.

Whether you will believe it or not, Communism has invaded every facet of our society and like termites, they work out of sight and are many times not discovered until it is too late to save the structure. Wake up. It is later than many think!

REMEMBER: IF YOUR RELIGION HASN'T CHANGED YOU, WHY DON'T YOU CHANGE YOUR RELIGION!

No matter which company writes your fire insurance, premiums are based on rates established by the Maryland Insurance Services Office (formerly known as the Maryland Fire Underwriters Rating Bureau).

Each business property beyond a nominal size has at one time or another been individually rated in accordance with the construction and occupancy hazards which existed on the day of inspection. But, since re-inspections are seldom made without request, rates often continue as originally determined despite favorable changes in the rating factors.

Three Assault And Battery Cases Are Heard Last Week

By Jean

Three assault and battery cases were heard in District Court by Judge Lewis M. Hoffman during the week ending April 6. Two were found guilty and [illegible] placed on probation. Several other cases were dismissed.

James E. Friend, Friendsville, was found not guilty of assault and battery on Wade Friend at Keyser, March 27. James Friend was fined costs at a hearing and fined $200 and $10 costs.

George Washington Teets, Mt. Lake Park, pleaded guilty of assault and battery on David B. Kesner at Mt. Lake Park, March 29. He was fined costs and placed on probation without verdict for six months and to pay $10 costs.

Donald Stewart, Mt. Lake Park, was found not guilty of tampering with a motor vehicle of Eric Sohl.

Gary Wayne Sell, Wheaton, was found not guilty of non-support of his wife and minor child.

A charge of disorderly conduct against Vernon Hunter was settled out of court.

The charge of a malicious destruction of property against Dennis Pence, Mt. Lake Park, was dismissed as restitution had been made.

Pete Shattel had been charged with unauthorized use of a motor vehicle. The case was dismissed due to lack of proper notice. The complaining witness did not appear.

Friendsville Water Bonds of 1974

SEALED BIDS will be received at Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland 21201, until 11:00 a.m. (E.D.T.) on Tuesday,

APRIL 30, 1974

for tbe purchase of the above bonds, all being dated June 1, 1974, all bearing interest payable annually on January 1, all issued under the provisions of Sections 31 to 37, inclusive, of Article 23A of the Annotated Code of Maryland (1957 Edition, as amended), and all maturing, on January 1 as follows:

Years of Maturity	Annual Amounts
1976 - 1983, incl.	$2,000
1984 - 1990, incl.	3,000
1991 - 1995, incl.	4,000
1996 - 1999, incl.	5,000
2000 - 2002, incl.	6,000
2003 - 2005, incl.	7,000
2006 - 2008, incl.	8,000
2009 and 2010	9,000
2011 and 2012	10,000
2013 and 2014	11,000

The proceeds of the sale of tbese bonds will be used to finance the construction of extensions of and improvements to the water system of the Town.

It is the intention of FARMERS HOME ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE (FHA), to purchase the bonds if no acceptable bid is received at public sale of the bonds. If the bonds are sold to FHA, principal and interest will be paid by the Town directly to FHA without assistance of a paying agent. If the bonds are not sold to FHA, principal and interest will be paid at the principal office of First National Bank of Oakland in Oakland.

Bonds will be issued in coupon bearer form in the denomination of $1,000 (or, if sold to FHA, in fully registered form in denominations of $1,000 or any whole multiple thereof). Bonds may be converted into fully registered bonds or reconverted into coupon bonds at the expense of the holder or registered owner.

The bonds maturing on or after January 1, 1986, are subject to redemption as a whole or in part, and if in part, in the inverse order of maturities, on January 1, 1985, or on any January 1 thereafter, on at least 30 days' notice at par plus a premium of one-quarter (¼) of one per centum (1%) of the principal amount thereof for each full 12-month period from the date fixed for redemption to the maturity dates nf the bonds to be redeemed. Bonds registered in the name of "United States of America, Farmers Home Administration" shall be redeemable at any time at par without premium or penalty. If less than all of the bonds of any one maturity shall be called for redemption, the particular bonds to be redeemed shall be selected by lot by the Town.

Bids should be submitted on tbe form accompanying the Official Statement and should be enclosed in a sealed envelope addressed to "The Town of Friendsville, Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland."

Bids shall be accompanied by a certified check upon, or a cashier's or treasurer's check (or other equivalent direct obligation of) a responsible banking institution, payable to "The Town of Friendsville" for $4,000. This provision shall not apply to FHA. The check of the successful bidder will be collected and the proceeds thereof retained to be applied in part payment for the bonds, and no interest will be allowed upon the amount thereof, but, in the event the successful bidder fails to comply with the lerms of its bid, the proceeds of such check will be retained as and for full liquidated damages. The checks of tbe unsuccessful bidders will be returned promptly.

Bidders must bid at least par for the bonds and must specify tbe rate or rates of interest to be paid thereon, not exceeding five and one-half per centum (5½%) per annum, in multiples of one-eighth (⅛) or one-tenth (1/10) of one per centum (1%). Bidders may specify more than one rate of interest to be borne by the bonds, but the bonds of any given maturity must bear interest at the same rate. The right is reserved to reject any and all bids.

Bids will be opened promptly after 11:00 a.m. (E.D.T.) on the date of sale. The award, if made, will be made promptly after the bids are opened to the bidder offering the lowest net interest cost to the Town, such interest cost to be determined by computing the total interest to maturtiy on all of the bonds and deducting therefrom the premium bid, if any; provided, however, that if two or more bidders offer to purchase the bonds at the same lowest net interest cost, then the award may be made in a ratable portion among such bidders, with their consent, or tbe award may be made to one or the other of such bidders.

Upon payment of the amount of the successful bid, together witb accrued interest, less tbe deposit theretofore made, the bonds will be delivered as soon as praticable, upon due notice, to the purchaser in Baltimore City, Maryland. Delivery elsewhere will be at the expense of the purchaser.

Tbe bonds described berein are general obligation bonds of the Town and will constitute an irrevocable pledge of the full faitb and credit and unlimited taxing power of the Town.

The issuance of said bonds will be subject to legal approval by Messrs. Piper and Marbury, Baltimore, Maryland, and copies of their opinion will be delivered upon request, witbout charge, to the successful bidder for the bonds. Tbere will also be furnished the usual closing papers, including a certificate stating that there is no litigation pending affecting the validity of the bonds.

A financial statement concerning the Town, tbe required form of proposal and other data in reference thereto as may be desired, will be supplied to prospective bidders upon request made to the Clerk-Treasurer, Town Office, Friendsville, Maryland 21531.

HEYWARD S. CUSTER, HAROLD FRIEND AND STANLEY MILLER, TRUSTEES OF THE GLENDALE ASSEMBLY OF GOD

VS

THE UNKNOWN HEIRS, DEVISEES AND PERSONAL REPRESENTATIVES OF JOHN H. FRIEND AND PETER BOWSER

NO. 6453 EQUITY

IN THE CIRCUIT COURT
FOR GARRETT COUNTY,
MARYLAND

ORDER OF PUBLICATION

The object of this suit is to obtain a decree declaring absolute ownership of a parcel of land situate in Election District No. 6, Garrett County, Maryland, to be vested in the Plaintiffs, and that the heirs, devisees and personal representatives of John H. Friend and Peter Bowser be enjoined from asserting any claim to said Military Lot. The bill states:

That by deed dated October 1, 1936, and recorded in Liber No. 114, folio 57, one of the Land Records of Garrett County, Maryland, the Garrett County Board of Education conveyed to John H. Friend and Peter Bowser, Committee, their successors and assigns, a parcel of land situate in Election District No. 6, containing ½ acre, on which was located an old rural school, certified copy of said deed being attached hereto and prayed to be taken as a part hereof; that the congregation of Glendale Assembly of God Church is in constructive and peaceful possession of said ½ acre parcel and said old school building and have occupied and used the same for church purposes since 1936; that the congregation of the Glendale Assembly of God Church has voted to embark upon a construction program and desire to purchase adjoining land from A. Harland Beckman; that the said A. Harland Beckman has advised your Orators that he had heard that your Orators do not have a good and marketable title to said ½ acre lot and said school house, but that same is owned by the heirs of the said John H. Friend and Peter Bowser, and he further advised your Orators that he will not sell the additional land until the title to said ½ acre lot has been judicially determined; that the said John H. Friend and Peter Bowser are both deceased. That there was no administration on the estate of either the said John H. Friend or Peter Bowser in the Orphans' Court for Garrett County, Maryland, and therefore, the heirs, devisees and personal representatives of the said John H. Friend and Peter Bowser can not be determined, that there is no action of law or proceeding in Equity to enforce or test the validity of the title to said ½ acre parcel that the contention of the said A. Harland Beckman and the person from whom he received his information are without merit and constitute a cloud upon the title of your Orators.

It is thereupon ORDERED this 26th day of March, 1974, by the Circuit Court for Garrett County, Maryland, in Equity, that the Plaintitts by having a copy of this order to be inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 19th day of April, 1974, giving notice to the unknown heirs, devisees and personal representatives of John H. Friend and Peter Bowser, of the object and substance of the Bill of Complaint and warning them to be and appear in this Court either in person or by an attorney on or before the 20th day of May, 1974 to show cause, if any they may have, why a decree should not be passed as prayed.

NOTICE OF SALE

THE TOWN OF ACCIDENT, MARYLAND

$150,000

Accident Water and Sewer Bonds of 1974

SEALED BIDS will be received at Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland 21201, until 11:00 a.m. (E.D.T.) on Tuesday,

APRIL 23, 1974

for the purchase of the above bonds, all being dated June 1, 1974, all bearing interest payable annually on January 1, all issued under the provisions of Sections 31 to 37, inclusive, of Article 23A of the Annotated Code of Maryland (1957 Edition, as amended), and all maturing, on January 1 as follows:

Years of Maturity	Annual Amounts
1976 - 1978, incl.	$1,000
1979 - 1988, incl.	2,000
1989 - 1996, incl.	3,000
1997 - 2001, incl.	4,000
2002 - 2005, incl.	5,000
2006 - 2008, incl.	6,000
2009 - 2011, incl.	7,000
2012 - 2014, incl.	8,000

The proceeds of the sale of these bonds will be used to finance a portion of the cost of the development and construction of water and wastewater systems for the Town.

It is the intention of FARMERS HOME ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE (FHA), to purchase the bonds if no acceptable bid is received at public sale of the bonds. If the bonds are sold to FHA, principal and interest will be paid by tbe Town directly to FHA without assistance of a paying agent. If the bonds are not sold to FHA, principal and interest will be paid at the principal office of Garrett National Bank in Oakland, Maryland.

Bonds will be issued in coupon bearer form in the denomination of $1,000 (or, if sold to FHA, in fully registered form in denominations of $1,000 or any whole multiple thereof). Bonds may be converted into fully registered bonds or reconverted into coupon bonds at the expense of the holder or registered owner.

The bonds maturing on or after January 1, 1986, are subject to redemption as a whole or in part, and if in part, in the inverse order of maturities, on January 1, 1985, or on any January 1 thereafter, on at least 30 days' notice at par plus a premium of one-quarter (¼) of one per centum (1%) of the principal amount thereof for each full 12-month period from the date fixed for redemption to the maturity dates of the bonds to be redeemed. Bonds registered in the name of "United States of America, Farmers Home Administration" shall be redeemable at any time at par without premium or penalty. If less than all of the bonds of any one maturity shall be called for redemption, the particular bonds to be redeemed shall be selected by lot by the Town.

Bids sbould be submitted on the form accompanying the Official Statement and should be enclosed in a sealed envelope addressed to "Tbe Town of Accident, Suite 2000, First Maryland Building, 25 South Charles Street, Baltimore, Maryland."

Bids shall be accompanied by a certified check upon, or a cashier's or treasurer's check (or other equivalent direct obligation of) a responsible banking institution, payable to "The Town of Accident" for $3,000. This provision shall not apply to FHA. The check of the successful bidder will be collected and the proceeds thereof retained to be applied in part payment for tbe bonds, and no interest will be allowed upon the amount thereof, but, in the event the successful bidder fails to comply with the terms of its bid, the proceeds of such check will be retained as and for full liquidated damages. The checks of the unsuccessful bidders will be returned promptly.

Bidders must bid at least par for the bonds and must specify tbe rate or rates of interest to be paid thereon, not exceeding five and one-half per centum (5½%) per annum, in multiples of one-eighth (⅛) or one-tenth (1/10) of one per centum (1%). Bidders may specify more than one rate of interest to be borne by the bonds, but the bonds of any given maturity must bear interest at the same rate. Tbe right is reserved to reject any and all bids.

Bids will be opened promptly after 11:00 a.m. (E.D.T.) on the date of sale. The award, if made, will be made promptly after the bids are opened to the bidder offering the lowest net interest cost to the Town, such interest cost to be determined by computing the total interest to maturity on all of the bonds and deducting therefrom the premium bid, if any; provided, however, that if two or more bidders offer to purcbase the bonds at the same lowest net interest cost, tben the award may be made in a ratable portion among such bidders, witb their consent, or the award may be made to one or the otber of sucb bidders.

Upon payment of the amount of the successful bid, together with accrued interest, less the deposit theretofore made, tbe bonds will be delivered as soon as practicable, upon due notice, to the purchaser in Baltimore City, Maryland. Delivery elsewbere will be at tbe expense of the purchaser.

The bonds described herein are general obligation bonds of the Town and will constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the Town.

The issuance of said bonds will be subject to legal approval by Messrs. Piper and Marbury, Baltimore, Maryland, and copies of their opinion will be delivered upon request, without charge, to the successful bidder for the bonds. Tbere will also be furnished the usual closing papers, including a certificate stating tbat there is no obligation pending affecting tbe validity of the bonds.

A financial statement concerning tbe Town, tbe required form of proposal and other data in reference thereto as may be desired, will be supplied to prospective bidders upon request made to tbe Clerk-Treasurer, Town Office, Accident, Maryland 21520.

ESTATE SALE

OF VALUABLE UNIMPROVED REAL ESTATE IN AND NEAR FRIENDSVILLE, MARYLAND

Under a Decree of the Circuit Court for Garrett County, Maryland, passed in No. 6436 Equity, which is titled in the matter of the Estate of Eldridge M. Coddington, the undersigned Administrators d.b.n.c.t.a. of the Estate of Eldridge M. Coddington will offer the following described real estate at public sale in front of the Court House for Garrett County in Oakland, Maryland, on

SATURDAY, MAY 4, 1974
AT 11:00 A. M.

All the right, title and interest of the Estate of Eldridge M. Coddington and those claiming by, through or under said estate, in and to the remaining portion of the Eldridge M. Coddington farm which was conveyed by Addie Coddington to Eldridge M. Coddington by deed dated March 28, 1927, and recorded in Liber E.Z.T. 95, folio 232, among the Land (Deed) Records of Garrett County, Maryland reference to which deed is hereby specifically made for a more particular description of said property, including any contiguous property, the title to which has been acquired by the Estate of Eldridge M. Coddington under the doctrine of adverse possession. EXCEPTING, HOWEVER, all those portions of said property and rights-of-way which have heretofore been conveyed away to others, deeds for which have been duly recorded among the Land Records of Garrett County, Maryland, reference to which deeds, as well as rights-of-way of every nature and description, is hereby specifically made and incorporated herein as though set forth in totidem verbis, and also excepting any portions of said property, the title to which may have been acquired by others under the doctrine of adverse possession.

THIS PROPERTY IS UNIMPROVED AND IS ASSESSED IN ELECTION DISTRICT NO. 2 AS FOLLOWS:

41.24 ACRES - $2,065.00

No representation as to the number of acres being sold is being made. A plat of the property which was prepared by James E. Moran, Surveyor, dated June 16, 1972, shows the general outlines of the property, a copy of which map is filed in these proceedings. A portion of said property which was conveyed to the State Highway Administration is shown on State Highway Administration Plat No. 43346, a copy of which plat is also filed in these proceedings. A water line of the city water company runs through a portion of said property. Bear Creek is one of the boundary lines of a portion of the property. A number of county and other roads pass through portions of said property. A portion of the property is located adjacent to a cemetery and is susceptible for cemetery lot purposes and could be subdivided into additional cemetery lots. Most of the property could be used for residential subdivisions. Part of the property lies within the city limits of Friendsville, and this is one of the largest undivided tracts located near the city of Friendsville.

TERMS OF SALE: One-fourth cash or certified check on date of sale; balance upon final ratification of sale. Taxes shall be adjusted as of June 30, 1974. State stamps and recording taxes will be equally divided.

NOTICE
OF
PUBLIC HEARING

A public hearing will be held at 7:30 p.m., Wednesday, April 17, 1974, in the Tawes State Office Building, 580 Taylor Avenue, Annapolis, on proposed changes to certain crabbing regulations. The proposed adoption of the regulations is pursuant to Natural Resources Article, Title 4 Sect 803 Annotated Code of Maryland (1974 Volume).

Changes in regulations governing, 'Crab Pots-Statewide' are proposed in Section B.

In paragraph three, the following language shall be omitted.

"thence southeasterly to BW Buoy N4B. Thence continuing along same course to Poolet Island Light, thence southwesterly to Buoy N2A thence northeast to BW Buoy N40B; thence to BW Buoy N2B"

Also, "thence northerly along shore to Lowes' point" to be amended to read "thence northerly along shore to Wade's Point"

Also, "thence in a straight line in a northwesterly direction to Bloody Point' be amended to read "thence in a straight line in a northwesterly direction to Buoy R2A; thence westerly to Kent Point."

Also, "thence to northwest of East Neck Island" be amended to read "thence to Cedar Point of East Neck Island."

Also, "thence to Worton Point" be amended to read "thence along shore to Worton Point."

And, thence to Meeks Point" be amended to read "thence along shore to include area known as Still Pond to Meeks Point."

Finally, the last sentence stating "Provided, however, that nothing in this regulation shall be construed to prevent the continued use of such devices for the taking of crabs as are being legally operated in Apes Hole, Johnsons Creek, Marumsco Creek and Little Annemessex River in Somerset County during the remainder of the 1974 crab season only, and provided further that nothing in this regulation shall be construed to permit the use of crab pots or any similar devices in the waters of Worcester County.)" be omitted from the regulation.

Section K is proposed to be added to regulation "Crab Pots-Statewide." It would state: "It is lawful to set crab pots of a size and construction as set forth in this regulation, in the waters of Chincoteague Bay, Sinepuxent Bay, Isle of Wight Bay, and Assawoman Bay and their tributaries in Worcester County, but the number of crab pots fished per boat shall not exceed one hundred (100)."

Regulation 8:02:03.03 permitting taking of "Egg-bearing female crabs in Worcester County" would be rescinded.

Copies of the proposed changes will be available at the hearing and further information is available by contacting the Department of Natural Resources, Fisheries Administration Annapolis.

The proposed changes would take effect April 30, 1974.

IN MEMORIAM

In loving memory of my son, Darrel Calvin Beitzel "Jake", who passed away April 22, 1972.
Your gentle face and pleasant smile
With sadness we recall,
You had a kindly word for each
And died beloved by all.
You are not forgotten, loved one
Nor will you ever be.
As long as life and memories last,
We will remember thee.
We miss you now, our hearts are sore,
As time goes by we miss you more.
Your loving smile, your gentle face,
No one can fill your vacant place.

THE REPUBLICAN

VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. APRIL 25, 1974 | PER COPY 15c | NUMBER 8

Prayer Crusade . . .

A historic resolution recently was passed by the Senate of the United States, in which it proclaimed Tuesday, April 30, as a National Day of Humiliation, Fasting and Prayer, and called upon the people of this nation to humble themselves as we see fit, before our Creator, to acknowledge our final dependence upon Him and to repent of our national sins.

The resolution was sponsored by Senator Mark Hatfield and Senator Harold Hughes. It was a significant step taken by the Senate, and one of the most significant steps taken since the Senate confirmed President Abraham Lincoln's call to prayer in 1863.

This comes at a time when our nation is searching diligently for direction. We are experiencing a time of national uncertainty. News of our day tells a story of corruption, violence, doubt, fear.

The Scriptures give a promise that speaks to America's condition today: "If my people who are called by my name shall humble themselves and pray, and seek my face and turn from their wicked ways, then will I hear from heaven, will forgive their sins, and will heal their land." — Second Chronicles 7:14.

We can experience a rebirth of the moral and spiritual values that has given our nation strength down through history if we aid in observing this day.

Assault By Means Of Firearm Draws Heavy Court Fine

Assault by firearm drew a heavy fine from Judge Lewis R. Jones in District Court during the week ending April 22. Other cases were dismissed or the person was not guilty.

John D. Bittinger, RD 2, Grantsville, pleaded not guilty of assault on Elma Mason by pointing a rifle or shot gun at her on April 6 on Bear Hill road, Jennings, at a trial last week. Bittinger was found guilty and fined $100 and $10 costs. A 30-day jail sentence was suspended and he was placed on probation for one year on the condition he be of good behavior and refrain from the use of alcohol.

Bittinger also pleaded not guilty of obstructing passage on a highway. He was found guilty and fined $25.

Della Mae Stemple and Clarence Stemple, Jr., botb of RD 3, Deer Park and Josepbine Lloyd, Mt. Lake Park, were each charged with larceny of $15a, the property of Harry Tusing on Underwood Road April 6. At trial Monday, the ease was dismissed due to insufficent evidence.

Bertram H. Upbole, Swanton, had been charged with operating a motor vehicle without the owner's consent. At a trial Monday the case was dismissed as it was said to be a civil matter, not criminal.

Donald Sirbaugh, Mt. Lake Park, had been charged with unauthorized use of a vehicle. At a trial Monday he was found not guilty.

Two Hurt In Separate Mishaps Tues. Afternoon

Two county men were injured in separate accidents Tuesday afternoon, and are patients in area hospitals.

Raymond Butts, Route 1, Gormania, remains a patient at West Virginia University Medical Center, Morgantown, where he was taken by members of the Southern Rescue Squad following initial treatment at Garrett County Memorial Hospital.

Mr. Butts suffered back, chest and shoulder injuries when the ear on which he was working slipped from a jack.

Elwood Savage, Red Run area, suffered pelvic injuries when a tree he was pulling down with a tractor landed on him. He is a patient at Garrett Memorial Hospital, Oakland, where he was taken by members of Southern Rescue Squad.

Some 175 Attend Democrat Dinner

Congressman Goodloe Byron, from the sixth district, was the speaker at the fifth annual Jefferson-Jackson Day dinner, held at the American Legion home last Wednesday evening, April 17, under sponsorship of the county Democrat club. Some 175 attended with representatives from each of the sixteen election districts.

Byron is a candidate for re-election. Gilman Sylvester, master of ceremonies, introduced several candidates who have filed for office, the three commissioners, Wayne Hamilton, Bernard Guy and Earl Opel, also John Evans candidate for sheriff. Sheriff Jack Browning bas not yet announced his candidacy but was present. Mrs. E. I. Baumgartner led the pledge of allegiance. Mrs. Louise Seggie, Accident, announced she had tickets for the spring luncheon, to be held at the Ah Ghan Shrine country club for interested persons.

May 10 Is Final Day To Change Party Affiliation

Deadline for eligible voters who wish to change their party affiliation is May 10, it was announced by the Board of Election Supervisors this week. An amendment to the Registration and Election laws, Article 33, section 3-8 (b) by the Legislature last year, substituted "four months before any regular election," for six months before any regular election."

As a result, no change of party affiliation can be made after May 10. But voters can change their affiliation during the time the books are open after the primary election.

According to Article 33, Section 3-8 (a) registration books remain closed for ten days after a primary election. The primary election this year is set for September 10 and the books will reopen September 23 for registration, change of party affiliation and other transactions. Books will remain open until October 7 prior to the General Election, which is set for November 5.

Deadline for filing for candidacy is July 1, at 9 p.m., the board revealed. Each candidate for nomination for or election to public or party office, upon or before, and as a condition precedent to qualifying as such candidate, shall appoint one campaign treasurer with the board or with the State Administrative board of Election Laws. Every treasurer so appointed shall accept such appointment in writing prior to filing. The board or the state board shall not accept any certificate of candidacy either finally or conditionally, unless the name of the treasurer has previously been filed.

The office of the Board of Supervisors of Elections is located in the Knights of Pythias building, 12 South Third Street, Oakland, and is open Monday through Friday, from 8:30 a.m. to 4:30 p.m.

Winter Returns To Mountain Top

Winter made a return engagement to the Mountain Top yesterday with snow continuing with various densities throughout the day. The mercury edged just above the freezing mark by mid-afternoon. This came on the heels of a fair, mild weekend.

Last Thursday's partly cloudy skies increased with rain at night and into Friday morning. Skies cleared late Friday and remained so through the weekend, to about noon Monday. There was more rain Monday night and into Tuesday morning. Tuesday there was variable cloudiness with a few light showers.

Before dawn yesterday the rain showrs had turned to snow showers. These continued throughout the day at varying intensities with the denser falls later in the day. There was little accumulation, the ground being warm. Precipitation during the week amounted to .45 inch.

High temperatures during the week averaged 64 degrees with the highest being balmy 73 degrees Sunday, followed by 71, Monday. Frost was noted every morning but Monday and Tuesday, with temperature averaging 32.3 degrees. On the whole, mercury readings averaged just one degree abov the normal.

It had been quite breezy since Monday noon with light gale force winds Tuesday afternoon, but diminishing late yesterday.

Skies cleared during the night, being cloudless at dawn. Again there was a frost with mercury in the mid-twenties.

May 4 Bird Count Volunteers Needed

Volunteers to assist with the first bird count of the year in this county are needed, according to Mrs. William Pope, coordinator of the count in this area.

The count will take place from midnight to midnight, May 4. Those interested in helping may count either at feeders or in selected areas of the county and should contact Mrs. Pope as soon as possible.

Mrs. Pope is a member of the of the Maryland Ornithological Society and will forward a record of the count here to Patuxent Wildlife Research Center at Laurel.

Twenty-four people assisted with the December 16 count last year, tallying a record 78 species during a 24-hour period.

Mrs. Pope is also interested in reports of local active bird nests throughout the spring and summer.

Miss Fay To Appear In Baton "Who's Who"

Marilyn Foy, daughter of Mrs. Betty Foy, Mt. Lake Park, will be featured in the 24th edition of "Who's Who in Baton Twirling" which compiles articles and pictures on the most prominent participants in twirling.

Miss Foy has been a majorette with the Southern Jr.-Sr. High School band for four years. She studied baton with Karen Wolfe Studio, Morgantown, and was a member of the Blue Devils on Parade for two years.

Loch Lynn Mayor Pleads Guilty Of Assault, Battery

The trial of Lawrence Groves, Mayor of Loch Lynn, postponed twice, was held in District Court Tuesday when Groves pleaded guilty of assault and battery.

Groves had been charged with assault and battery on Jerry Lee Wilt at a meeting of the Loch Lynn Town Council April 1. Wilt was treated and released from the hospital as a result of the brawl.

A pre-sentence investigation has been ordered.

Also tried on Tuesday was Cheston Miller of Gortner. He pleaded not guilty of fleeing or attemping to elude a police officer on Kempton road March 3. He was found guilty and fined $100. Miller also pleaded not guilty of negligent driving the same time, but was found guilty and fined $30 and $5 costs.

National Guard Completes Weekend Drill Session

Members of Company C, 121st Engineers, National Guard, held their monthly weekend drill April 20 and 21, under command of Capt. Donald E. Smith. At 7:30 April 20, elements of the Frostburg and Oakland armories conducted a field exercise, using infantry tactics, at the Bittinger 4-H center, with each element returning to their home armories the same evening.

One Sunday drill was held at the Oakland armory. The training consisted of classes on operation and radio procedure, drill and ceremonies, vehicle maintenance and operater forms, maintenance of platoon and squad equipment.

SSgt Cole, of Battalion headquarters, Ellicott City, visited the unit. The next drill session will be held May 11 and 12, with the unit preparing for the annual summer camp at Camp A.P. Hill, Va., May 25 through June 8.

County Gets $3,971.42 From Admittance Taxes

The distribution of admission and amusement tax revenues to Maryland's counties and incorporated cities for the first nine month- of fiscal year 1974 is 15 percent greater than during the same period of the previous year, according to State Comptroller Lonis L. Goldstein.

The office distributed a total of $4,344,697 for the period. Admissions and amusement tax distribution during January, February and March of 1974 amounted to $1,458,306. Distribution of these revenues included $3,971.42 for Garrett county. Fifteen counties and Baltimore received more with eight counties receiving less.

Caroline county, lowest on the list, received just $460.07.

Avilton Resident Charged With Morals Violations

An Avilton man, charged on a morals case, was released on $2,500 bond Wednesday after spending the night in Garrett County jail.

Floyd Francis Wilhelm, Jr., 22, Avilton, is charged with performing a perverted sex act, carnal knowledge of, and assault on a young girl. The offense allegedly occurred April 21 at Avilton.

Tfc. Robert E. Friend, criminal investigator tor the Maryland State Police, made the arrest Tuesday night. Bond was set by District Court Judge Lewis R. Jones in Oakland. No trial date has been set.

C & P Truck Destroyed By Fire Monday Morning

A C&P telephone truck and its equipment were destroyed by fire about 9:30 a.m. Monday at Limpopo North real estate development on Mosser Road.

Twelve members of the Deep Creek Volunteer Fire Department responded with three pieces of equipment, but the truck was almost completely destroyed by the time they arrived.

No estimate of damage has yet been made by either the fire company or C&P Telephone Company, but the damage will total many thousands of dollars.

Jennilee Stemple Public Speaking District Winner

Miss Jennilee Stemple of Mt Lake Park was named winner in Intermediate Girls Division of the District 4-H Public Speaking Contest held Friday, April 19th, at the Holiday Inn in Cumberland. She is the daughter of Mr and Mrs. William Stemple and a member of the Monte Vista Jr. 4-H Club.

Kevin Stoner Intermediate boy, and Jimmy Shaffer, Sr. boy, were named Reserve Champions in the competition, which included Allegany, Washington and Garrett Counties. Garrett was also represented by Debbie Friend, Durenda Riley and Warren Glotfelty. Garrett's representatives had been selected to represent the county at the annual County Contest held in March.

Nineteen parents and friends including judges David Miller and James McHenry were present from Garrett County.

JWCC Sponsoring Third Collection Of Glass For Recycling

The third county-wide collection of glass for recycling will be sponsored next Friday, May 3, at Browning's Foodland parking area, Oakland.

The recycling project is headed by the Junior Woman's Civic Club, whose members supervise the collection and crush the glass before it is hauled to Keyser.

Glass will be accepted between 9 a.m. and 8 p.m.

According to Joan Heimmdinger, project chairman, many individuals and organizations in the community have responded with interest and enthusiasm.

Those wishing to bring in glass for recycling should save all bottles and jars, sorting them according to color; have them reasonably clean (paper labels may be left on) and remove all metal rings.

Cancer Crusade Panel Discussion, Skating Party Set

Activities in the Garrett County cancer crusade are accelerating this week, as the month designated for the fund drive draws to a close.

This Thursday at 3 p.m., there will be a panel discussion on WMSG's "Switchboard" program. Featured guests will be Jerry O'Neill, executive secretary of the Western Maryland district, American Cancer society; Chet Englander, chairman of the Garrett County cancer unit, Mrs. John O. Durst, chairman of the southern Garrett crusade, and Dr. Joseph Alvarez, surgeon.

This Sunday at 2 p.m. there will be a skating show at Tri-R Roller Rink near Oakland. Local talent will present dances, spins, jumps and other figures they have learned. Admission is 50 cents. Open skating will follow the show. All proceeds will go to the Cancer Society.

Mr. Englander stressed the importance this week of two little-known methods of contributing to the Cancer Society — memorials and legacies.

In more and more instances, families are requesting that a contribution to the American Cancer Society be made in lieu of sending flowers to the funeral. To make a contribution, contact Mr. Englander, Mrs. Durst, or any chairman of the society.

Nationally, the Society is finding approximately 23 percent of its annual funds from legacies willed to help fund research, education and service projects.

In 1969, $14,407,712 came to the society from legacies.

Volunteers are still going from door to door throughout the area for contributions to the society.

Cancer remains the second largest killer of Americans, striking two out of three families.

To Offer College Course

A new instructional program in Wildlife Management Services will be offered by Garrett Community College at McHenry in the Fall Semester, according to an announcement by O. Randall Harman, professor of Environmental and Renewable Resources Technology. This is a 2-year degree program with emphasis given to ecology, fishery, biology and management, game animal biology, and wildlife management techniques. The program is designed for full-time or part-time students who may be interested in occupations related to wildlife preservation and management.

Firemen Called Twice

Oakland firemen answered two calls over the weekend, both of them minor in damage.

The first call Saturday afternoon at 2 o'clock came from the home of Jerry Stewart, on Dilley Road, near Crellin, as the result of a grass fire which was beyond control. There was only light damage.

The second call came at 3:50 Sunday afternoon where some lumber and trash on a loading dock behind Acorn Associates on Liberty Street, had ignited. The property is owned by Homer Bennett. There was little damage reported here also.

Quiz Team Wins First Competition

Southern High School's quiz team, traveling to Baltimore to compete on the television program, "It's Academic," won their first round of competition April 17.

This is the first time Southern's team has won the competition. Amassing 550 points, they defeated Towson Catholic High School, 335 points, and Forest Park, 210 points. First prize is a $300 scholarship.

Members of the team are Don Burton, captain; John Tasker and Barry Sweitzer. Tom Swiger, Robin Rodeheaver, Mike Pendergast and Larry Groves are alternates.

Accompanying the team to Baltimore were Mrs. Jean Grose, team advisor, and David Beard.

The program will be seen May 28 over WBAL TV, Baltimore channel 11. The team returned to Baltimore on April 24 to compete in the second round against Western High School and Williamsport High School.

Pat Fischetti Is Elected Mt. Top Commerce Head

Pat Fischetti, manager of Bausch and Lomb Lens Manufacturing plant, Mt. Lake Park, was elected president of the Mt. Top Chamber of Commerce last Thursday at a meeting of the Board of Directors at the Allegheny Room, Oakland.

Gilman Sylvester is vice president, Maurice Brookhart, treasurer and Miss Sue King was re-elected secretary.

Re-elected to the Board for three-year terms are John Durst, Col. J. Haig Jackson, Courtney Tusing, and William A. Shirer.

Other Board members are Robert Rudy, Emile Germain, James Helbig and Charles Briner.

Bicycle Safety Program Planned

A program on Bicycle Safety will be conducted by Trooper C. H. Hinnant of the Md. State Police on Wednesday, May 1 from 7:00-8:30 p.m., at Southern High School. This will be an opportunity for youth and adults to review the Road Rules and Laws governing the use of bicycles on the streets and highways.

This public meeting, under the sponsorship of County 4-H Program and the Optimist Club of Oakland is a part of a 5-week clinic on Bike maintenance and safety and should be of interest to anyone owning and riding a bicycle and any parent whose child has a bicycle.

SHS Golf Team Busy Last Week

Southern golf team members have played several matches during the past week. Oakland was low scorer in a three-way match between Moorefield and Petersburg, with a score of 319. Petersburg had 570 and Moorefield 576. Dave Sharps was low man for Southern with 45 and 37, followed by Jim McHenry, 42

115 Residents Hear Land Use Plan Summaries

Presentations Made This Week At Two Schools; Another Meeting Set Monday

Approximately 115 persons attended the two public hearings this week on the proposed land use plan for Garrett County.

Some 65 were present Tuesday night at Southern High School for the presentation, while 50 turned out from the northern area for the meeting Wednesday night at Northern High School.

At both hearings, conducted by Charles Bender, chairman of the County Planning Commission, Marshall Rickert, County Planning Director, presented the concepts contained in the land use plan. Mr. Bender and other members of the Commission then answered questions from those attending concerning the proposed plan and took testimony for public record.

According to Mr. Rickert, the general nature of the comments was favorable.

County Planning Commission members, in addition to Mr. Bender, are George Brady, Merle A. Garletts, Robert O. Glotfelty, Wayne B. Hamilton, J. Haig Jackson, and Thurl W. Tower.

The County Commission conducted hearings of record on August 18, April 23 and 24, and will conduct an additional hearing Monday evening, April 29, at Garrett Community College. The Commission, which has been preparing this land use plan for the last two and one-half years, had conducted numerous public meetings to obtain suggestions from the citizens before submitting the proposed plan to the State of Maryland as required by law.

Summary Copies Available

Last week a summary of the Comprehensive Plan was included in local issues of The Republican, and additional copies of the summary are available at the County Planning Commission office for those out-of-County residents who are interested.

Summer Theatre Offers 7 Plays

Seven weeks of entertainment will be offered by the Garrett County Playhouse this year beginning Wednesday, July 3, and continuing until August 17, it was learned this week.

A list of the plays was furnished Charles L. Briner this past weekend by Gene Yell, director. Briner is pubicity agent for the summer theatre. One change is noted this year. Plays will operate from Wednesday through Saturday of each week, which will eliminate the Tuesday night performances which were in effect in previous years.

The list of plays:

"How the Other Half Loves," by Alan Ayckbourn, July 3 to 6.

"Spider's Web," by Agatha Christie, July 10 to 13.

"Let Sleeping Wives Lie," by Harold Brooke and Kay Bannerman, July 17 to 20.

"Spoon River Anthology" by Edgar Lee Masters and Charles Aidman, July 24 to 27.

"Lovers and Other Strangers, by Renee Taylor and Joseph Bologna, July 31 to August 3.

"Charley's Aunt," by Brandon Thomas, August 7 to 10.

The final week's bill will be three one-act plays as follows: "The Boor", by Anton Tchekoff; "The Pot Boiler," by Alice Gerstenberg; "Solitaire and Other Games of Chance," by "Milburn Melburn," from August 14 to 17.

Mehlhop, an actor at the Playhouse for the past several years, is presently employed in the advertising department of the H-P Stores, Inc., in Mt. Lake Park, and will be included in the various casts this summer.

Seasons tickets are $24 which admits eight people for one performance. General admission is $3.50 during the three nights and $3.75 for Saturday. Children's tickets will remain at $1.50. Tickets are available at the three Oakland pharmacies in Oakland, or through post office box 311, Oakland.

This year will be the twentieth consecutive season for the Garrett County Playhouse, having

Lakers Take Pair From Dundalk Sat.

Ernie Shotwell fired a three hitter in the opener and Charlie Shahan slammed two three-run homers in the night-cap in leading Garrett Community College to its second double header sweep over Dundalk 9-2 and 16-7 Saturday afternoon at McHenry.

The double win evened Garrett's record to 4-4 with all four victories over Dundalk.

Shotwell evened his record at two wins and two defeats. He gave up two hits and two runs in the opening inning and then settled down to hold Dundalk to only one hit over the final six frames.

The former Southern High standout, who was an ironman in last week's twin sweep, struck out 10 while walking only one and also came back again and clutched relief in the second game.

Shotwell also singled home John Raszka for the first Laker run in the fourth frame and later scored on a sacrifice by Shahan. Garrett took the lead in the fifth on Tom Bosley's single and two errors for two runs. In the second game Shahan slammed his first three-run blast to give Garrett a 5-4 lead in the third and hit his second homer in the sixth when the Lakers pushed across five runs.

Paul Lewis worked the first three innings to pick up the win. Shotwell hurled two and one-half innings and Don Shifko pitched the last one and one-half innings.

Fishing Violations Noted On Docket

Three fishing violations were noted in the docket of District Court in Oakland for the week ending April 22. All forfeited collateral.

Co. Commissioners Review Budgets

Several items of importance to the county, were discussed at the weekly meeting of the Board of County Commissioners on Monday in the court house.

Edward I. Heath executive director of the Tri-County Council for Western Md., Inc., spoke regarding the council's budget. Most of the council's money comes from federal sources but each of the three westernmost counties participates with local funds. The council has served this county by obtaining federal funding for various programs. Since 1965 this county has received $8,737,010 through the council.

Representatives from the Governor's Commission on Youth, presented recommendations from the workshop on the needs of the county youth held last month. After coordination with various county agencies that have youth related programs the commissioners said they would review the Governor's Commission on Youth's proposals to see how they can be implemented.

Frank McRobie, representative of the Parks Service, spoke concerning providing a piece of land of about two acres to the county for a radio tower. This would be part of the county centralized communications system.

Dr. Wiley and Chris Matthews, Maryland Environmental Service, commended the commissioners for the solid waste comprehensive plan and offered assistance in helping to get it implemented. Funds from the Appalachian Regional commission have not been received as of now, but are expected before the upcoming fiscal year.

Commissioners also discussed the Library budget for the new fiscal year with Miss Edith Brock, librarian. They said plans to build the Accident branch would be delayed until the town's new water and sewage facility is completed.

In other action the commissioners received several more county budgets and discussed the new Savage River bridge.

Deep Creek VFD To Sponsor Cub Pack

Members of the Deep Creek Volunteer Fire Department have decided to sponsor a cub scout pack in that area.

There will be an organizational meeting on Wednesday, May 1 at 7:30 p.m., at the McHenry Fire hall. Interested boys between the ages of eight and ten inclusive, are being invited to attend with their parents. Other interested persons are also welcome.

Stanley Callis, Mt. Lake Park, district scout commissioner, will assist in the organization of the pack.

Edwards Was Speaker At Methodist Breakfast

Sterling Edwards, founder and director of the Fisherman's net ministries, in Hagerstown, was the speaker at the annual Methodist Laymen's Breakfast at Kingsley United Methodist Church, Cumberland, Sunday, April 21.

Mr. Edwards and his wife, the former Jacqueline Calhoun, daughter of Mrs. Bonnie Steele Calhoun, Oakland, began a weekend coffeehouse ministry in Hagerstown in late 1972. The following spring they gave up teaching careers to devote full time to faith ministry. Both are graduates of Frostburg State College.

The Fishermen's Net now includes a singing group known as the Singing Fishermen, a week-by Bible Study, prison and letter-writing ministries and street evangelists as well as the regular weekend coffeehouses.

The couple has two daughters.

Following the breakfast, Mr. and Mrs. Edwards spoke at the 10:45 a.m. service of First United Methodist Church, Cumberland.

Recent Three-Car Mishap Injures 3

Three persons were injured in a recent three-car mishap near Grantsville.

Walter L. Shimborske, 28, California, Pa., driver of one car, and two of his four passengers, William Wright, and Charles Fay, both 26, also from California, were injured. The Northern Rescue Squad responded to the call but apparently no treatment was given at the scene of the accident.

Richard W. Miller, Accident, and James N. Eckstein, Baltimore, were headed east on U. S. Route 40 near the Zehner road west of Grantsville about 2:45 p.m., April 6. Eckstein attempted to pass the Miller car. Shimborske headed west, was sideswiped by the Eckstein car which then hit the Miller car.

Trooper David Miller charged Eckstein with passing on the left when unsafe.

YFC Walkathon Is Saturday, May 4

A 1974 Gremlin automobile will be the first prize in Mt. Top Youth for Christ's second annual Walkathon to be held May 4.

Registration will begin at 9:15 a.m. at Par-Matt Lanes, Oakland. Anyone may enter the event, although those under 13 must be accompained by an adult.

The car will be awarded to the person turning in the most money by May 18 to the Garrett National Bank.

Second prize will be a 1974 Suzuki Ranger TC-185 motorcycle.

Third prize, will be a pair of John Deere ten-speed racer bicycles.

There are four other categories of competition, category prizes, based on time lapsed, group fund raising plan, camp-convention plan, and scholarship plan. Further details are available from the YFC office, Alder Street.

Walkers must have $1 sponsored per mile to be eligible for any prizes. Presentation rally will be May 25 at 8 p.m. at Garrett Community College.

Mining Permit Hearings Scheduled

Public hearings will be conducted Wednesday, May 15, on the issuance of two permits to strip mine operators for current operations in Garrett County.

Acording to the State Water Resources Administration, tentative approval has already been given to the Upperman and Bittinger Coal companies to build sediment ponds on the mining sites. The hearings are scheduled for the May meeting of the Land Reclamation Committee to fulfill the letter of the law passed last year by the General Assembly.

Upperman's permit is asked to discharge sediment pond effluent into Laurel Run and Trout Run south of Deer Park. The receiving waters are classified for water contact recreation.

Bittinger's permit is for the purpose of discharging into an unnamed tributary of the North Branch of the Casselman River, west of Jennings. Receiving waters here are also classified for water contact recreation, for fish, and other aquatic life and wildlife.

The hearings are set for 11 a.m. in the Westernport City Council meeting room.

Persons wishing to comment on the permits may do so orally or in writing, by submitting a written statement to the Water Resources Administration five days prior to May 15.

Sen. Wilson Is Speaker For Lions

State Senator William Wilson, representing Garrett and Allegany counties at the General Assembly, was the speaker at the meeting of the Oakland-Mt. Lake Park Lions club Monday night. His topic concerned some of the bills that failed to become law during this session of the Assembly, and also the importance to Garrett county of the land use bill that is now in the hands of the Planning and Zoning Commission of the State.

Other guests were Joseph Dorsey, who gave a talk on G. Halbert Fritz, candidate for district Governor of Lions 22-W, and DeCorsey Bolden, Garrett County representative in the House of Delegates.

Nominees for officers of the local club are Wayne Johnson, president; Roger Glotfelty, first vice president; Thomas Kuhn, second vice president; Fred Colaw, third vice president; Charlie Grubb, secretary; Robert Kurtz, treasurer; Milford Beckman, tail twister; Tom Graham, lion tamer. Directors elected for one year are Robert Proudfoot and James Nordeck, for two years, Arthur Calhoun and James Hesen. The election and installation will take place at the last meeting in June.

Rev. Lawrence Sherwood will be guest speaker at the next meeting and will show slides of his recent trip to England.

Regional GOP Meeting Scheduled Sat., May 18

The Southern Garrett County Republican Women's Club featured a white elephant sale at its meeting Monday evening at the Oak Park Church of the Brethren. Cora Bowser served as auctioneer.

A western regional meeting will be held at Lane Center, Frostburg State College campus, Saturday, May 18, in the form of a seminar to teach volunteers how they can work with a candidate in a successful campaign. Speakers will be Helen Delich Bentley, chairman of the Maritime Commission, Senator Edward Mason, Allegany county; Tom Butscher, Oakland; Robert McKee, delegate to the 1972 Republican convention; and Ray Gile of the Tri-State Publication company.

Registration will begin at 9:30 with a lunch served at noon. Both men and women are invited. Reservations are to be made with Brenda Butscher by May 7. The western region includes Allegany, Garrett and Washington counties.

To Observe Memorial Day On May 27th

Maryland will observe Memorial Day on May 27 instead of May 30 this year despite enactment of legislation to restore the holiday in its traditional spot on the calendar.

Gov. Marvin Mandel decided not to take any action on the bill until after Memorial Day so that Marylanders with plans for a three-day weekend won't have to change them.

If the governor signs the bill it also would restore Veterans' day to November 11.

The Hot Dog Label

Have you looked at a package of frankfurters lately? Notice anything new about the name?

Since January 1, you've been able to pick up a package of "hot dogs," "franks," or "furters," and still get the same "frankfurters" or "wieners" you've been buying all along. All five names now identify the same product, says the U. S. Department of Agriculture (USDA).

New federal labeling regulations for hot dogs and other cooked sausages now make it easier for you to decide what to buy — without trying to determine if there is a difference between a "hot dog," "frank," or a "wiener."

And to further reduce confusion, USDA has banned the use of wording like "all meat" and "pure beef" on labels. All cooked sausages — like hot dogs — are made with other ingredients — including seasoning, water and curing substances, which makes the term "all meat" misleading.

The new regulations also require processors to label hot dogs (and other cooked sausages like bologna and knockwurst) in one of three ways:

Those formerly listed as "all meat" will simply be called "frankfurters" or "wieners" or one of several nicknames, including "hot dogs." As before, products in this category must be made only from skeletal muscle meat — that is, meat derived from a primal part of the carcass. If it's made from only one species, the label will say something like "beef frankfurters" or "pork franks."

A second category will allow the use of hearts, tripe, and other edible byproducts along with the skeletal meat. These nutritious byproducts are sometimes called "variety meats." Sausages including these parts must be labeled, for example, "franks with byproducts" or "wieners with variety meats."

If binder materials — such as nonfat dry milk and soyflour — are added, the product would fall into a third category. Their labels must prominently show these ingredients, using names like "beef franks, soy flour added" or "hot dogs with byproducts, nonfat dry milk added."

Remember that all ingredients will continue to be listed in decreasing order — the item making up most of the product is listed first.

No matter which name is used on the product you buy — hot dogs, wieners, franks, frankfurters, or furters — you can depend on its being wholesome. Like all meat and poultry products, frankfurters are carefully monitored through all stages of processing, labeling and packaging by Federal or State inspectors — explicitly for your protection.

Summer Theatre

(Continued From Page One)

opened its doors in July of 1955. Originally staffed with actors from Professor Gene Yell's drama classes at the University of New Mexico, it now includes young professional actors and actresses from New York and other points. A number of these actors who received their first acting assignments at the playhouse have gone on to successful careers in the theatre and television.

After a disastrous fire in 1962 destroyed the original home of the Playhouse at McHenry, the Blue Barn on the Beckman peninsula, Deep Creek Lake, was obtained which has been used since that time.

and 41.

On April 18, Oakland defeated Keyser 260 to 310 in nine-hole play. Jim McHenry was low man with 38, followed by Brian Frederick with 42.

Dave Sharps was again low scorer in defeating Boonsboro 16 to 2 and Beall 14 to 4, when he shot 39 and 42. Brian Frederick had 45 and 44 against these schools.

The next match will be against Keyser's team on the Oakland course on April 29.

Judge Jones Denies Petition in Hospital Case

An opinion filed last week in District Court, Cumberland, by Judge Lewis R. Jones, of Oakland, denied a petition in which a Cumberland man had sought to obtain certain records regarding Memorial Hospital in that city.

In denying the petition filed by Robert H. Herboldsheimer, Judge Jones said Memorial Hospital was not an agency of the city of Cumberland and therefore did not come under the statute covering public records. Mr. Herboldsheimer said he planned to appeal the decision.

The man had filed a petition to obtain the salary of the hospital director, the minutes of the meeting of the board of directors of the hospital for January, 1963 and the amount of money paid by the hospital to the law firm of Geppert, McMullen and Paye. The man had contended in his original petition that Memorial Hospital was an agency of the city of Cumberland.

CALL

NAYLORS

YOUR JACUZZI DEALER!

Remember that car you bought, thinking you couldn't afford a better one? Remember how often it was in the garage, wasting your time and money? You wished you had spent a little more to begin with, didn't you?

Well, remember all that when you're buying a water system. It works the same way. Jacuzzi equipment may cost a few dollars more than some of the racy little stripdown models, but Jacuzzi builds quality and dependability into it. That way you never wind up paying more for repairs than you did for a pump.

So, if you're buying a water system, see us. You could buy a cheaper system, but it would cost you more!

Mt. Storm Woman Hospitalized Friday Following Mishap

A Mt. Storm woman was hospitalized following a two vehicle collision in the Rosedale area late Friday afternoon.

Bonnie Rosetta Carpenter, 18, of Mt. Storm, W. Va., was taken to the Garrett County Memorial Hospital following the accident at the Hutton-Crellin road and the Oakland-Rosedale road (Sterling Processing road) about 4:40 p.m. last Friday. She was taken to the hospital by the Southern Garrett County Rescue Squad where she was admitted but discharged Sunday.

Ray Russell Gnegy, RD 2, Oakland, driver of the pick-up involved, was apparently not injured.

Gnegy was driving west on the Hutton-Crellin road, Md. Rt. 39. Bonnie Carpenter attempted to make a left turn from Oakland-Rosedale road onto Rt. 39 and failed to grant right-of-way to the Gnegy truck and collided with it. The Carpenter car was spun around 180 degrees until it was headed the direction from which it originally came.

Trooper C. H. Hinnant charged Bonnie Carpenter with failing to grant the right-of-way to a vehicle on a thru highway.

Piedmont Beaten By Southern 10-2

Craig Bosley smacked a home run in the third inning and Southern High took advantage of five Piedmont fielding miscues to wallop the Lions 10 to 2 in a Potomac Valley conference game Monday afternoon in Oakland.

The win was the first for the Rams against league competition while Piedmont is 1-3.

Mike Brady, striking out eleven hitters and walking only one, scattered three hits. Both of Piedmont's runs were unearned. Bobby Fike also went the route for Piedmont, fanning seven and walking four.

After the Lions had taken a 1-0 lead in the opening inning Southern came back with a pair of runs on two hits, two passed balls and two Piedmont errors. Piedmont scored its final run in the third but Southern got a home run from Busley also in the third and scored twice more on two errors and two hits. The Rams tallied again in the fifth and got four runs in the sixth inning on three safeties and another miscue.

Playing for the Rams were Shotwell, Ingram, DiSimone, Fletcher, C. Bosley, Brady, Tressler, Mattingly, T. Panther, Kitzmiller, D. Stuck, Robinette, and L. Panther.

Miss Bowser Is Wed To Mr. Bean

Wedding vows were exchanged Saturday, April 20, by Miss Margaret Ann Bowser and Edward Lee Bean.

Rev. Gerald F. LaPorta performed the double ring ceremony in St. Peter's Catholic Church, Oakland. Carole Lemmert, sister of the bridegroom, was organist.

The bride is the daughter of Mr. and Mrs. Fred E. Bowser of Accident. Mr. Bean is the son of Mrs. Eleanor Richards, of Frostburg, and the late Edward Bean.

Escorted to the altar by her father, the bride wore an empire gown of silk satin peau with Nottingham lace comprising the bodice and cuffs. The flat waistline bow topped the full bell skirt which was edged in matching lace. The skirt swept to a full cathedral train. A Camelot half-bonnet of Nottingham lace with pink satin ribbon held a triple tiered veil of silk illusion. She carried a cascade bouquet of pink rosebuds, daisies, and baby's breath.

Matron of honor for her sister was Phyllis Vitez of Accident. Bridesmaids were Alice Moore, Terra Alta, W. Va., Ila Steinly, Cumberland, and Sharon Winters, Frostburg. Flower girl was Dianna Vitez, Accident, niece of the bride.

Best man was Stephen Conrad, Lutherville. Ushers were Ray Steinly, Cumberland; Elmer Smith, Frostburg, and William Bowser, brother of the bride. Ring bearer was Owen Dolan, jr., nephew of the bride.

A reception followed at the Accident Fire Hall. Mrs. Suzanne Dolan and Mrs. Agnes Colgan served punch. Mrs. Hazel Spessard and Mrs. Wanda Bowser served cake.

For travel through Virginia, the bride wore a two-piece pink dress with white accessories and a corsage of pink roses lifted from her bouquet.

A graduate of Northern High School, the bride is employed at the Kelly-Springfield Tire Company in Cumberland.

A graduate of Beall High School, Mr. Bean served four years in the Navy. He is employed by Maryland State Police as a communications operator at Hagerstown.

Receives Award For Safety Performance

L. G. Defelice, Inc., of North Haven, Connecticut, was presented an Outstanding Safety Performance Award by the U. S. Army Corps of Engineers for its work on the Bloomington Lake Project for the period February 1973 to February 1974.

The award was presented to Victor Hallberg, President of the firm by Colonel Robert S. McGarry, Baltimore District Engineer at the Upper Potomac Area Office, Bloomington on April 22.

Defelice has been involved in the construction of the Tunnel and Outlet Works facilities for the Bloomington Dam Project and completed during the one year period 68,341 manhours without lost-time accident.

The contract awarded in February 1973 is 53% complete.

Travesty Of Justice?

A radio station editorial from Pittsburgh, written by Roger Colloughby-Ray concerns "The News Media," and comes at a good time.

He said: "A short time ago, Daniel Ellesburg stole secret government documents from the Pentagon. He did so at a very crucial time in the President's negotiations to end the Vietnam war. His actions could have well jeopardized the outcome of those negotiations and, indeed, may well have caused some delay in their successful conclusion at a cost of many American lives as well as the lives of hundreds of Vietnamese and Viet Cong.

"For someone so endangers the National Security, a complete investigation is in order by the Administration. This investigation took place, but instead of Daniel Ellesburg, who stole the secret documents going to jail, it was the loyal government aide who conducted the investigation who is going to jail. How could this happen? What could cause this amazing travesty of justice? In a word, "The News Media."

"The News Media, and in particular, the three big networks, have traditionally leaned well to the left. They, therefore, found themselves far more in Daniel Ellesburg's camp than in that of the U. S. government. The tremendous power that the News Media has over public opinion, and worse still, over our courts, then became evident, as it condemned not the thief, but the manner in which our government tried to catch the thief, and thus, ensure national security.

"And now, good citizens are being sent to jail while a lynch mob fever reigns throughout America, created and nurtured by the voices of the 'Opinion Makers', who call themselves the 'News Media.'"

SENSING THE NEWS

ANTHONY HARRIGAN

Southern States Industrial Council

Anti-Monopoly Balance

On both sides of the Atlantic there is growing awareness of the fact that the monopoly power of special interests such as labor unions must be curbed. In England especially, legal scholars are addressing increasing attention to the evils produced by union monopolies.

Philip Vander Elst, writing in "Freedom First Magazine" (London), recently commented that the secret of liberty lies in the diffusion of power throughout society. "It is plain," he wrote, "that both the monopoly power of trade unions and the power of the state must be curbed. Greater competition must be made to prevail in the labor market." What has happened in both Britain and the United States is that union monopolies have isolated important sections of the economy from the financial disciplines of competitive markets.

At long last a serious effort is under way in the United States to abolish the monopoly powers of unions. U. S. Sen. Strom Thurmond (R-S.C.) has introduced Senate Bill 2237 which would place unions under anti-trust laws thereby restoring equity in the application of such laws. Many concerned citizens are urging their senators to co-sponsor Sen. Thurmond's bill. Even liberal senators, if they are sincere in their stated dedication to anti-monopoly practices, should feel compelled to support S. 2237.

Recently, a citizen of Illinois wrote to U. S. Sen. Adlai Stevenson (D-Ill.), urging him to back the Thurmond anti-union monopoly bill now before the Anti-Trust Subcommittee of the Committee on the Judiciary. Though he didn't give his constituent a definitive answer, Sen. Stevenson replied nevertheless.

"When any large institution abuses its power, the public interest is threatened. In this regard, the Congress shares the responsibility for maintaining a balance in our system so that no one institution—whether it be labor, business or any other—is permitted to disregard the interest of the American public."

Those are interesting words from Sen. Stevenson, for there is abundant evidence that the institution of unionism has abused its power. It also is a fact that business is subject to antitrust laws and has been since enactment of the Sherman Anti-Trust Act in 1890. The only "large institution" in the economy not subject to antitrust legislation is Big Unionism. Therefore, it would seem incumbent on Sen. Stevenson—on the basis of his own statement—to support the Thurmond bill to place unions under anti-trust law.

The members of the U. S. Senate, should acknowledge their duty, as Sen. Stevenson said "in maintaining a balance in our system"—a balance that doesn't exist at the moment. The current situation has been accurately described by Lemuel R. Boulware in his recently published book entitled What You Can Do. Mr. Boulware pointed out that "broad exemptions for unions are still enjoyed under the anti trust laws and the Norris-La-Guardia Act. This legal immunization by the public has resulted in poorer values, jobs and quality of life."

Mr. Boulware went on to state that "the task of the public majority right now is to evaluate anew the overgrown economic and political power of the unions, which stems basically from the unregulated monopoly, the enormous income usable politically, and privileged violence."

The beginning of reform with respect to Big Unionism is the anti-trust laws, as proposed by Sen. Thurmond. It is unconscionable that the law should remain unchanged, that legal immunities conferred on unions in the past should be permitted to foster further harmful monopoly. Senators who genuinely desire reform and equal application of the law in the labor field have an opportunity to achieve these ends by co-sponsoring the bill introduced by Sen. Thurmond.

Meyersdale Trims Northern 8 To 0

Meyersdale made the most of five hits to defeat Northern High Huskies 8 to 0 on the Northern diamond last Friday afternoon.

Meyersdale scored in bunches of three in the fifth and sixth innings to break up a pitchers' duel between Jim Robertson, and Buddy Fauber of the Huskies.

Pete Rose bit a homer and Pulanski a homer and single to pace the Meyersdale team. Robertson went the route on the mound allowed two hits while fanning 11 and walking one. Fauber struck out five and walked four in absorbing the loss. Fauber doubled to account for one of the two Huskies hits as Northern dropped its second decision in as many games.

Playing for Northern were Rodeheaver, Teets, Bender, K. Sines, Swauger, Humberson, R. Sines, Bach, Fauber and Miller.

Huskies Defeat Flintstone 10-0

The Northern High Huskies boosted by nine unearned runs and the pitching of Ray Humberson, shut out the winless Flintstone team 10 to 0 Monday at Flintstone.

The Huskies opened the game with four runs and then tacked on six tallies in the fifth inning. Northern collected 13 hits with five of them for extra bases.

Shortstop Dave Bender had three hits in five times at bat which included a double and triple. Allen Bach also had three runs batted in.

Flintstone got three hits in the third inning but couldn't come up with a run. Northern is now 1-2 on the season.

Two Are Indicted In Bank Holdup

Two area men, who were allegedly involved in the robbery of the First National Bank of Garrett, Pa., last December, have been indicted by a federal grand jury in Pittsburgh.

The two are Donald W. Durst, 24, Grantsville; and William A. Thompson, 19, Meyersdale. The two men were committed to the Allegheny County Jail, Pittsburgh, after they were unable to post $20,000 surety bond each.

It was on December 3 that two masked men walked into the Garrett Bank around noon and walked away with over $8,000 after ordering all employes and customers to lie down on the floor.

A wide search was undertaken but it was not until February 28 that any trace of the men was uncovered. On that date they were arrested in Sturgis, Michigan, after requesting overnight lodging in the jail there when their car broke down.

Cigaret Tax Revenue Reaches Over 3¾ Million

Over three and three quarter million dollars in Maryland cigaret revenues has been distributed to Baltimore city and the twenty-three countries, representing their share of these revenues for the third quarter of fiscal year 1974, according to Louis L. Goldstein, state comptroller.

Of this amount Garrett county received $19,778.16. Total for the three quarters is $63,746.16.

The five largest shares of the total distribution went to Baltimore city, Prince George's county, Baltimore county, Montgomery county and Anne Arundel county, in that order.

All-Weather Occasions

If you can't observe the April epigraph about having sense enough to come in out of the rain, you can at least endure spring showers with style and comfort by wearing today's popular all-weather lightweight coats.

And you can prolong the wearability of such coats by heeding words of advice from Mrs. Eleanor F. Young, Extension clothing and textiles specialist at the University of Maryland in College Park.

Mrs. Young reminds us that the water-repellent fabrics from which these coats are made are not waterproof, even though they are resistant to wetting, and you may get soaked after prolonged exposure in a downpour of rain.

There are two types of water-repellent finishes available—durable and nondurable. Durable finishes can withstand drycleaning or laundering and still retain their defense against raindrops. Nondurable finishes must be renewed after cleaning. These are usually labelled as "renewable,' and the renewing process can be done by a drycleaner.

Even "permanent' water-repellent finishes may be lost after three or four washings.

A point to remember is that water-repellent fabrics must be thoroughly rinsed to retain their unique quality. Detergents contain wetting agents which cause fabrics to attract water. So, if the garment is not rinsed well, the fabric will absorb water rather than repel it. Ironing a coat after washing helps to reactivate a water-repellent finish, the Maryland Extension specialist said recently.

Finally, she observed that today's raincoat is important to spring fashions because of its multitude of uses for all weather occasions. It is good for travel, easy to pack and wearable in most climates. Raincoats are also getting more attention these days, and they are becoming popular fashion items, especially when worn with color-coordinated raincoats.

Southern to Play Keyser Friday, Away

Southern's sports card is full for this week ending with baseball game with Keyser at Keyser. The undefeated golf team traveled to Boonsboro for a match on Tuesday.

Before an opening day crowd the baseball team defeated Piedmont 11 to 2 on a three hit 11 strikeout performance by pitcher Mike Brady. Craig Bosley hit an opposite field opposite ley hit an opposite field home run in the third inning.

"See How They Run"

Anyone who likes action and needs a good laugh should plan to see the junior class production of the play "See How They Run" by Philip King. The date is tentatively set for May 10.

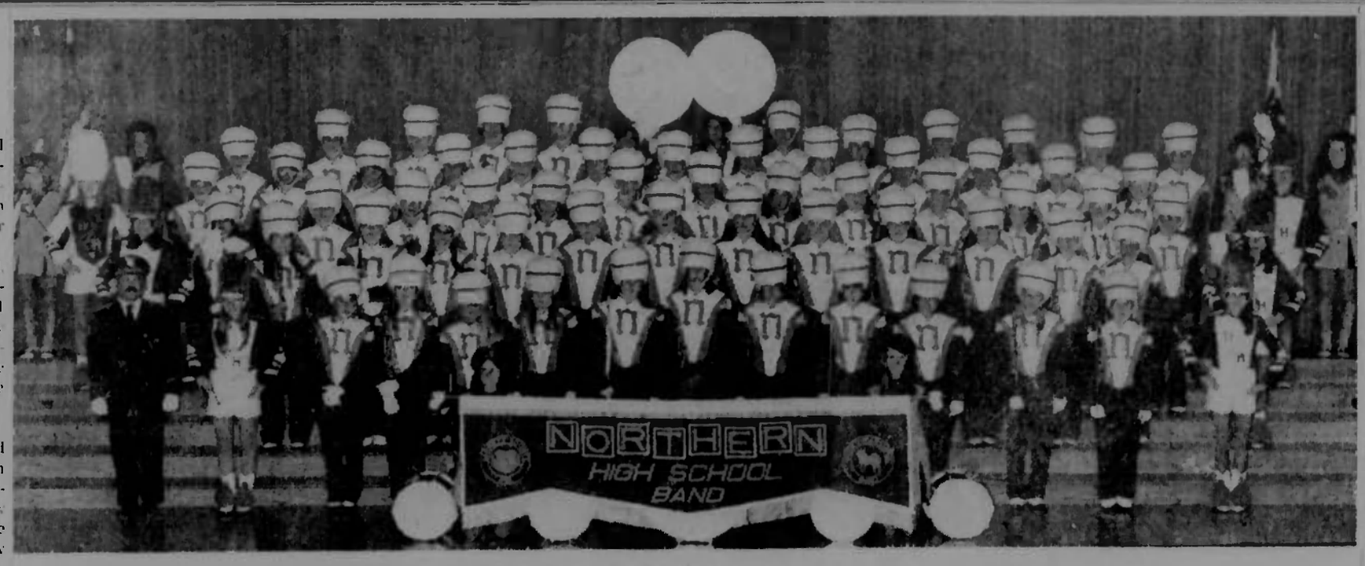
Miss Jane Avery, who is directing the slapstick comedy, has Cyndy Geroski and Tina Wotring as student directors.

Starring in the production are Deb Metheny, John Eberly, Rick Skeweris, Martha Sherwood, Mark Domenick, Dave Callis, Mike Custer, Steve Filemyr, and Diane Meyers.

The proceeds from the play will help pay for this year's Junior-Senior Prom.

Bicycle Clinic Held

A Bicycle Clinic was held on Wednesday evening at Southern High School for all interested young people. Under the supervision of the Optimist Club and 4-H program, they learned how to adjust and care for bicycles.



NORTHERN HIGH SCHOOL SENIOR BAND TO BE HEARD IN CONCERT—The Northern High School Senior Band under the direction of Melvin R. Schwing will present its annual Spring Concert Friday evening, April 26. The program will be held in the Northern Cafetorium and will begin at 8 p.m. This year's concert will be dedicated to the memory of Darrell A. Malone, Guidance Counselor at Northern, who passed away April 3. The public is invited. There will be no admission charge.

St. John's Elects Officers

Councilmen of St. John's Lutheran Church, Meadow Mountain, elected officers last Thursday. Pastor L. F. Danner is chairman, Marvin Beckman, vice-chairman, Ida Beckner, secretary; and Ellen Friend, treasurer.

Clarence Anderson heads the property committee of Edwin and Wilmer Friend, Gerald Eddy, and John Beckner. This committee is to carry out the construction of restrooms in the church basement and the installation of new stair railings.

Ida Beckner is representing the church at the district meeting at Red House in May while Marvin Beckman has been delegated to the synod convention at Thiel College on June 7-9.

Two new members received into the church on Palm Sunday by rite of confirmation are Gail Farbaugh and Lisa O'Brien.

Miss Rowan To Wed James B. Nester

Mr. and Mrs. Leo Rowan, Kitzmiller, announce the engagement and forthcoming marriage of their daughter, Nancy Marie, to James B. Nester, son of Mrs. Lessie Nester, Philippi, W. Va., and the late Asa Nester.

Miss Rowan is a graduate of Southern High School, Oakland, and is presently employed by IBMI, Oakland.

Mr. Nester is a graduate of Parsons High School and is presently employed by the West Virginia Telephone Company.

An open church wedding will take place Saturday, May 11, at 2 o'clock in the church of the Immaculate Conception, Kitzmiller. There will be a reception immediately following the ceremony at the Kitzmiller fire hall. All friends and relatives are invited.

Extension Dates Listed

Dates of Homemaker club meetings and other extension service activities were listed this week by Mrs. Freda S. Denison, extension agent.

The ten extension aides and two training technicans, along with their supervisor, Mrs. Denison, will be attending an aide recognition conference at the national 4-H center April 29 and 30. The five original aides, Dessie Bowman, Frances Martin, Reah Phillips, Ethelwyn Riley and Opal Fazenbaker will be recognized for five years of service.

May 2, at 1:30 p.m., the New Germany Homemakers club will meet at the home of Mrs. Harry Murray.

Workshops Set Saturday At GCC

Several outstanding journalists and writers will be among the speakers at the Journalism and Creative Writing Conference at Garrett Community College, McHenry, this Saturday, April 27. All sessions of the conference are open to the public, with no admission charge.

During the morning sessions, which will begin at 10 a.m., Frank Kearns, of the West Virginia University School of Journalism and formerly with CBS news, will speak on broadcast journalism and tell of his experiences in filming outstanding news events such as the war in the Middle East and the thalidomide babies.

Dr. Guy Stewart, head of the West Virginia University School of Journalism, will speak on careers in journalism, while Robert Sommers will conduct a session on advertising.

A creative writing workshop for persons who enjoy writing poetry will also be held at this time, and again during the afternoon sessions at 1 p.m. Two poets from the Maryland Arts Council, Eric Cheylitz and Robert Wickless, will give instruction on poetry and evaluate poems written by the participants. Both poets have conducted poetry workshops in many schools and colleges throughout the state, and both have had their work published in various magazines and anthologies.

Anyone wishing to attend these poetry sessions should bring two copies of any poem which he desires to have criticized.

The afternoon sessions will also include talks on photography by David Green of Accident and yearbook planning by Todd Ware of the Taylor publishing company.

CARD OF THANKS

We wish to extend our thanks to everyone for all the kindness shown during the recent illness and death of George Walter Sanders.

We are so grateful to everyone who sent food, flowers, and cards during our time of bereavement.

We extend special thanks to Dr. A. E. Mance and the second floor personnel at Garrett Memorial Hospital for their help and consideration.

Wife, Daughter and Son

Couple Will Wed

The engagement and forthcoming marriage of Miss Terri Ann Hayes to T. Michael Rogers is being announced by Mrs. Marie A. Hayes of 1643 Reamer Street, Pittsburgh.

Miss Hayes is a 1973 graduate of St. Francis Academy of Pittsburgh. Upon graduation she attended Victoria Modeling School.

Son of Mr. and Mrs. Thomas B. Rogers of 507 Memorial Drive, Oakland, Mr. Rogers is a 1968 graduate of Martinsburg High School, Martinsburg, W. Va. He is employed as manager of the H-P Store in Shippensburg, Pennsylvania.

Vows will be exchanged on Saturday, June 22, at 11:30 a.m. at St. Canice Church in Pittsburgh.

A 'mental pacemeaker' has been devised to stimulate brain segments.

Changes View Of Wildlife Hunting

A rough and ready naturalist of Canada's north woods and a former trapper, called 'Long Joe,' recently reported why he suddenly quit his trapping activity.

"One day," he said, "a she-bear was caught in my trap, when I got to the trap the bear's mate was there. The big shaggy brute had his arms around her, hugging her and sobbing. I have never trapped another living thing since that time."

An account of this event was brought to The Republican office by Pat Miller, route 1, Gormania, W. Va.

a whole new world

"Hey! Come bicycling with us tomorrow!"

The latest bicycling craze may be sweeping the land, but some aren't so enthusiastic:

"Haven't been on a bike for years."
"I get all the exercise I want working in the garden!"
"Bikes are for kids."

These skeptics should try cruising down a country road where the smell of haystacks, hyacinths or magnolias sweetens the air, or experience the warmth of open playgrounds, the coolness of tree-shaded streets, the unblurred faces of neighbors. It's a whole new world.

There's another new world inside the doors of your neighborhood church. But some hesitate here too.

"Haven't been to church in years."
"I get all the religion I want just communing with nature."
"Church? That's for women and kids."

What do you say? Are you ready for a new world, a new life? Then come to church Sunday—and step in.

BY LAWRENCE W. ALTHOUSE

PORTRAIT WITH "WARTS"

Lesson for April 28, 1974

Background Scripture: Acts 15:36 through 16:40
Devotional Reading: Psalms 51:10-17.

Someone studying the book of Acts once remarked to me that she sometimes did not understand Paul the Apostle. Some of his actions and utterances puzzled her greatly. Pointing to one of his seemingly contradictory actions, she asked: "Why did he do that?" My answer to her was simple: "Because he was human."

Rev. Althouse

A portrait with "warts"

Although the admiration of the writer of the Book of Acts for Paul is obvious, he is not so biased in his favor that he overlooks the obvious evidences of Paul's humanity. In most of Acts, Paul is an admirable, even heroic figure. But there are a few passages in which Paul appears in a less attractive light.

It is said that a famous British artist was commissioned to paint a portrait of Oliver Cromwell who ruled England at a critical point in its history. Looking at the unfinished portrait one day, Cromwell noticed that the painter had not duplicated a large wart on Cromwell's face. His intent, obviously was to put the great general in the most flattering light. Cromwell, however, ordered the painter to portray him "warts and all!"

This is the portrait we find of Paul in Acts. It is almost a relief to find that the great Apostle was, along with everything else, a human being. This means that despite his great work, Paul was sometimes inconsistent and subject to human weakness.

In Acts 15, for example, we find that he falls into a significant dispute with his able co-worker and missionary, Barnabas. Whatever else was involved in this dispute, one of the issues seemed to be the inclusion of young John Mark in the mission party. Paul felt that Mark had proven unreliable when he had left Paul and Barnabas at Perga on the first missionary journey. Barnabas apparently disagreed and felt that Mark should be given another opportunity.

"Unlike Paul"

It seems rather unlike Paul that he would not give John Mark another chance, but then we must remember that even the best of us are not always consistent in our behaviour. Sometimes we do not live up to the best that we know. Perhaps that is what happened with Paul in Acts 15. At any rate, he and Barnabas parted and, as far as we know, were never partners nor associates again.

Later, in Acts 16, Paul again acts in a manner that seems contrary to what we know of him. So that Timothy would be acceptable in Jewish synagogues on their journey, Paul had him circumcised. In light of Paul's vehemous arguments against forcing Gentiles to be circumcised this seems strange. Perhaps Paul did this to insure the success of his mission and felt he had not compromised his principles.

It is to our benefit that we realize Paul's humanity and we are indebted to Luke for giving us a portrait of him that shows us both the heroic profile and "the warts"!

COLDS ARE ALWAYS IN SEASON

There's nothing worse than a warm-weather cold, just ask the person who has one. A quick change in temperatures can result in a cold that lingers on for weeks and makes you really miserable. And all of this suffering occurs just when spring has sprung and you want to be feeling great.

It is a good idea to remember that just as quickly as it gets warm one day it may get cold again the next. Don't be too quick to put sweaters into storage. If a simple cold does cross your path we can recommend medication to help you feel good again.

LETTERS TO THE EDITOR

Dear Sir:

In April, 1972, after one year of study and discussion, the League of Women Voters of Garrett County arrived at a consensus favoring positive action in regard to planning and zoning in Garrett County.

In a letter in February of last year, the League protested the practice of allowing high density development on land bordering Deep Creek Lake and strongly urged the enactment of legislation which would prohibit or severely limit such development.

The League wishes to stress the need for facilities on the Lake for Garrett County residents. Day use areas should be spaced so as to assure equal convenience to the Lake for all Garrett Countains. We feel that these areas would combine maximum public access to the water with minimum pollution hazards.

The League of Women Voters of Garrett County continues to study this important local issue and to support the orderly development of the county through planning and zoning.

. . . AS I UNDERSTAND IT.

By
Rev. W. H. Leake, Deer Park, Md.

Thank God both houses of Congress have proclaimed Tuesday, April 30, 1974 "A NATIONAL DAY OF HUMILIATION, FASTING AND PRAYER." Part of the Congressional Resolution reads as follows:

"Whereas, it is the duty of nations, as well as of men to owe their dependence upon the overruling power of God, to confess their sins and transgressions, in humble sorrow, yet with assured hope that genuine repentance will lead to mercy and pardon, and to recognize the sublime truth, announced in the Holy Scriptures and proven by all history, that those nations are blessed whose God is Lord; and

Whereas, we know that we have been the recipients of the choicest bounties of heaven; we have been preserved these many years in peace and prosperity; we have grown in numbers, wealth and power as no other nation has ever grown; but we have forgotten God." Yes, as a nation we have forgotten God and the BIBLE declares, "THE WICKED SHALL BE TURNED INTO HELL AND ALL NATIONS THAT FORGET GOD." Psa. 9:17.

Thank God for this Congressional Resolution. I would to God that all Gov't. Offices, Federal, State, and Local; and every private business, every school, and every individual would lay down their tools of trade on this day and our whole Nation would go on its knees before God, seeking again to win His Divine favor. God told King Solomon in II Chronicles 7:13-14 "If I shut up heaven that there be no rain, or if I command the locust to devour the land, or if I send pestilence among my people, if my people, which are called by my Name, shall humble themselves and PRAY and seek my face and TURN FROM THEIR WICKED WAYS; then will I hear from heaven, and will forgive their sin and will heal their land."

Write me for a copy of the complete Resolution. REMEMBER: RIGHTEOUSNESS EXALTETH A NATION: BUT SIN IS A REPROACH TO ANY PEOPLE. PROV. 14:34

Official Prize List

Mt. Top Youth For Christ's 2nd Annual

WALKATHON

SATURDAY, MAY 4, 1974

OVER $4,500 IN PRIZES

- THE PURPOSE of the Walkathon is to raise money for Mt. Top YFC and to offer worthwhile opportunities and prizes.
- THE YFC WALKATHON is a 17 mile hike over a prescribed course by walkers who have gotten sponsors for every mile they walk; after the walk, the walkers go to the sponsors collecting the amount committed to them and then walkers turn this amount into the Garrett National Bank, Oakland.
- THE WALK BEGINS with registration 9:15 a.m., Sat., May 4, Par-Matt Lanes, 1244 E. Oak St., Oakland, Md.
- ANYONE MAY COMPETE. The Walkathon is not limited to Youth For Christ and Campus Life participants. THIS IS A COMMUNITY AFFAIR. (If under 13 years of age, an adult must accompany walker.)
- GET YOUR SPONSOR SHEETS at the time of sign-up, enlist as many sponsors as you can for each mile you'll walk: Businesses, friends, relatives, yourself, churches, organizations, etc. May pledge 10c, 25c, 50c, $1.00 or whatever per mile.
- AFTER YOU HAVE WALKED as far as you are going to walk and get your certification, you will have two weeks (until Noon, May 18th) to go to your sponsors, present your certification to them, collect the amount for each mile you've walked for them, give them a receipt, and turn in all you've collected, plus carbon receipts to The Garrett National Bank, Second St. (Have all checks made out to: MT. TOP YFC; this is a tax deductible donation.)
- ALL PRIZES will be presented at the YFC Rally at 8:00 p.m. on Saturday, May 25th at Garrett Community College, McHenry, Md. You should be present to receive your prize. Speaker — Earl Schultz, YFCI, Wheaton, Illinois; Soloist — Dave Brubaker, Mt. Joy, Pa.

"The moral destruction of millions of good Americans far surpasses in tragic significance the economic loss. Youth is walking the streets in idleness, uselessness, and revolt. The despair and agony are fertile breeding grounds for the political and economic radicalism that characterizes our age."

"The United States is the last bastian of western freedom and civilization, if it fails under the onslaught of international Communism or internal statism, civilization must perish."

Congressman Goodloe Byron
Maryland—Sixth District

This regular column serves as another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever typical of the kind asked of me happens to be on your mind. Letters should be sent to me, c o U. S. House of Representatives, Washington, D. C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were Typical of the kind asked of me in recent weeks:

How did you vote on last week's legislation which would have given military aid to South Vietnam?

I voted against the amendment to increase the fiscal 1974 authorization ceiling on U.S. military aid to South Vietnam to $1.4 billion, and the amendment subsequently was defeated 154-177.

Who would our mayor contact to obtain details on federally-subsidized flood insurance for families in our community?

Information on the National Flood Insurance Program is available from the Federal Insurance Adminstration, Washington, D.C. 20410.

I understand Congress is going to climinate the oil depletion allowance? Please verify

Two weeks ago the House Ways & Means Committee voted to phase out the oil depletion allowance by the end of 1976. If enacted into law, the committees proposal would reduce the allowance--which permits an oil company to deduct from its taxable income a fixed percentage of income from oil and gas production in lieu of ordinary depreciation-- to 15 percent for 1975, 8 percent for 1976 and to zero starting in 1977. The effect would be to increase the oil industry's federal tax bill by an estimated $3 billion a year.

What was the result of the environmental question on the recent survey you sent to constituents?

The question was worded as follows: 'Some people think less severe environmental controls will be necessary in order to make more fuel oil and gasoline available to meet the energy crisis. Do you agree? The results show 57 percent agreeing with the statement, 33 percent against the 10 percent undecided. A complete tabulation of all questions will appear in my next newsletter to area citizens.

Do you have any information on hiking in our National Parks?

The Federal Government publishes two booklets which might be of interest to you: 'Backpacking in the National Forest' (40 cents) contains pointers for backpacking, necessary equipment and a list of backpacking areas, and Camping in the National Park System (50 cents) details sites, fees, facilities and recreation areas in the national parks. You may order publications directly from Consumer Information, Pueblo, Colorado 81009.

What is your voting attendance record in Congress?

According to official statistics released by the U. S. House of Representives, I compiled a voting attendance record of 98.1 percent during 1973. This means that during the first session of the 93rd Congress the House had 541 roll call votes of which I missed 10. For your information, my overall voting attendance record in Washington for the past three years is 97 percent.

Where can I get a copy of the miles per gallon ratings for 1974 cars

Information on this free booklet is continually sought by 6th District citizens and so I am happy to repeat the address where you may order copies of the ratings for 1973 or 1974 automobiles. Just write: Consumer Information, Pueblo, Colorado 81009.

What is the status of our natural gas reserves?

According to the American Gas Association U.S. natural gas reserves dropped six percent during 1973--the fifth decline in the reserves in the past six years. Proved reserves--those which are known to exist and can be economically recovered with existing methods--are said to be at their lowest level since 1972. Based on geologic evidence, however, the U.S. probably has enough natural gas to last more than 50 years, with the majority of anticipated reserves located on the North Slope of Alaska and the Outer Continental Shelf.

Does the recently passed House Education Bill prevent cuts in Federal funds to school districts?

Under the provisions of H.R 69, to extend and amend the Elementary & Secondary Education Act no school district would get less than 85 percent of what it had received in the previous year.

I am a new resident of Western Maryland and would aopreciate knowing the Spring Season for hunting wild turkey in our area?

A guide to Hunting & Trapping in Maryland may be ordered through the Department of Natural Resources, Wildlife Adminstration Tawes State Office Building, Annapolis, Maryland 21401. For your information, wild turkey may be hunted April 29-May 4, in Garrett, Allegany, Washington and Frederick and Montgomery Counties.

Sermonette By Area Ministers

United Methodist Church

"Woe unto him that giveth his neighbor drink, that puttest thy bottle to him, and makest him drunken also"—Habbakuk 2:15.

It is time that the people think concerning the cause of many things that are taking place in our County, State and Nation. Young men, aged and middle aged are being killed as never before by the biggest curse prevalent among men today. When God says, "Woe," He means what He says. God speaking through Habbakuk speaks woe unto all who give or sell intoxicating beverages.

This woe does not stop with the one who sells or gives it away but by observation we know that all kinds of ills result from the liquor traffic. The greatest cause of automobile accidents is liquor of some kind. It is responsible for from 50 to 90 per cent of all fatal automobile accidents. It puts more in the insane asylums than any other drug or dope. It is the cause of more crime than anything else. "The findings of a great marriage clinic indicate that alcohol was a factor in 75 per cent of all the cases up for divorce." "A psychiatrist from St. Elizabeth's in Washington, D.C. said that they are able to do little with neurotic children. 7,000 cases need immediate attention and the clinic can only accommodate 500 and, said the expert informant, "one half of these cases are from broken homes." "A supervisory social worker in an institution providing care for unmarried mothers says that more than half of the girls were there as a result of indiscreet behavior during their first experience with intoxication. The United States Department of Commerce reports that alcoholics constitute 16 per cent of all first admissions to mental hospitals.

Every dollar this county receives from liquor taxes costs our tax payers at least four dollars to take care of the effects of this traffic not counting the lives and souls that are lost "For no drunkard shall inherit the kingdom of God." More are being killed by wine, beer and liquor each year than were killed of our boys each year in the last World War. "Every intemperate drinker in California has lost an average of about $1,900. per year not counting police, jail, disability and welfare costs,' says Dr. W. L. Halverston, Director of the California State Department of Health.

What does this all mean? It means that every liquor dealer has blood upon his hands. The liquor store and beer joints are the greatest enemies of our American people, even greater than the Communists, the kidnappers, thieves and thugs in our good Country. The merchants who sell beer and liquor are guilty and should be required to support the widows and orphans made by their business.

"Alcohol affects the human personality. The effects are permanent. Using a drug to alter personality is an affront to our Creator."

"Alcohol is a drug and its use as a beverage is not justified by its drug effects. They are far too serious."

"Effects of Alcohol are due chiefly if not solely to its toxic effects upon the brain and spinal column the central nervous system of man." Emmiel Krappel.

"Alcohol is not a food."

"Alcohol is a depressant and narcotic poison."

Are we going to continue to poison our neighbors and friends? All who sell, all who buy liquor, all who make wine, beer, whiskey, ale or gin, those who buy where these are sold and vote for those wet officials of our government, are guilty before God.

"Wine is a mocker, strong drink is raging and whosoever is deceived thereby is not wise." Proverbs 20:1

The Happiest Place

A snowy walk, in crisp, heady air to the top of Negro Mountain, is not to be compared with other ventures in the outdoors, as it is the most serene of journeys. A rabbit track or deer print in the snow may parallel your own, but except for a hunter's boot mark, little else will speak to you.

The pole marks off limits to all but hikers, but dodge under it and slowly round the turn as you ascend to open sky. Off to the west lies a mass of huge granite boulders, which by their gray-green covering remind one of the lines in an old hymn, "like a gray friar cowled in lichens and moss." Yet there they lie, an undisturbed geological remnant of some natural weathering process, with thickets growing around them so that you would rather leave them crouching in this stationary posture or heaving with severe cold.

And cold is just what Negro Mountain can be, as its elevation is 2,825 feet. One climbs to the fire tower and gains the top, where Lake Louise and deciduous forest can be seen from here sensing that only Keyser's Ridge, the next neighbor, gives a higher view of the surrounding plateau.

Negro Mountain was a frontier landmark in the days of the French and Indian claims to North America. According to one history scholar, Frederick M. Knorr, Thomas Cresap was the mountain man of western Maryland, being practically the law there. In his conflicts with the half-Indian John Logan, he used his Negro slave as a fellow soldier, fighting in the contemporary way of standing back to back. When the slave died in battle, Cresap determined that he should be remembered in the name of the mountain. A publication of a college writing class names the slave Nemesis.

Brown's writings indicate that a squatter on the military lots, one Joseph Mountain, had lived on the east slope of Negro Mountain and kept a tavern there long before many settlers had moved across the reserve of lands to the west of Big Savage. Scaright's book on the National Road notes three taverns on the eastern side of the mountain. A long frame building on the south side of the road at the foot was kept as a tavern, including entertainment, by Thomas Thistle from 1836. Near this described location you can still see the old concrete watering trough. Mrs. Haldeman, by 1840, had a tavern about one and one-half miles west, while Dennis Hoblitzell had his business near the summit. It later was the stop for hog drovers, and was kept by William Sheets. One waggoner wrote that 36 horse teams and one thousand hogs were there on the night he spent at the Negro Mountain refuge. Taverns and wagon stand could not be very far apart, as huge drifts of snow made numerous stops necessary for heavy wagons whose horses pulled all those pounds through the snow, and this up a long mountain slope.

In winter the snow causes this high world to glisten, and in spring the "flicks" of rhododendrons grace both sides of the highway on the east side of Negro Mountain. As you descend the west side, some hunter displays his raccoon skins on a house wall, and traces of the massive gray rocks from the top are seen in the fields which have been cleared. Puzzley Run wanders along its way under Route 40 with small trees and grass now growing across the top of its once busy stone bridge, still showing its arch. Glancing back up to the spot of the tower, you carry away the exhilaration of being in land that still looks wild, and that is for you the happiest place.

Cultural Programs To Be Provided For This Summer

The Regional Cultura and Educational Development Association, Inc. RCEDA, of McHenry, will provide cultural programs in five communities in the tri-state area this summer. Programs consist of theatre, art and music activities.

Summer theatre programs are being coordinated by Larry Smith, an experienced actor and director and coordinator of the winter professional regional theatre housed at McHenry.

The summer resident performing groups are under coordination of Dr. Charles Springman. Dr. Springman will conduct the professional jazz ensemble as well as work with Robert McIver who will be conducting the thirty-five voice Westminister Festival Choir from Princeton, N. J.

Art exhibitions and supervision will be under artist Michael Zuckerman. Mr Zuckerman will direct and lecture on twelve major art displays set for this summer.

Performance and exhibition centers for RCEDA programs this summer are located at McHenry, Keyser, Frostburg, Brier Hill, Pa. and Cumberland. Each center will receive a balanced selection of theatre, music and art activities as well as performances by various visiting artists such as jazz trumpeter Clark Terry.

In addition to the summer performances RCEDA will also sponsor its third annual set of Fine Arts camps for students of the tri-state region. Seven weeks of instruction are being offered. The first will be a two week special jazz camp featuring two jazz artists. The third week special instruction for elementary age students. Activities include music, art and creative dramatic activities.

The fourth and fifth weeks of summer camp are for high school age students. This camp is geared for upper instructions in music, art, and drama. The student attending this camp is encouraged to emphasize a particular area of interest in which to study.

The final two weeks of camp are for middle school aged students (5th through 8th grade). This camp will emphasize an all-round approach to the arts so that students become acquainted with and gain a general background in the arts.

Information regarding specific activities will be mailed on request. Inquiries should be addressed to RCEDA, Inc., Box 151 McHenry.

ESTATE SALE

OF VALUABLE UNIMPROVED REAL ESTATE IN AND NEAR FRIENDSVILLE, MARYLAND

Under a Decree of the Circuit Court for Garrett County, Maryland, passed in No. 6386 Equity, which is titled In the matter of the Estate of Eldridge M. Coddington, the undersigned Administrators d.b.n.c.t.a. of the Estate of Eldridge M. Coddington will offer the following described real estate at public sale in front of the Court House for Garrett County in Oakland, Maryland, on

SATURDAY, MAY 4, 1974
AT 11:00 A. M.

All the right, title and interest of the Estate of Eldridge M. Coddington and those claiming by, through or under said estate, in and to the remaining portion of the Eldridge M. Coddington farm which was conveyed by Addie Coddington to Eldridge M. Coddington by deed dated March 28, 1927, and recorded in Liber E.Z.T. 95, folio 232, among the Land (Deed) Records of Garrett County, Maryland, reference to which deed is hereby specifically made for a more particular description of said property, including any contiguous property, the title to which has been acquired by the Estate of Eldridge M. Coddington under the doctrine of adverse possession, EXCEPTING, HOWEVER, all those portions of said property and rights-of-way which have heretofore been conveyed away to others, deeds for which have been duly recorded among the Land Records of Garrett County, Maryland, reference to which deeds, as well as rights-of-way of every nature and description, is hereby specifically made and incorporated herein as though set forth in totidem verbis, and also excepting any portions of said property, the title to which may have been acquired by others under the doctrine of adverse possession.

THIS PROPERTY IS UNIMPROVED AND IS ASSESSED IN ELECTION DISTRICT NO. 2 AS FOLLOWS:

41.24 ACRES - $2,065.00

No representation as to the number of acres being sold is being made. A plat of the property which was prepared by James E. Moran, Surveyor, dated June 16, 1972, shows the general outlines of the property, a copy of which map is filed in these proceedings. A portion of said property which was conveyed to the State Highway Administration is shown on State Highway Administration Plat No. 43316, a copy of which plat is also filed in these proceedings. A water line of the city water company runs through a portion of said property. Bear Creek is one of the boundary lines of a portion of the property. A number of county and other roads pass through portions of said property. A portion of the property is located adjacent to a cemetery and is susceptible for cemetery lot purposes and could be subdivided into additional cemetery lots. Most of the property could be used for residential subdivisions. Part of the property lies within the city limits of Friendsville, and this is one of the largest undivided tracts located near the city of Friendsville.

TERMS OF SALE: One-fourth cash or certified check on date of sale; balance upon final ratification of sale. Taxes shall be adjusted as of June 30, 1974. State stamps and recording taxes will be equally divided.

Mr., Mrs. Sharpless Honored On 25th Anniversary April 16

Mr. and Mrs. Frederick Sharpless, Swanton, were honored recently on their 25th wedding anniversary with a party given by their children.

They were married April 16, 1949, in the Methodist Parsonage in Oakland. Officiating was Rev. Denver Pickens.

Mr. and Mrs. Sharpless are the parents of three children, Mrs. Janice Wolf, Oakland; Randall Sharpless, Swanton, and Sandra, at home. They have two grandchildren.

Approximately 70 guests attended the party which was held at the Lions Club in Kitzmiller.

Out-of-town guests included Mr. and Mrs. John Kovalck, Shinnston, W. Va., Mr. and Mrs. Harland Friend, Glassport, Pa., and Mr. and Mrs. Harold Paugh, Baltimore.

Two Hit-And-Run Are Among Recent No-Injury Mishaps

Several recent accidents involved vehicle damage but apparently no personal injuries. Two were hit-and-run accidents.

The car of Helen Paul was parked, unattended on Main Street in Grantsville just west of Md. Route 495 last Saturday evening. A westbound vehicle struck the left rear fender and bumper and continued on without stopping. Trooper Dale K. Williams investigated.

The car of Linda C. Shuttleworth, Star Route, Oakland, was legally parked on the lot of Red Run Inn the evening of April 13. Terry B. Kelley, Mt. Lake Park, backed into the Shuttleworth car while attempting to turn around and then fled the scene. Witnesses noted the tag number of Kelley's car and Tfc. L. R. Rosage charged Kelley with failing to notify the car owner of damage done.

Leonard L. Beeman, Gen. Del., Oakland, was headed east on the Oakland-Deer Park road last Thursday afternoon at an apparent high rate of speed. The operator lost control of the car which went off the left side of the road and hit an embankment and fence. Trooper C. H. Hinnant charged him on two counts, operating without a valid license and operating at a speed greater than reasonable and prudent.

James D. Sharpless, Oak Street, Oakland; and Ethel Jane Beckman, West Chester, Ohio, were headed east on Dennet: Road late the evening of April 12. Sharpless attempted to pass the Beckman car as Ethel Beckman attempted to make a left turn into 10th Street, and the two collided.

Carl J. Corder, High Street, Oakland, in a pick-up, was headed north on old Route 219 just before noon April 12, and entered the intersection onto Md. Route 135. Marshall G. Johnson, Elk Garden, traveling west on Route 135 collided with the Corder car. Tfc. G. D. Broadwater charged Corder with failing to yield the right-of-way at an intersection.

Joseph J. Grella, Port Clinton, O., was driving on U.S. Route 219, near Lake Shore Drive the morning of April 11. The operator was fatigued from driving a long time and failed to notice a sharp right curve in time to slow up. The car skidded across the road and hit some guard rails. Trooper R. C. Georg investigated the mishap.

John L. Renner, Jr., Star Rt., Oakland, in a pick-up was headed east on Dung Hill road just past noon April 8. Gene R. Brenneman, Rt. 495, Grantsville, was headed north on Md. Rt. 495. Renner entered Rt. 495 and was turning north and struck the Brenneman car which then hit an embankment. Trooper David Miller charged Renner with failing to stop before entering a highway.

The car of Paul E. Spear, Star Rt., Friendsville, had been abandoned on the property of Havard L. Hutzel, Rt. 1, Grantsville, due to mechanical failure. When a tow truck attempted to secure the disabled vehicle, it jumped the chuck placed to hold it, moved forward and hit the parked pick-up of Havard Hutzel. Trooper Miller investigated the mishap which occurred the morning of April 8.

Donald E. Williams, 3rd street, Oakland, pulled from a stop sign on 8th street, Oakland, onto High street. Judith C. Smith, Mt. Lake Park, in a pick-up, was traveling east on High street and prepared to make a left turn onto 8th street. Williams pulled into the side of the Smith truck. Tfc. G. D. Broadwater investigated.

Couple Will Wed

Announcement was made of the engagement and forthcoming marriage of Miss Linda Darlene Nice and Leonard Snyder which is being planned for Saturday evening, May 25, at 7:30 o'clock at an open church ceremony.

The bride-elect is a daughter of Mr. and Mrs. Ernest Nice, Terra Alta, W. Va. She is a 1970 graduate of Rowlesburg High School and a 1971 graduate of the West Virginia Career college in Fairmont. She is employed by City Supply and Builders Company in Kingwood, W. Va.

Her fiance, a son of Mr. and and Mrs. Steward Snyder, Terra Alta, is a 1966 graduate of Aurora High School and has served in the U.S. air force. He is presently employed by C. and M. Electrical Service company in Kingwood.

Bittinger VFD Has 3 Fire Calls In Year Since Formed

Members of the Bittinger Volunteer Fire Company, organized in March 1973, answered three fire calls during the past year.

Two of the calls were to burning houses, and one was to a barn fire. They also responded to an aid call from the Deep Creek fire company.

They were also called out on six service calls during the year, and traveled a total of 143 miles. Some 192 man hours were spent on calls. Estimated total damage by the fires in that area was $15,000.

There are 46 members of the fire company, led by president Carlton Knox. Other officers are vice president, Bill Buckel; secretary, Elbert Buckel; treasurer, Randall Glass; chief, Cleland Beitzel; first assistant, Paul Yoder; second assistant, Delmar Yoder, chaplain, Roy Beitzel, and chief engineer, Ira "Tip" Yaste.

At present they have two pieces of equipment, a pumper and a tank truck. Headquarters is in the former Bittinger school, where an addition has been made to house the equipment and vehicles. Members of the Ladies auxiliary, presided over by Mrs. Robert Buckel, use the building for their meetings and dinners.

The company was recently donated a used equipment truck to carry portable pumps, hand tools, generators, coats, and the like, by Maust Poultry Farm. Fire company members are working on the vehicle now, and plan to put it into use in about six weeks.

Tri-State Concert Group Membership Renewals Sought

The Tri-State Community Concert Association's annual membership renewal campaign comes to a close Saturday, May 4.

Many residents of Garrett County annually obtain membership in the association which entitle the holders to attend all of the concerts during the following season in Fort Hill High School auditorium, Cumberland.

Clinton Englander is membership chairman for Oakland and vicinity, while Mrs. Gwendolyn Harris, LaVale, is general chairman.

Three concerts are assured for the coming 1974-75 season, and if all seats in the Fort Hill auditorium are sold, two other attractions may be booked.

One of the three assured concerts will be Fred Waring, who will present "America, I Hear You Singing" with his all new Young Pennsylvanians, on November 4.

Also scheduled during the coming season will be the Hungarian Folk Ballet of Budapest, and Gypsy Orchestra, a company of 45 dancers and musicians making their first American tour, on April 3, and the Orpheus Trio, comprised of Paul Robinson, flute; Scott Nickrenz, viola, and Heidi Lehwalder, harp, set for February 18.

Power Project In Canaan Would Provide Big Lake

Creation of a proposed 7,000-acre lake in Tucker County's Canaan Valley "will bring into being a large lake which can be a great scenic and recreation asset."

That assertion is contained in prepared testimony submitted to the Federal Power Commission by Walter C. Gumbel natural resources and environmental consultant to Allegheny Power Service Corporation.

The federal agency is currently conducting hearings in Washington, D. C. on System's application to build and operate the Davis Power Project, which would have a generating capacity of 1,000,000 kilowatts and cost in excess of $200 million.

The lake would be the lower reservoir for the pumped-storage hydroelectric station and would cover about one-third of the floor of the valley, Gumbel informed the FPC.

He said the lake, which would be approximately 10 miles long and three miles wide, would displace some grazing "but no other farming, commercial, industrial or residential development be inundated."

A recreation plan calls for provision of fisherman-access, camp sites, picnic and boating facilities, foot trails, playing fields, toilet and sewage treatment facilities, and information and interpretative centers.

The companies have proposed an agreement whereby the West Virginia Department of Natural Resources would operate and maintain the recreation facilities provided by the companies, including management and supervision of all recreation activities on the lake.

Lake Business Association Will Meet May 2

State Senator William Wilson will be the featured speaker at the monthly meeting of the Deep Creek Lake Business Association to be held at the Village Inn, Mellenry, Thursday, May 2, at 8 p.m.

At the last meeting, county commissioner Wayne Hamilton discussed current and future developments in Garrett County relating to Deep Creek Lake.

Engagement Announced

Mr. and Mrs. Ross Garrison, Wheeling W. Va., announce the engagement of their daughter, Loretta Jean, to Charles W. Stoner, son of Mr. and Mrs. Freddie R. Stoner, Route 1, Gormania.

Miss Garrison is a senior at Triadelphia High School. Mr. Stoner is a 1972 graduate of Southern High School Oakland, and employed at Bausch and Lomb, opthalmic lens plant, Mt. Lake Park.

An open church wedding is planned for Saturday, June 8.

Some Bills Pass, Some Bills Fail

Legislation sponsored by Delegates and Senators from this area during the meeting of the General Assembly, had only partial success.

Traditionally a bill's chances of passage are less than its chances of failure.

The area's two state senators were sponsors of a total of 30 bills and joint resolutions. Of those, 14 were enacted.

House members from Garrett and Allegany counties introduced 21 bills, and only eight got through both houses.

Legislation Passed

Senate

SB 18, Wilson, To increase the salary of the Garrett County Treasurer.

SB 415, Wilson, Requiring counties in Maryland to publish the true assessable property tax base.

THE ART OF WALT DISNEY by Christopher Finch. From Mickey Mouse to the magic kingdom, the history of Disney's career and studio, including all his cartoons and major films. Explains the techniques and special effects that were used so successfully. Beautiful color illustrations.

ROSY IS MY RELATIVE by Gerald Durrell. It is bad enough to inherit an alcoholic female, but imagine Adrian Rookwhistle's feelings when the inebriated Rosy turns out to be an elephant. Fiction.

THE KNOCKER ON DEATH'S DOOR by Ellis Peters. What was there about that old door that caused several murders? Fiction.

THE FLIGHT OF THE PHOENIX by Elleston Trevor. A crash landing in the desert miles from anywhere, radio dead and very little water. What would you do? Well, the people in this story decide to cannibalize their plane and build a new one. The question is can they survive long enough to do it? Fiction.

WILDERNESS U.S.A. by the National Geographic Society. From Pelican Island Wilderness in Florida to Rocky Mountain beauty, a colorful photographic journey of the 11 million acres of this nation protected under the Wilderness Act of 1964. Maps of wilderness areas included.

COLLECTING NATURAL OBJECTS by Joan Rendell. What to do with bits and pieces found in park, field and garden - without expensive equipment. How to preserve and display feathers, fossils and spider webs, how to make pebble jewelry, driftwood sculpture, leaf rubbings.

THERE SHE IS: THE LIFE AND TIMES OF MISS AMERICA by Frank Deford. The saga of the Miss America contest from its beginnings in 1921 with a 16 year old winner to present day - all the glamor, glitter and excitement.

MAGNIFI-CAT by Carolyn and Edmund Sheehan. What would St. Peter do if a cat were to present himself for admission to Heaven, and with the halo of a maximal saint? Fiction.

DOROTHY AND LILLIAN GISH by Lillian Gish. A sumptuous book records in pictures the two extraordinary film and stage careers of Lillian and Dorothy. Beginning as child actresses in the first decade of this century, the sisters played in close to 200 movies and 60 plays.

APPALACHIAN WILDERNESS? THE GREAT SMOKY MOUNTAINS by Eliot Porter. Lush color photographs capture the natural beauty of mountains and woodlands: the narrative treats the human aspect - tourism, the plight of the Cherokees, strip mining.

TUNNEL IN THE SKY by Robert Heinlein. In the high schools of the future, students can choose a course in "survival" - a month in an alien place where they are placed through a door in "space." What happens when the door doesn't reopen to allow them to return makes for some fast-paced science fiction reading!

GHOSTS IN AMERICAN HOUSES by James Reynolds. Ghost stories from American history, from New England to New Orleans and from Manhattan's Central Park to San Francisco's Knob Hill.

SEASONS by Hal Borland. In beautiful photographs and prose, man's ancient pact with the earth is renewed. Presents the reality, mystery and inherent beauty of life on this planet.

Paper Pollution . . .

Business men are getting fed up with the great amount and they feel unnecessary mountain of paper work the government is requiring them to do daily, weekly, monthly, and on and on, in order to conduct their business. This certainly merits attention. They are already bombarding congressmen, federal officials and state legislators with complaints about the growing piles of records, forms, surveys and other documents that have to be filled out for various agencies.

Most of the time it is the small business man who is hardest hit and he appears to be complaining the hardest. The small business man as a rule doesn't have the money to hire another person just to take care of the paper work, and must spend long hours just to keep his head above the paper blizzard.

An article in U. S. News and World Report on this mountain of paper work quotes a small business man as saying more than 50 percent of his time is on unproductive requirements that did not exist a few years ago but now come under the guise of "fact finding" or "consumer protection."

Lack of coordination and duplication of effort are among the biggest gripes.

Since the Occupational Safety and Health Act was passed two years ago employers have had to file detailed reports on their compliance with health and safety standards. Other agencies take a similar amount of time and the small business man is really "run ragged."

In response to the rising tide of complaints the White House asked for a study, and hearings are being held in Congress. We can only hope that the end result might be a drastic reduction in the number of forms needed to actually survive in business, even when business is profitable.

Savage Bridge Plan Advancing Despite Foul-Up

Bill, Passed Minus Amendment Okay, Now Must Wait Until 1975 Session

Despite a legislative blunder which has put off state fundings for at least another year for the Savage River Bridge near Bloomington, Garrett County Commissioners say they are going to proceed with plans for a new structure.

According to Commissioner Wayne B. Hamilton president, engineering plans for the span will be completed by late summer and the county may try to get bids on the project sometime in the fall.

Total cost of the new bridge has been set at about $700.000 with the state kicking in one-half of the amount. However, the bill authorizing the state's $349,000 was scrapped last week after it was discovered that there had been a legislative foul-up on the final day of the session.

The measure, introduced by Sen. James Clark, (D-Howard), had gotten through the Senate and then moved to the House Appropriations Committee, where Del DeCorsey Bolden (R-Garrett) is a member.

In that committee, several technical amendments were tacked onto the measure which was then passed by the full house on the final evening of the session.

However, the legislators forgot to send the bill back to the Senate for concurrence on the amendments, and because of this oversight, the bill could not be signed by Gov. Mandel and now must wait to be reintroduced into the 1975 General Assembly session.

Sen. Edwad J. Mason (R-Allegany, Washington) said this week he inquired about the bill's trouble and was given an explanation by the State Department of Legislative Reference.

The Senator said that had the bill been brought back over to the Senate on the final night, the Senate could have given final approval within a very short time.

He also said he will explore the possibility of reintroducing

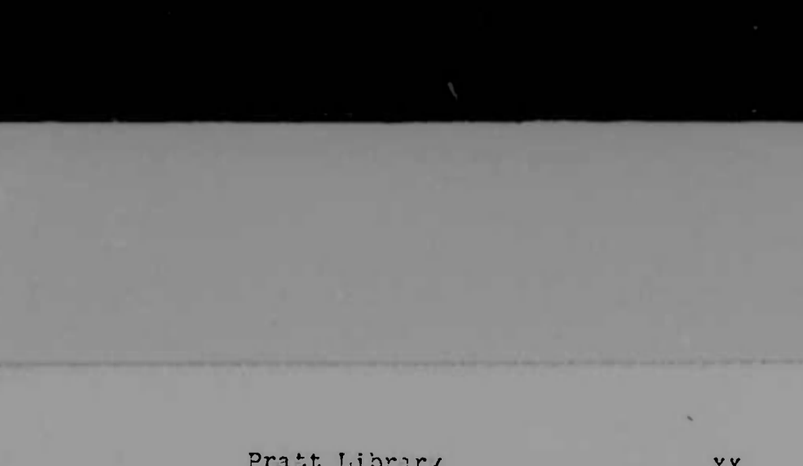
SHS Quiz Team Loses Third Round



Don Burton | John Tasker | Barry Sweitzer

The Southern High School quiz team was defeated by only 30 points last night in Baltimore in the third round of competition for the "It's Academic" program.

Last night Pikesville had 390, Southern 360 and Dulaney High School, Timonium, 295.

The three-man team John Tasker, Barry Sweitzer and Don Burton, had defeated Towson Catholic High School and Forest Park April 17 with a score of 550 points, and Williamsport High and Western High April 24 with 325 points.

The team won $1,175 in scholarship funds for the school by their efforts. Accompaoying the team to Baltimore were Mrs. Jean Grose, team advisor, and David Beard.

The first taping of the program will be seen May 28 over WBAL television station, channel 11. The second taping will be shown June 4 and the third is scheduled for June 11.

John is the son of Mr. and Mrs. Reese Tasker, Deer Park. At Southern, John is a member of the Senior Chorus.

Barry is the son of Mr. and Mrs. James William Sweitzer, Mt. Lake Park, and is a member of the Senior Band, National Honor Society and Student Council.

Don, captain of the team, is the son of Mr. and Mrs. Lloyd Burton, Mt. Lake Park, and is a member of The Acorn staff and the National Honor Society. He participated in both the junior and senior class plays and served as a counselor at Camp Hickory.

Alternate members were Tom Swiger, Robin Rodeheaver, Mike Pendergast and Larry Groves.

Tax Rate May Remain Same For Fourth Year

School Board, Sheriff's Dept. Budgets Up; Roads Down $3,000

It appears that the Garrett County property tax rate of $2.73 per $100 assessed value will remain the same for the fourth consecutive year.

County Commissioner president Wayne B. Hamilton and commissioners Earl Opel and Bernard Guy are in the process of budget deliberation since the tax levy has to be set by mid-May. All departmental requests have already been received.

According to Mr. Hamilton, those requests are on the conservative side, except for the proposals submitted by the Board of Education and the sheriff's department.

The school board has requested $1,029.000 above last year, and the commissioners feel they will have to trim much of that down.

Representatives of the Board and teachers met Monday with the commissioners to present supportive data for the proposed budget contending that the negotiated package between the two groups included $245.000 for salaries and fringe benefits.

This year the sheriff's budget request is $193,937, up more than $30.000 from last year's request of $154,635. A large portion of the increase is ascribed to materials and supplies and repairs, with a safety door as the largest item under this column.

Equalization of salaries and the buying of cars for use of the deputies while on duty also helped raise the budget request. According to Earl Opel, the commissioners are considering the latter proposal since deputies are presently being paid mileage for driving their own private cars while on duty.

Garrett's present budget is about $5 million, and the new budget will increase by about a half-million dollars. The present tax base is $114 million, an increase of between $5 and $7 million from last year.

At the opposite end of the scale from the Board of Education and the sheriff's budget there is that submitted by the county roads department, which is asking $3,000 less than last year's budget, and that submitted by the Department of Social Services, asking $91,892, down $11,000 from last year's total amount of $103,003.

While the county has been able to hold the line on property tax increases over the past four years, Mr. Hamilton feels that this will be far the toughest year to avoid an increase.

Unlike some other subdivisions which have used revenue sharing funds directly to cut taxes, Garrett has chosen to use the funds for new programs and to free budget funds for

Senators List 3 Grants Set For County Area

Three grants totaling $417,499, being allotted to the area were announced this week by U. S. Senators J. Glenn Beall, Jr., and Charles Mc. Mathias.

The Maryland Water Resources administration received $214,600 in federal funds for mine drainage pollution control on the northern part of the Casselman River in this county.

The Appalachian Regional Commission has approved a $69,825 grant for third year funding of the Comprehensive Regional Nutritional Health Services project, and the Health Planning Council of Appalachia Maryland has received a $133,074 grant from the Appalachian Regional Commission.

The grant from the Appalachian Regional Commission represents fourth year funding of the council which serves Garrett, Allegany and Washington counties. This grant will be supplemented by $44,358 in state funds for a total project cost of $177,432.

The Senators explained that three nutritionists placed in health departments of the three counties operate the nutritional health project which stresses the importance of adequate nutrition to good health. Nutritionists act as a resource for technical dietary information, upgrade the quality of care administered by group facilities and give in-service training to area professionals and para-professionals. They also provide counseling for patients referred by other public agencies and work with these agencies to assure proper care. The grant will be supplemented hy $28,171 from local sources.

On the mine drainage question, the senators said the grant would he used to hury toxic and acid-forming materials, fill in abandoned stripped areas and revegetate the restored lands. This project involves five mine pits of some 106 acres. The grant will be supplemented by $71,530 in state funds.

Carnival Begins Rescue Squad Fund Drive This Friday

Members of the Southern Garrett County Rescue Squad are sponsoring a carnival in downtown Oakland this Friday evening, May 3, as the kickoff in their 1974 fund raising campaign.

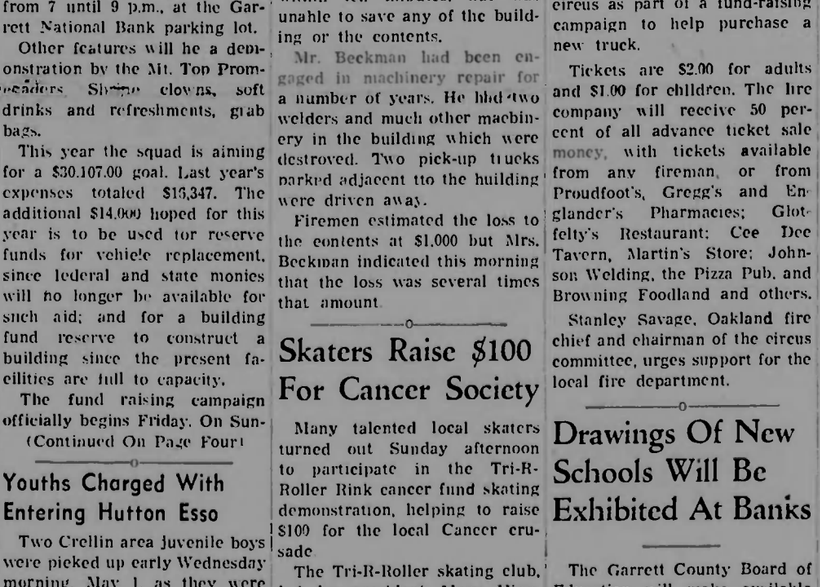
Both schools will be built on a common site off Broadford Road.



PRESENTS BOOKS TO LIBRARY—Pastor Charles Bird of the Seventh Day Adventist Church, Route 219 north of Oakland, presented nearly 30 books to the Ruth Enlow Library in Oakland Tuesday morning. Pastor Bird made the presentation to Miss Edith Brock, center, librarian, and Miss Margaret Mance, left, an assistant to the librarian whose job it will be to catalog and prepare the books for the shelves. Most of the volumes are basic non-denominational Bible stories, including a complete set of children's Bible stories by Arthur Maxwell, whose work has been printed in 19 languages. Several adult books were also among those given. Pastor Bird said the church had made the donation as a public service after noticing that the library did not have these particular books.

Man Given 4 Years In Penitentiary

A Friendsville man was given four years in the penitentiary for burglary and storehouse breaking following a pre-sentence investigation by Chief Judge Stuart F. Hamill last Friday.

Harold Burgess had pleaded guilty of one count of burglary at night time and a count of storehouse breaking at a trial March 28. At the trial a pre-sentence investigation was ordered by Judge Hamill.

Burgess was sentenced to four years on each of the two counts, to run concurrently. Judge Hamill also recommended Burgess be transferred to the Correctional Institution for Males in Hagerstown and to receive treatment for alcoholism. The sentence was to begin as of February 13

Burgess was remanded to the custody of the Sheriff and was taken to Baltimore Tuesday.

Counts of grand larceny, receiving and petty larceny had been dismissed at the trial in March.

Burgess made no contest in District Court Monday of a charge of destruction of property hy knocking out windows in the Garrett County jail March 30. Judge Lewis R. Jones passed a 6-month sentence to run concurrently with the sentence passed in Circuit Court.

What is Ready Reserve?

Q What is Ready Reserve?

A Ready Reserve is a line of credit extended to checking account customers who would like to have an additional supply of cash. In some cases, that line of credit can be as high as $5,000 depending on the amount you wish to have, and the amount you qualify for.

Q How do I use my Ready Reserve?

A All you have to do is tell us how much of your reserve you would like to use . . . and then write a check. For example, suppose your line of credit is $1,000 and you want to buy an appliance that costs $400 — but you only have $100 in your checking account. To buy that appliance without altering the balance in your checking account, you simply mail or bring into GNB a deposit order and ticket that tells us to transfer $400 of your reserve into your checking account. Then you can write a check for the cost of the appliance. The money you use becomes a low-cost loan repayable in convenient monthly payments. Your reserve is reduced to $600 . . . and the balance in your checking account remains $100. It's that easy.

Q Since this new service is a type of loan, do I have to get approval each time I wish to use my Ready Reserve?

A No. As long as you don't exceed your line of credit, the only approval you need is your own. The loan is made the moment we receive your deposit order and deposit ticket.

Q When I get a home improvement loan, I have to spend the money I borrow on home improvements. Is this true of Ready Reserve?

A The money you borrow from your reserve can be used for whatever you wish to use it for . . . appliances, home improvements, vacations, extra cash. In fact, the bank never has to know how you spend the money.

Q What does Ready Reserve cost?

A Not a cent if you don't use your reserve. But each month you will receive a statement letting you know that your reserve is ready to use. You pay only for the amount you use and for the time you use it.

Q How can I open my Ready Reserve Account?

A Just by visiting the GNB branch office in your community . . . and speaking with a member of the Installment Loan Department. You'll find that our bankers understand your banking needs, and have everything it takes to help you.

Campfire practice will be held at the next meetmg May 27 at 7 p.m. at the Double G Ranch.

Region One FFA Judging Is Held

Region one FFA judging contests were held last Friday, April 26, between Flintstone, Southern and Northern senior and junior teams.

Southern of Oakland took two first place honors in dairy and livestock judging and a third in vegetables. Flintstone took second in dairy and livestock, and second in vegetables. Northern juniors took second in vegetables and third in dairy and livestock. Northern seniors took fourth in livestock and dairy and first in vegetables. Dairy cattle judging took place on the Donald Mason farm, the livestock judging, at the Mountaineer farm.

Judges from University of Maryland included John Morris, dairy specialist; and Bill Curry, livestock specialist. Assisting were vo-ag instructors Richard Bisholf, Southern; and Robert Saville, Flintstone.

Southern's dairy team included Don Wolfe, Wayne Bittinger, Tommy Mason and Sidney Nazelrod. Livestock team winners were Ken Bernard, David Teeter, Paul Glotfelty and Larry Moyer. Vegetable team winners from Northern were Mike Weimer, Connie Pope, Dan Miller and Brad Kinsinger. Steve Wiley assisted in the contest.

Team members from Northern and Southern are in College Park today competing in the state FFA all-state judging contests.

3 Cases Dismissed In District Court The Past Week

Three cases were dismissed in District Court and one person pleaded guilty of larceny during the week ending April 30.

Beverly Burrell, Kingwood, pleaded guilty of larceny of a wallet of James Shaffer, Crellin, said to contain $327.88. Judge Lewis R. Jones ordered a presentence investigation. She has been released on continuance of property bond.

A case of disturbing the peace against Robert R. McRobie, Crellin, was dismissed as the complaintent would not testify. Another case against McRobie, a worthless check, was dismissed due to lack of evidence.

Ernest R Martin, RD 2, Oakland, had been charged with selling a trailer without having a title. The case was dismissed as being a civil matter.

Horse, Car Injure Two

A horse and a car caused injuries to two people over the weekend both of whom were taken to Garrett County Memorial Hospital, Oakland, by members of the Southern Rescue Squad.

Ann Peraic, 24, New Rochelle, N. Y., was thrown and dragged by a horse at the Western Trails Riding Ranch, near Deep Creek Lake.

Paul Edward Liller, 45, Route 1, Gormania, was injured in a one-car accident on Table Rock road Saturday night.

Both were treated and released at the hospital.

Our Religious Heritage

Down came the April showers and up came NBC's Today show with one hardy perennial we personally could well do without — atheist Madalyn O'Hair. She, it will be remembered, is the matronly gal from Baltimore who, in 1963, succeeded in getting the U.S. Supreme Court to meditation or prayer.

Now, 11 years later, Ms. O'Hair is back, this time to do combat with a Massachusetts mother who initiated a proposal which led to passage last Fall of a state law allowing one minute of silence in public schools for meditation or prayer.

"I feel this is a country under God," explained the woman, Rita Warren, in an accent brought from her native Italy in 1947. "I don't want to force others to pray, but I don't want to be prohibited from praying either. I didn't come to America for that. If I had wanted to be prohibited, I would have gone to Russia.

Ms. O'Hair then proceeded to remove all doubt that her foreign-born counterpart understood the religious heritage of America far better than she did as a native citizen. "Since 1951, when the Eisenhower-Nixon administration added the words "Under God" to the Pledge of Allegiance, we have been busy establishing a civil religion in America," said the atheist.

Ms. O'Hair notwithstanding, the roots of our country's reliance on God are planted considerably deeper than 1951.

George Washington, in his Farewell address, said, "Reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle." Jefferson and Madison fought for freedom of religion not for prohibition of it. Lincoln spoke of "this Nation under God." And the Declaration of Independence, the charter document upon which this nation was founded, asserts "a firm reliance on the protection of Divine Providence."

Both Houses of Congress begin their daily session with prayer — a practice which began with the Continental Congress. The Supreme Court [illegible] days of John Marshall has opened each day's deliberations with the supplication "God save the United States and this Honorable Court."

We would staunchly oppose the forcing of anyone to participate in prayer against his will. At the same time however, we do not see why our children should be denied the same privilege of daily prayer in a public facility that members of Congress and the Supreme Court grant themselves.

Savage Bridge

(Continued From Page One)

the bill next year as an "emergency bill" so that the funds can be channeled to the county as early as next spring.

The old bridge, condemned as being unsafe and closed to all traffic except at the occupant's risk, has been replaced by a temporary bridge adjoining the old span. The temporary bridge was opened to traffic last Friday.

The fact that the bill had been introduced at all in the past session set a precedent in that it called for state funds to replace a county-owned facility.

However, Garrett officials were able to convince the state that some state monies should be allocated because much of the traffic over the bridge is generated by the state forests and parks in the area.

Delay of the bill's passage could bring up other problems, in that inflation could add as much as another $300,000 to the orginal estimates of the bridge cost. Mr. Hamilton said that starting the engineering work and asking for bids early, the county may be able to save both the county and state some money.

Carnival Begins

(Continued From Page One)

day, May 5, volunteers from the Rescue Squad will be in the Oakland area; on May 19 they will cover Mt. Lake Park and Loch Lynn; on June 2 the group will go over Deep Creek Lake; on June 16, volunteers will collect in Crellin and Deer Park; and on June 23, they will collect in Kitzmiller and Swanton.

There will be a thermometer on the Court House lawn to record progress toward the $30,107 goal, which the group hopes to reach by June 30.

Tax Rate May

other purposes.

The County is now receiving more than $600,000 a year from federal fundings. Some of the uses for federal monies include new trucks and vehicles; library materials for school libraries. Garrett Community College and the county library, road supplies and expanded services.

According to Mr. Hamilton, the taxes cannot be lowered due to the effects of inflation, citing the jump in gasoline prices and asphalt costs. Increased salaries also affect the budget.

The new budget will include $150,000 so that the county can purchase a new asphalt plant. The present plant, located in Sang Run, was completed in 1970 but environmental pressures on the existing facility make it more feasible to construct a new plant than to renovate the present one.

The present budget includes a surplus of about $15,000, and that figure will probably remain about the same.

Local 4-H Club To Receive State Bankers Award

The Ryan's Glade 4-H Club has been named one of three Western Maryland winners in the State Bankers Award program and will receive a plaque this Saturday at the State Citizenship Tour in Howard County.

Sponsored by the Maryland Bankers' Association this award will be presented to 15 Maryland 4-H Clubs. The selection is based on clubs' programs and activities during the October 1972-October 1973 4-H year as shown in their secretary's and program books.

During this time Ray Stever served as President of the 19 member club under the leadership of Mr. and Mrs. Larry Tichnell and assistant Miss Paula Rodeheaver. The members were active as individuals and as a total club with 16 members completing and submitting their project records for the year. Community involvement was one of their greatest strengths as they held a Community Halloween Social, supported and helped maintain the Community Building, and conducted the Community Church Services for the 5th Sunday of the month and for National 4-H Sunday. The club and individuals also participated in the County and State Fairs, 4-H Camp, Demonstrations, Public Speaking, Citizenship Tour and Achievement Night, and other club and county activities.

The North Star Girls, Saddle Tramps, and Monte Vista, Jr., clubs also submitted their books for State consideration.

Forty-one 4-Hers, leaders and parents from Garrett County are scheduled to participate in the Tour of Howard County on Saturday. Tour plans include a Citizenship Ceremony, visit to an open space school, a look at the City of Columbia, stops at the Historical Sights and time for a little shopping at the Columbia Mall.

The State Citizenship tour is an annual event hosted by 4-H members and leaders in 5 different County each year.

Attend Convention

Delmar Sliger, Exalted Ruler of the Elks Lodge, along with John Walters and Dale Custer, attended the tri-State Elks association meeting in Annapolis over the weekend. William Jernack, New Jersey was the main speaker.

Men were accompanied by their wives who were hosted by Ladies of the Elks. A tour of the U.S. Naval academy was a highlight.

Bargaining With The Russians

The latest round of Strategic Arms Limitation Talks, known as SALT-II are now underway between the U.S. and U.S.S.R. at Geneva, Switzerland. Once more U.S. negotiators are locked in a test of skill and will with some of the world's hardest bargainers.

There is one thing about Communist negotiators — any communist negotiator. They are out to secure the most advantageous possible result for themselves, and they negotiate on the basis of hard facts — not idealistic slogans. That is especially true in the area of armaments.

In trying to reach a SALT I agreement in 1972 the U.S. found itself at a disadvantage because the Soviet Union at the time had massive and expanding building programs in such areas as intercontinental ballistic missiles and missile-launching submarines. The U.S. had no such new programs of its own. By a one-vote margin the Senate had approved construction of an anti-ballistic missile system (ABM), and thus we were able to trade off against the Soviet system by restricting the deployment of both. But we were forced to concede Soviet quantitative superiority in offensive missile launchers because, it was said, this was the best deal we could hope for under the circumstances.

Since 1972 the Soviets have continued to race ahead in all areas permitted by the SALT-I treaty. They are developing new, advanced ICBMs and are testing them with multiple warheads (MIRV). They will soon catch up with the U.S. in this vital technology. The Soviet Defense Minister, Marshal Grechko, recently pledged that the Soviet Union would continue to strengthen its armed forces despite resumption of the SALT talks.

By this means the Soviets are, once again, contributing military "facts" which their negotiators can then use as bargaining chips to wring concessions from the U.S. If the U.S. has no new weapons systems of its own in the mill the Soviets will have no incentive to reach a new agreement to limit their MIRVs or reduce the numbers of their existing missile launchers. They might then be quite content to see no new treaty, because their own military superiority would be approaching the point where it could be converted into decisive political gains.

Disarmament agreements, if they are possible at all, can take place only when neither side has any clear advantage over the other. So, if we want to bargain effectively with the Soviets at Geneva, we must not strip the trumps from our hand by cutting back unilaterally in advance on our projected new weapon systems. — U.S. Pre Association.

Skies Are Mostly Clear With Sunday Warmest Day

The warmest day so far this year occurred Sunday when the mercury hit the 80-degree mark. Skies were mostly clear the past week with the only precipitation falling before dawn yesterday. Gusty winds have been blowing the last few days. April averaged slightly above normal temperature-wise but somewhat below in precipitation.

The showers of early yesterday yielded only .2 inch of rain. More rain than this is needed to dampen down the forests dried out by breezy conditions since Sunday. Winds hit light gale forces at times with gusts of 30 to 35 miles per hour. Monday and Tuesday followed Sunday's 80 degrees with 79 and 78 degrees, respectively. Temperatures for the week averaged 6.75 degrees above normal. There was some frost Saturday when the mercury dropped to 30 degrees.

April temperatures averaged 48.2 degrees, just one degree above normal. Highs averaged 63.1 degrees, 2.7 degrees above normal, with the warmest being last Sunday's 80 degrees. The mercury rose above the freezing mark every day but rising to only 38 degrees on the 6th. Lows averaged 33.3 degrees or .7 degree below normal. The lowest temperature reading was 9 degrees on the 7th with the mercury dropping to, or below freezing on 15 other days.

Precipitation during the past month amounted to 3.64 inches or a half inch below normal. There were snow flurries on the 6th. One to two inches of snow flurries fell on the 9th. Fine snow fell most all day on the 24th, but melting mostly as it fell, giving little or no accumulation.

Fresh breezes to moderate gale force winds were noted nine days, otherwise winds were calm to light.

Participating will be the junior chorus and Northern Aires club, and the Senior chorus.

15 Attending Bike Clinic Program

Fifteen young people have turned out for the Bicycle clinic and registration program which is currently underway, sponsored jointly by the Maryland Extension Service and the Optimist Club.

At the first meeting of the group Wednesday three weeks ago, rules and regulations for inspection of bikes was discussed. At the second meeting, each of those attending brought a bicycle and members of the Optimist club made minor repairs and adjusted each bike to fit the rider.

At last night's meeting, Tpr. C. H. Hinnant of the Maryland State Police gave information on the rules governing bicycle travel and safety on the highways.

The final two meetings, May 8 and 15, will be conducted in the First National Bank parking lot, where bicycle skill tests, a rodeo and games will take place.

Approximately 20 bicycles from the Oakland area were inspected and registered on the past two Saturdays when the Extension office and the Optimists cooperated in this phase of the program.

Members of the Monte Vista Jr. 4-H club arranged the display on bicycles at the Ruth Enlow Library.

Commodity Trading

Americans are fortunate in that they enjoy the most abundant food supply in the world. Food grown on farms in the United States has fed hungry people in scores of nations around the world. The Soviet Union, which presents itself as the model collective society, today is in the humiliating position of having to turn to the United States for grain to feed its people.

Given the enormous success of the free market system of producing food, one would imagine that the commodities trading system would be free from the kind of hurtful government tampering that has reduced production in other areas of our economy. But this is not the case. The existing, workable system of commodity futures trading may be destroyed by Act of Congress.

The House of Representives, in a lopsided vote, already has passed H.R. 11955, "The Commodities Futures Trading Commission Act of 1974." It is very important, therefore, that this type of legislation be blocked in the Senate.

U.S. Rep. Steven D. Symms, the articulate young congressman from Idaho, is one of the few national legislators who have paid close attention to this hurtful legislative proposal. In an address earlier this year, Rep. Symms warned that the commodity futures industry is in danger. H.R. 11955, he declared, would "bring commodity futures trading under unprecedented government control. Under 'disorderly trading' or emergency conditions, the government would have carte blanche authority over the industry."

Congressman Symms is aware that government has a part to play in an honest commodity futures market. As a first step, he would ensure that government information is available to each buyer and seller on an equal basis. Charges that inside information was made available to selected individuals in the Soviet grain deal have caused serious concern. But, he noted in his address, "the answer is not to shackle the market, but to demand fair business practices from the government."

Under H.R. 11955, a Futures Trading Commission would have sweeping powers. It would substitute government decision-making for decision-making by traders. If the experience of this and other nations is any guide, government control of trading would result in shortages and higher prices for consumers.

Moreover, like so many other Big Government proposals, H.R. 11955 threatens individual rights. The proposed Commission would be given broad powers to issue injunctions. It could halt the transactions of any market or any person "about to engage" in an alleged unlawful trading practice. As Rep. Symms noted in a speech on the floor of the House of Representatives, "This power of preventive injunction appears unconstitutional on the face of it. Legislation aimed at preventing, rather than punishing an action, has within it all the problems inherent in conspiracy and preventive detention laws." It is a particular ominous threat against the right of a citizen to conduct business.

Commodity futures trading is not exactly a red hot issue. But it is directly related to the supply of foodstuffs. The existing commodities system has exemplified the benefits that result when free men make voluntary exchanges.

It would be tragic if the marketplace system of exchange were abolished and federally-regulated exchanges governed commodity transactions. In the long run, one can be sure, the American people would have less food available and food prices would be higher.

Keyser Beats SHS 7-5 At Keyser Field

Keyser's winning pitcher Mark Tysinger and pinch hitter Rex Hoalcraft both slapped doubles highlighting a five-run fourth inning which eventually gave Keyser a 7-5 victory over Southern of Oakland Friday at Keyser.

The Southern Rams jumped off to an early lead and were on top 3-0 going into the bottom of the third frame.

The Golden Tornadoes sprang for two runs in the third to trail 3-2, before going ahead to stay with the five-run fourth inning.

Southern tallied another run in the fifth inning on a fielder's choice, and then managed something of a desperation bid in the top of the final seventh.

Despite two outs, two Ram runners were on base when Southern shortstop Shotwell drove in one run with a single to make the score 7-5 with two visitors still on the basepath.

Tysinger ended the rally with a strikeout, one of the 11 three swing badges he earned enroute to the Potomac Valley win.

A Strange Twist of Events

Difficult as it is for the average American to understand our foreign policies these days, there is nothing more puzzling than the attitude of some folks toward the free country of Rhodesia.

A number of Senators in Washington who claim that they deplore the act of economic blackmail by the Arabs were the first in line to vote for a measure which would impose economic blackmail on our part against Rhodesia, by banning the import of Rhodesian chromium.

Such a policy, if it should be confirmed by the House of Representatives, would not only force us to depend upon the Soviet Union for our supply of the critical metal, but it will also cost us about twice the price we are now paying Rhodesia. One result, according to experts in Washington, would be that the average family automobile will cost about $200 more than it does now.

Even stranger, however, is that according to newscaster Fulton Lewis, III, General Motors has directed its lobbyists in Washington to pressure for the passage of the measure which would impose the ban. "The reasoning in this case," says Lewis, "is that although [the ban] would push the price of ferro-chrome steels upward, GM wants to protect its investments in such black African nations as Zaire. . . . It is fearful that rejection of Humphrey's bill (which calls for the ban) might cause an anti-American reaction in black dominated regions."

Could it be, in addition to the reason cited by Fulton Lewis, that General Motors also wants to curry favor with the Soviet Union?

Whatever the reason, it might not be a bad idea for you to contact your nearest Gen. Motors automobile dealer, and ask him in turn to ask HIS supplier why the American people should be expected to pay $200 more per automobile to make things good for General Motors.

TEEN CHALLENGE

The Full Gospel Church in Deer Park will have a team from Teen Challenge for two film showings on Wednesday and Thursday, May 8th and 9th at 7:30 each evening. Wednesday the film will be THE RAPTURE and Thursday THE ROAD TO ARMAGEDDON. Both are on Prophecy (In Color) and were produced and narrated by David Wilkerson, Author of the best seller, THE CROSS and THE SWITCHBLADE, and Founder and Director of TEEN CHALLENGE.

THE RAPTURE is a shocking but true to the Bible documentary vividly depicting what it will be like just 24 hours after Christ returns. The film is a dramatization of a combined network news special, reporting the rapture with satellite report from all around the world.

This unusual documentary shows how the earth will be literally shaken when multitudes of people vanish in the twinkling of an eye. A chain of events take the lives of countless numbers of people.

There is also a unique treatment of the "mark of the beast" and how it could affect the world almost over night. It is so believable and up-to-date.

THE ROAD TO ARMAGEDDON is a movie you will never forget. The film gives a very clear interpretation of the signs of the times, according to the Bible.

Rev. David Wilkerson shares shattering news events foreshadowing the end of the world. Persecutions, Earthquakes, Recession, Occult practices and immorality in our land.

Your heart will be shocked into awareness as you feel the urgency of the hour. Come and bring a friend. No charge, a free will offering will be received for TEEN CHALLENGE.

Saddle Tramps 4-H Plan Show June 9

June 9 has been chosen by the Saddle Tramps 4-H club as the date for its open horse show, to be held at Blue Pine Springs, Grantsville, at noon.

There will be 20 English, western and game classes. Entry fee for youth classes will be $1.50 with winners receiving trophies or gifts. All other classes will have a $2.00 entry fee with cash prizes.

With the exception of the All Day classes and Saddle Tramps pleasure, the other classes were selected from the District and State program book so that 4-H members will be familiar with the classes they expect to compete in at the District show.

All classes are open to outside exhibitors except Saddle Tramp pleasure.

Members who served on the planning committee were Elaine Evans, Becky Turney, Norma Yoder and Betsy Filsinger. Leaders assisting were Helen Tinney, Betty Stoner and Lawrenece Glover.

GCC Eases By Frostburg 11-10

Dan Slifko caught in a rundown between third base and home plate, raced home with the winning run when the base was thrown away, giving Garrett Community College an 11-10 victory over the Frostburg State Junior Varsity Friday afternoon at Mellenry.

The Lakers scored three times in the bottom of the ninth to squeeze out the win after the Bobcats had scored four runs in both the eighth and ninth to assume a 10-8 lead.

Ernie Shotwell, who started on the mound for Garrett and was relieved in the ninth by Paul Lewis, had a home run, double and two singles to pace a 13-hit Garrett attack against Richard and Eppes.

The Frostburgers hammered out 17 hits.

Coach Dennis Fearnow's Lakers are now 5-4 on the season, having won five out of their last six games.

Five Therapists To Work With Area Handicapped

The services of five trained occupational therapists will come to the western Maryland area soon since the five have completed a year's intensive training at the Community College of Baltimore.

Mrs. Charity Hinebaugh, Oakland, was among the graduates who have been selected to receive training and emphyment opportunities and is eligible for certification by the American Occupational Therapy Association.

The project, to aid the physically, emotionally and socially handicapped in public and private sectors of health care, is supported by federal grant. The project is conducted with the support of the Preventive Medicine Administration in Baltimore.

Gemma Grott, OTR, is the regional coordinator of the service.

O.E.S. To Meet May 7

Oakland Chapter 67, Order of Eastern Star, will meet May 7 at 8 p.m. in the Lodge Hall. Helen Henline, worthy matron, and Bernard Burns, worthy patron, will preside.

Practice for officers will be held Monday, May 6, at 7:30.

Commerce Dept. Census On Manufacturing Filed

The U.S. Department af Commerce released a prehmnnary 1972 census report this week of Manufactures in Maryland.

Figures for Garrett County showed there are 32 manufacturing establishments here, eight with more than 20 employes. A $6.5 million payroll goes to 1,200 employes in all branches of the maufacturing business.

There are 1,100 production employes locally, spending two million manhours and earning $5.5 million annually.

Cost of manufacturing material in 1972 was $12.6 million and value of shipments made was $23.6 million. Value-added-by-manufacture, which is the approximate value of products shipped less the cost of materials used, was $11.3 million in 1972, compared to $3.5 million in 1967.

New capital expenditures amounted to $800,000.

According to the report, in 1967 there were 500 manufacturing employes in the county.

Education Commission To Hear Testimonies May 22

The Governor's Commission on the Structure and Governance of Education, the Rosenberg Commission, is conducting a series of hearings throughout the state to listen to testimony from residents about education.

Garrett and Allegany counties will be served by a hearing May 22 from 7:30 until 10 p.m. in Room 201, Lane College Center, Frostburg State College. Any Western Maryland citizen is invited. Presentations should be limited to ten minutes, with written testimony to accompany the presentation. Statements also can be sent to the commission before or after the hearing or mailed to the commission's office at 301 W. Preston St. Baltimore.

For further information contact Mrs. Lucille Ludvigsen at the Board of Education office.

Aurora - Eglon

On Friday, May 3, the women of Union District will meet at the Maple Spring Church of the Brethren for their annual May Fellowship Day. A covered dish luncheon will be held at 12:00 noon with an afternoon program beginning at 1:00 p.m.

The Sunshine Singers, a gospel group from Jessup, will be at St. Paul's Lutheran Church, Aurora, Sunday afternoon, May 5, at 2:00. The public is invited.

The Eglon Homemakers will meet May 7, at 1:30 p.m., in the Eglon Memorial building for a lesson on "Dried Flower Arrangement" to be taught by Mrs. Marguerite Shaffer. Interested persons are invited.

J. Michael Fike, son of the Rev. and Mrs. Galen Fike, Eglon, was recently selected as the outstanding educator in Augusta County, Virginia schools where he is employed as an elementary teacher in a rural school. He, his wife Cynthia, and son Shannon, reside in Bridgewater, Va.

The Mountain District No. 12 Assembly of Lutheran Church Women was held last Wednesday at Bittinger. Attending from St. Paul's Church, Aurora, were Mrs. Vesta Stemple, Mrs. Veda Schrock, Mrs. Donna Goff, Mrs. Lois Knight, and Mrs. Mary Wotring.

Mr. and Mrs. Allen Crawford and daughter, Sherry, were weekend guests of Mrs. Crawford's mother, Mrs. Margaret Crawford, and her brother, Mark, at their home in Aurora. On Saturday evening they celebrated Sherry's birthday which will be Tuesday, April 30. Other guests were Mr. and Mrs. Darwin Snyder, Horse Shoe Run. Her cake was baked and decorated by her aunt, Judy Snyder. Visiting on Sunday with Mrs. Crawfnrd and Mark were another daughter Penny, and her husband, Herbert McDonald, Arlington, Va.; and Nancy Houser, Stemple Ridge.

Word has been received here that Keith Parks is a patient in a hospital near his Florida home suffering from pneumonia, and that his brother, Frank Parks is a patient in Garrett County Memorial Hospital as the result of flu. Both are brothers of Gerald Parks and Mrs. Lela Roth, Eglon.

Mrs. Maxine Hauser was taken last week to Preston Memorial Hospital for medical treatment and returned to her home on Stemple Ridge Saturday.

Gene Simpson, Martins Ferry, O., husband of the former Thelma Wilt, suffered a heart attack last Monday and is hospitalized nearby. Mrs. Simpson's mother, Mrs. Mildred Wilt, Eglon, went Wednesday to be with her daughter. Latest reports are that Mr. Simpson is showing improvement.

Mrs. Devaux Armentrout, who recently underwent surgery in a Charleston hospital, is now recuperating at her home on Windsor Drive, Charleston. Mrs. Armentrout is a daughter of Mr. and Mrs. Ezra Slaubaugh and former resident here.

Dr. Margaret Stemple, Morgantown, and her aunt, Mrs. Bessie Seko, Aurora, visited last Thursday with the former's mother, Mrs. Forrest Stemple, who is a patient at the Goodwill Mennonite Home, Grantsville.

Dinner guests at the home of Mrs. Margaret Slawter, Oakland, Sunday were Mrs. Bessie Deakins and Michael, Mrs. Janet Boggess and Lanita and Ricky, all of Aurora.

Mr. and Mrs. Alfred Wotring, Aurora, visited Sunday with their nephew and family, Mr. and Mrs. Robert Wotring, at their home at Mt. Lake Park. The latter Mr. Wotring returned last week from a Cumberland hospital where he had been a patient as the result of a heart attack. Mr. and Mrs. Wotring also visited Mr. and Mrs. Roy Shillingburg, near Aurora, and other guests of the Shillingburgs were their neighbors, Mr. and Mrs. Ted Hardesty.

Mrs. Callie Arnold, Bayard, was taken Sunday to Broaddus Hospital, Philippi, by the Roscoe Lantzes and remains there as a patient.

Sunday evening dinner guests of Mr. and Mrs. Robert Spaid, Aurora, were Mr. and Mrs. Roscoe Wotring and Malcolm Wilt, local; and their son-in-law and daughter, Mr. and Mrs. George Sisler, Kingwood.

Mrs. Lela Roth returned Sunday to her home near Eglon, after having spent the past several weeks visiting her children in Ohio and Morgantown.

Mrs. Effie Stahl, Sunnyside, spent the weekend visiting Mrs. Grace Myers, Stemple Ridge. Sunday visitors of Mrs. Myers were Mrs. Margaret Myers and Jessie, Aurora; and Mrs. Merle Stemple, Stemple Ridge.

Mrs. Maynard Lantz, Aurora, was taken Sunday to Monongalia Hospital, in Morgantown, where she will undergo tests and treatment.

Sunday visitors of Mr. and Mrs. Willis Harsh were Mrs. Harshs's uncle, Cline Stemple, and his son-in-law and daughter, Mr. and Mrs. Tobias Mateer, of Hambleton, another daughter, Mrs. Helen Peck, Washington, D. C.; Mr. and Mrs. Sherman White, and Mrs. Evelyn Lewis, all Oakland.

Mr. and Mrs. Claude Winters, Eglon, went Friday afternoon to Morgantown, where they attended an Honors Convocation sponsored by the College of Agriculture and Forestry of West Virginia University, during which their daughter, Rebecca Winters, was one of the selected honorees in the division of Plant Sciences. Selected for their scholastic record, Bruce Teets, son of Mr. and Mrs. Roscoe Teets, Eglon, was also one of those named in the division of Animal and Veterinary Sciences. There were several from Preston County, W. Va., and Garrett County named to the list of honored students.

While the Rev. and Mrs. Galen Fike were visiting in Virginia this past weekend, Mrs. Fike's brother, H. G. Texiere, Harrisonburg, underwent emergency surgery on Sunday for a kidney ailment.

Larry Knotts and children, of Cresaptown, visited Saturday with his mother, Mrs. Lillian Knotts, and grandfather, Ira Harsh, at their home in Eglon.

Mr. and Mrs. Ellis Teets and Mark visited Sunday evening with Mr. and Mrs. Ross Crowe, near Gortner. Sunday dinner guests of the Teets' were Mr. and Mrs. C. R. Winters, Kingwood.

Mr. and Mrs. Gerald Selders, Greenshoro, N. C., spent last week visiting in Aurora with his parents, Mr. and Mrs. Thurman Selders, and with other relatives in Grafton. On Saturday Mr. and Mrs. Cecil Selders, of Fairmont, came to the Selders home in Aurora, and on Sunday they went to Keyser where they attended a "This Is Your Life" celebration for the former Mrs. Selder's brother, the Rev. Ward Harvey, who is retiring from the ministry and will reside in Keyser. A dinner and afternoon celebration were attended by several hundred and cards and gifts were received from former parishioners in many areas where he had served churches. Hilda Winters, Mt. Lake Park, visited Sunday with Mr. and Mrs. Thurman Selders and was an overnight guest.

A surprise birthday party was held at the Maple Spring Church Thursday evening for Ricky Spaid, a senior at Aurora High and son of Mr. and Mrs. Joe Spaid, Eglon.

AMERICAN FREEDOM and CHRISTIAN RESPONSIBILITY AS I UNDERSTAND IT.

By Rev. W. H. Leake, Deer Park, Md.

What is happening to our private land in America? Is the communists dream of "abolition of private property" called for in the Communist Manifesto becoming a reality in our nation and in Garrett County.

Yes, by a series of laws, Federal, State and Local, property rights (especially land) are gradually being eroded away. Politicians will declare that they hold hearings, but that few show up. This part of their statement may be true, but let us ask why so few show up.

There no doubt are several reasons. Number one — there are so many meetings that one grows weary of trying to keep up with them. Number two — We attend these meetings at our own expense, the bureaucrats are being paid (by US). Number three — We have learned by experience that they listen but do not hear. Raise all the objections you want to, they still do what they please.

If the County Commissioners are honest and want to know if Garrett County wants a Land Use Bill, let them put it to referendum. I dare them!

This year let's all work to elect men who believe in the American Free Enterprise system, men who are committed to the great American dream. Do not be tricked into voting for what is considered the lesser of two evils; because if you do, you have still accepted evil and voted for it.

Remember: CHRISTIANS AND GOOD CITIZENS VOTE FOR MEN NOT PARTIES.

Maryland Historic Preservation Week

The week of May 6 to 12 has been proclaimed by Governor Marvin Mandel as "Maryland Historic Preservation Week."

He explained that since Maryland was one of the original 13 colonies it had many historical cultural properties, buildings, and furnishings pertaining to the 17th and 18th centuries. He noted many had been lost through natural causes of fire and neglect but that the state was losing more than ever through new highways, strip mining, housing renewal, and developments with disregard to history or architectural beauty.

The Maryland Historical Trust has county committees in almost every county in the state to list and show why such buildings and sites should be preserved.

Garrett has been aided by its state representatives, Senators Beall and Mathias, in having two properties accepted on the National Register, Tomlinson Inn and the Little Meadow; also the Oakland railroad station, on February 4.

Other properties already on National Register are Casselman bridge, national road, July, 1968; Fuller-Baker log house, February 12, 1971. The county committee has others in mind to ask the Trust to accept on the National Register.

Cutting Costs

Most Americans know that there is a shortage of energy in this country and that conserving our energy supplies has become almost a patriotic duty.

In the interest of energy conservation, one manufacturer of air conditioners—Friedrich Refrigerators, Inc. of San Antonio—recently undertook a national campaign to encourage everyone to buy the most efficient room air conditioner possible, regardless of brand. The campaign resulted from research which showed that inefficient room air conditioners and those with capacity greater than needed were using 26 billion kilowatt-hours of electricity needlessly, costing users an additional $513,000,000 a year.

The campaign was aimed at the 5,000,000 persons who buy room air conditioners every year.

Thomas Berg, president of Frederich, initiated the campaign as an educational program to—

1. Conserve energy which is in short supply.
2. Prevent excessive electricity costs.

What the education program pointed out was this: Before you buy a room air conditioner, look at the name plate and compute the efficiency of the unit by dividing the BTU's (listed on the plate) by the number of watts (also listed on the plate). The higher the resulting number the more efficient the unit—which means the less electricity it will use and the more money you will save.

As a result of the campaign (which is under way again this year) Thomas Berg and his company were awardtd a citation by "The Environment Monthly" for their efforts in making environmental excellence a basic condition in the pursuit of corporate goals.

The program deserves support. So before you buy, check the name plate, complete the division, and make sure the unit is efficient. If the number you get is 7.5 or higher, the unit is among those which will conserve energy and save on electric bills. —U. S. Press Association.

Dr. Doutt Will Speak At FSC

A new film,"The Life of the Eskimos,' will be featured on a program presented by Dr. J. Kenneth Doutt on Tuesday evening, April 30, at Pullen School Auditorium, Frostburg State College, at 8.15 p.m.

Long-time curator of Mammals of the Carnegie Museum in Pittsburgh, Dr. Doutt has devoted his life to scientific study and writing, to field trips and travel in widely scattered areas of the world.

Dr. Doutt has authored many articles and nearly three dozen technical papers. He has described a new race of squirrel, two races of the red-backed mouse, two beavers, and a harbor seal, and is author of "Mammals of Pennsylvania."

A new paper of his concerns the white-tailed deer of Eastern North America.

Loar Auxiliary Plans Member Tea

To mark their third anniversary, the Loar auxiliary of the Garrett County Memorial Hospital will hold a membership tea in the hospital board room at 2 p.m. Tuesday, May 14, to honor members and prospective members.

A special invitation to attend is extended to the wives of local doctors and dentists, and to all women interested in the work the organization is doing.

The auxiliary recently purchased therma-pots for the use on patient trays and these will be presented to the hospital at this time. At their last meeting, they presented an audio-visual cassette projector which will be used for "In Service Training" at the hospital. A resume of activities and accomplishments during the year will also be given.

Plans are being completed for a dessert card party which the auxiliary will sponsor at the fire hall at 12:30 p.m. Thursday, May 23. Bridge, canasta and 500 will be played. Tickets are $1.75 and may be obtained from Mrs. Don Bender, committee chairman.

All proceeds will go toward the next project the group is planning.

Bring On The Coal

A recent newspaper ad by a group of power companies advises this: "America has more coal than the Middle East has oil. Let's dig it!"

We say, Amen.

The United States, as the phrase goes, is the Saudi Arabia of the coal world. We have enough of the fossil fuel to last for at least 500 years. And, since we already use about 35 percent of the world's energy, we're going to need it.

Even with the lifting of the Arab oil embargo, it will be many years before the U.S. could become self-sufficient in oil, given the best of possible circumstances. In the meantime, we face the uneasy choice of comprising the ideal environment we want to have and the power from coal that we must have. While other forms of energy such as nuclear power are necessary clearly it will be a good while yet before they can supply a large percentage of U.S. energy needs.

In response to a national need for wider use of coal, the Nixon administration is now mobilizing a task force to work out details of expansion. "We've got to develop coal from its present 17.7 percent of the national energy base" to the 45 percent figure of "10 or 15 years ago," said Interior Secretary Rogers C. B. Morton in discussing the task force.

Morton added the various Federal agencies dealing with energy will be represented in the task force and that the group will work with industry and labor leaders to prod them into greater use of coal.

We believe this development is constructive and necessary and we commend the Nixon administration for these tentative steps to move the nation closer to independence in energy.

LETTER TO THE EDITOR

Dear Sir

I feel that it is a disgrace for the Southern High School Band to have to travel to Louisville, Kentucky, an all day trip from Oakland, in school buses. It is a shame for a school as large as Southern not to be able to charter more comfortable buses for these students. I feel also that it is safe to say that the true reason is not due to a lack of funds.

This is a high honor for our community to be represented at such an event and it does our image no good for the people of that area to see them arrive in school buses. The students will be fortunate if they are able to walk at their arrival after such a long trip in those hard seats and with the added discomfort of having no restroom facilities on the buses.

If a community the size of Keyser, W. Va., can charter buses for their students, then why is the hard and dedicated work of Mr. Clever and the students here not rewarded with same comforts?

Sincerely yours,
Mrs. William Smith

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searcy, Arkansas

"We lacked enough love of freedom; and even more, a consciousness of the real situation." So the Russian people lost their historic anchorage and now must march in a distressing and painful procession down a darkening road toward human disintegration.

This is the over-riding summation of Alexander I. Solzhenitsyn's courageous autobiography, his inside story of Russia's existence (today) under a brutal tyranny, of Communism's unchanging evil nature, and of its continuing threat to all mankind.

In his "we" he is speaking of the Russian people — their willingness, when confronted with a Communism they did not understand, to give up substantial freedoms for the promise of a utopia. "we lacked enough love of freedom."

And when he speaks of a "lack of consciousness of the real situation" he means simply a lack of understanding, in the early days, of Communism, its true nature, its goal, its capabilities of establishing a tyrannical dictatorship over the Russian people — and the world.

The Plight of the Russian people, he says over and over again and with overwhelming authority, is the plight now awaiting the rest of the world, and particularly the United States of America.

Solzhenitsyn's book, which has received widespread publicity even before publication in the U. S. (scheduled for April), is entitled "Gulag Archipelago." The direct quotations given here and in subsequent columns are from excerpts of an English translation published in a copyright series by the New York Times.

The noted Russian writer, whose criticism for 20 years has been a chronic, deepening thrust between the ribs of the Soviet bosses, smuggled the 260,000-word manuscript out of Russia for publication (first in a Russian translation) with the expectation that the book would serve as his death warrant — or worse — through unspeakable torture and the gradual transformation of a human personality from normal to animal with drugs and electronic equipment newly developed in Soviet psychiatric prison "hospitals." He said that it could be a death warrant also for anybody in Russia who touches it.

"If freedom does not come to my country for a long time in the future, then the very reading and handling from person-to-person of this book," he said in a recent statement, "will be very dangerous — so that I am bound to salute future readers as well — on behalf of those others who have perished." "Those others" who have perished number in the millions.

The importance of this monumental expose of present-day as well as earlier-day Communism cannot be overstated. If read by enough people around the world it could result in a house cleaning in all nations whose leaders presently lend prestige and power to World Communism by accepting its self-elected bosses and giving formal diplomatic respect. This is the purpose of Solzhenitsyn's book and the possible sacrifice of his life for publishing its truth. A purpose achieved is a challenge to the morality of present day America.

A secondary importance of the book is that it documents beyond all challenge, proof that the lonely voices raised in America in an attempt to achieve public understanding of the Communist menace are authentic and valid, and that the anti-anti-Communists who try to smother the truth have been in fact supporting the goals of Lenin-Stalin-Krushchev-Brezhnev and their self-appointed elite to control the human race.

A wonderful place to put money... the Lincoln Carol.

Our Carol is just like "money in tho bank," only better. Money invested in our Carol can grow as fast as bank savings because of constantly rising labor and material costs. And with Carol, in addition to having money in the bank, you have a spacious ranch home with three bedrooms, separate living and dining areas, plus a modern "L" shaped kitchen and two car garage. And remember as a Lincoln owner-builder you can save every step of the way. Put your money in Carol. She's a winner for solid value and luxury living.

Remember...your money GROWS in a Lincoln home.

College To Offer Graduate Courses In Management

Dr. Herbert L. Myers, Director of Frostburg State College's Center for Management Development, has announced that courses leading to a Master of Science in Management degree will be offered at Garrett Community College, McHenry, beginning with the summer session. Registration beginning May 20, will be held Monday, May 6, in Room 27 at the Community College. Members of the CMD faculty will be available to answer questions and to counsel applicants.

Frostburg State College initiated a graduate program in management in September of 1967 to provide opportunities for the development of general managers and administrators. In the fall of 1970, the Graduate Management Department was reorganized into the Center for Management Development (CMD). Authority to award the Master of Science in Management (MSM) degree was granted in the Winter of 1971.

CMD is dedicated to providing educational opportunities for managers and employees of a wide variety of organizations — both large and small — from the public, private, and non-profit sectors. This is accomplished through the MSM program, a Certificate in Management Studies, special courses, workshops, and seminars.

Garrett County will mark the third off-campus center to be established by CMD. Centers are already in operation in Hagerstown and Frederick. All courses offered at these educational centers carry full-resident credit so that an individual can complete his degree program by attending courses at the most convenient center.

The MSM program requires a baccalaureate for admission and is a 42 credit hour program. Up to 9 credits may be transferred from other graduate institutions and up to 12 credits may be earned by proficiency exam. The Certificate program requires 21 credit hours to complete and does not require a baccalaureate for admission. In addition, a proposal is before the Board of Trustees of the State Colleges that would enable individuals who distinguish themselves by their performance in the Certificate program to continue on for their MSM.

The first summer session begins on May 20, and runs through June 27; the second session will run from July 8 through August 15. In both sessions classes will meet two nights a week — either Monday-Wednesday or Tuesday-Thursday. Two courses will be offered each session with complete schedule being developed for the Fall.

Human Behavior in Organizations and Managerial Accounting are scheduled for the first summer session. Human Behavior will meet Mondays and Wednesdays; Managerial Accounting will meet Tuesdays and Thursdays. In the second session, Quantitative Analysis in Decision Making will meet Mondays and Wednesdays and Environmental Analysis for Managerial Decisions will meet Tuesdays and Thursdays. These four courses represent the first four courses in the program and are required of all students.

Individuals unable to attend registration on May 6, may write: Director, Center for Management Development, Frostburg State College, Frostburg.

Lakers Defeat Potomac State 8-4

After giving up two home runs and a 3-0 lead, the Garrett Community College Lakers clicked for seven runs in three innings and eventually downed Potomac State College 8-4 Tuesday afternoon at Oakland.

The victory kept the Lakers on the winning side with six wins after an 0-3 start.

After Potomac's three run lead the Lakers retaliated. Catcher Bob Evans hit a homer with one on to cut the score to 3-2. Oren Yoder hit a two RBI single in the fourth for Garrett and then the Lakers went out of reach with three runs on two walks and three hits in the fifth inning.

Winning Garrett pitcher Paul Lewis kept the Catamounts off the scoreboard for five innings before they got another run in the eighth.

Gets Journalism Award

Miss Deborah Ann Brady, Kitzmiller, was presented a journalism award for two years of service on the circulation staff, at a recognition day program at Potomac State College, Keyser, on Wednesday morning. Miss Brady, as vice president of Sigma Phi Omega Honor Society which conducted the program, she also read the Campus review, a summary of each organization's activities for the year.

Board Approves 2 Local Payments

The Maryland Board of Public Works has awarded contracts for a paving job at New Germany State Park and has agreed to provide $235 to replace the safe and contents at District Court.

The board approved a $8,702.10 bid by the Keystone Lime company for surfacing of the parking lot and camping loop road at New Germany park.

The $235 will replace the safe and contents which were stolen from District Court Third St., last December 3. The safe and some of the records were recovered from Deep Creek Lake December 29 at Glendale bridge by state police divers.

The safe had been opened and all money removed. Most of the other contents were water damaged.

In approving this payment, the board stipulated: "In the future, the District Court personnel will make daily deposits in the night vault in the nearby First National Bank to preclude the loss of cash receipts to the court."

Board of Public Works members are Gov. Marvin Mandel, former Governor J. Millard Tawes, and Comptroller Louis L. Goldstein.

Some Fifty Attend Conference - Workshop

Approximately fifty persons attended the Journalism Conference and Creative Writing Workshop at Garrett Community College last Saturday.

School journalists from Southern, Northern, Bruce, and Terra Alta High Schools participated in sessions on journalism careers, advertising, broadcast journalism, photography, and yearbook layout. These were conducted by Dr. Guy Stewart, Frank Kearns, and Robert Sommers of West Virginia University, David Green, and Todd Ware.

Participants in the Poetry Workshops heard Eric Cheyfritz and Robert Wickless of the Maryland Arts Council read and sing some of their original poetry, and give comment and criticism on poems written by members of the group.

The formation of a Western Maryland Writers Group became a real possibility when persons attending these sessions expressed an interest in having such a group whose members would meet periodically to read and discuss their work, to hear guest speakers and to have additional workshops. Anyone interested may contact Mrs. Joan Crawford at Garrett Community College.

Petersburg Trims Southern by 9 to 1

Phil Vance and Ronnie Cunningham knocked in three runs each and Rick Redman batted in two, lifting Petersburg High Vikings to 9 to 1 Potomac Valley conference verdict over Southern Rams yesterday afternoon at Petersburg.

Petersburg had a six run rally in the sixth inning. Randy DiSimone collected two singles for the Rams one of them a third inning single that scored Ernie Shotwell with Southern's only run.

Homemakers Plan Annual Spring Session

Garrett County Homemakers are planning their annual spring meeting on Monday May 6, with registration beginning at 12:30 p.m.

It will be held at the Bittinger Community with Dr. Raymond McCullough speaking on the Bicentennial observance. Interested persons are invited.

Salisbury Defeats Northern By 19-14

Salisbury rapped out 14 hits and everybody in the starting lineup except one player scored enroute to a 19-14 slugfest victory over Northern High Monday afternoon at Northern.

The Huskies who had 13 safeties including a two-run homer in the first inning by Greg Humberson, rallied for seven runs in the fifth inning and five more in the seventh. Dave Bender had four hits for the Huskies, Humberson had three and Kenny Sines and Ed Sisler two each.

H. Yoder was winning pitcher over Humberson.

Ice Cream Mix Taken From Market

A mix made in Pennsylvania by the Abbott Company for milk shakes and soft ice cream has been voluntarily removed from the market and from local restaurants after the product was found cause illness in those ingesting the milk shakes or similar products last week.

All of the soft-serve ice cream restaurants in Garrett County were affected, along with several other eating places in Allegany and Mineral Counties.

Several persons were hospitalized due to the vomiting, cramps and nausea traced to the ice cream products. No new cases have been reported since last week after supplies were disposed of and all machines thoroughly cleaned.

Approximately 60 persons became ill after eating soft-serve products. The mix has been sent to the communicable disease center in Atlanta, Ga. for analysis but so far the technicians have not been able to isolate the cause of the sickness.

Local Hamsters Okay

The local pet store in this county did not receive hamsters from markets which were selling animals carrying the virus infection LCM, says county health officer Dr. William Pope.

The animals carrying the disease, which can in extreme cases, affect the central nervous system in humans, were found in other parts of the state, and in Pittsburgh and Morgantown. Allegany County was found to be free of affected animals.

Anyone purchasing a hamster in the above places between December 15 and April 15 should return it to the place of purchase or take it to the State Animal Health laboratory, Knights of Pythias Building, Third Street, Oakland.

Blandford to Speak At Bible Crusade

A four-week Bible Crusade is scheduled Saturday, May 11 through June 8 at the Seventh Day Adventist Church on Route 219 north of Oakland.

Speaker for the Crusade will be Gordon T. Blandford, evangelist and former missionary to the Orient, whose theme will be "The World's Last Crisis."

Meetings will be held each evening at 7:15 p.m. except for Monday and Thursday evenings, and will include motion pictures on the life of Christ and song services.

Pastor Charles Bird said that each person attending will be given a free white Bible in which to read and mark the key texts used by the evangelist.

To Observe Children's Day

Children's Day will be observed at St. Paul's United Methodist Church, Oakland Sunday, May 5. Beginning at 9:30, members of the Sunday School are asked to go first to their classes for organization, then all will go to Fellowship Hall for the program.

Boys and girls will present songs, stories, and skits.

Following the program, the Morning Worship will be held at 10:45 a.m.

Hormell-Frazee Wedding Held

Misses Brenda, Nancy, Lori, Lois Frazee, and their brother, Craig, announce the marriage of their mother, Renelda Anne, to Robert M. Hormell, Jr., of Hopwood, Pa.

The wedding took place Saturday, April 27, at 7:30 p.m., at the Sand Spring Church of God with Rev. William Carlson and Rev. Jack Gray officiating at the double ring ceremony.

Mrs. Hormell wore a floor length gown of blue and white chiffon and carried a bouquet of blue and white mums and daisies. She was escorted to the altar by her son Craig. Miss Brenda Frazee was her mother's maid of honor. She wore a salmon and white chiffon floor length gown and carried a bouquet of pink and white mums and daisies. Robert Hormell III stood as his father's best man. Miss Nancy Lee Frazee, student at the Shenandoah Conservatory of Music, played the nuptial music for her mother's wedding and accompanied Miss Patty Wampler who sang "Because" and "Walk Hand in Hand."

A reception was held at the Sand Spring Community building. Following the reception Mr. and Mrs. Hormell left for a honeymoon trip to the Bahama Islands. They will reside in Hopwood Pa. upon their return.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

THE OPEN MIND

Lesson for May 5, 1974

Background Scripture: Acts 17.
Devotional Reading: Acts 17:22-34.

Someone has said that when some people insist that they are "standing on their principles," what they are really doing is "sitting on the lid of a closed mind."

One of the primary reasons for the divisions among men of religious faith and the parochial spirit is our unwillingness to listen to each other with open minds. Often I have found that people in an argument may be much closer in their thinking than they realize. The reason they do not understand this is that they are too busy arguing to really listen to one another.

Rev. Althouse

Examining the scriptures

Many of the places that the Apostle Paul visited on his missionary tours greeted him with closed minds and a hostile reception. One exception was Beroea. Here, the writer of Acts tells us, they "received the word with all eagerness, examining the scriptures daily to see if these things were so" (17:11).

There was an "eagerness," an openness about the people in Beroea. They were willing to listen to Paul and his group. All too often, people reject what others have to say without ever considering what it is that is being said. They begin with the assumption that they will disagree and nothing will deter them from fulfilling that expectation. As Herbert Spencer once noted:

> There is a principle which is a bar against all information, which is proof against all arguments and which cannot fail to keep a man in everlasting ignorance. That principle is contempt prior to investigation.

Often I find Christians using the scriptures, not "to see if these things are so," but to prove that someone is wrong. Thus, they take to the scriptures a mind that is already prejudiced.

"You are very religious"

Not only did the Beroeans greet Paul with open minds, but we also find that Paul himself could be open-minded when he spoke with men of different religious persuasions. In Athens, for example, he did not begin his preaching by telling the Athenians that theirs was a "wrong" or "false" religion. Rather, he began by acknowledging that they too were seeking God: "Men of Athens, I perceive that in every way you are very religious" (17:22).

This was not only a skillful strategy on Paul's part, but a recognition that these men were sincere in their religious quest. His technique was to try to show them that the God they were seeking to know was the same God he found revealed so fully in the person of Jesus Christ.

Acts 17 can be very instructive for us today, for, if as followers of Jesus Christ we want to be received with open minds, so we must also approach others with that same willingness to listen and consider.

WHAT MAKES A FRESH DRUG?
There are many factors that can affect the freshness or potency of drugs. To name just a few there are temperature, light, moisture, type of container and of course, the ability of the drug itself to remain in a potent state. Because of this last mentioned condition some drugs are labeled with a date beyond which they should not be used.
The very first thing your pharmacist will check for is an expiration date on the container. Sometimes, a drug will start losing its potency after it is mixed with something else or is out of its original container. This information is then put on your prescription container.

Bureau Applauds Land Use Bill

The amended version of the Land Use Bill in the recent session of the General Assembly in Annapolis was a clear victory for rural interests in the state, according to leaders of the Maryland Farm Bureau.

Rural legislators and Gov. Mandel decided to abolish a plan to create a Land Use Board with strong control over critical open space areas. Instead, the bill left the power for land use planning with local governments, with the state permitted to make recommendations.

The Farm Bureau opposed the original bill but advocated land use planning if it was done wisely and carefully.

Maryland is now one of the few states with any land use legislation. Farm Bureau executive secretary Jack Matthews feels the new bill may become a model for other states.

Mrs. Bell Receives Card From President Nixon

Mrs. James Bell, 1 Oak Street, was surprised on the occasion of her 81st birthday by a card from President and Mrs. Richard M. Nixon.

The card which included the wishes for health and happiness, was so appreciated by Mrs. Bell that she plans to have it framed.

Edwin Naylor Initiated Into Honorary Fraternity

Edwin Naylor, Oakland, a junior at Marshall University, Huntington, W. Va., was among 10 students initiated into the Beta Lambda Circle of Omicron Delta Kappa national honorary leadership fraternity April 26 at Marshall.

ODK encourages achievement and excellence in scholarship, athletics, student government and other aspects of college life.

Edwin is a son of Mr. and Mrs. Allen Naylor.

Forest Fire Danger Said Very Great

Maryland Forest Service personnel have announced that the forest fire hazard is very great in the four western counties of Maryland.

Between Friday, April 26, and Sunday there were four forest fires reported in Garrett Co. which one covered three acres; another three-quarters of an acre; a third, one-twentieth of an acre, and a fourth, one-fourth of an acre.

One fire on Sunday on Eagle Rock, due east of Deer Park, was set by an arsonist, according to Harlan Uphole, forest supervisor for the Maryland Forest service in Allegany county.

There was a fire Sunday night at Pine Hill, also east of Deer Park, which started after a power line snapped and fell to the ground.

Existing hazards in the woods would be increased by the beginning of the spring turkey hunting season which began April 29.

Carl K. Rebele Inducted Into Pa. Hall of Fame

Carl K. Reucle, Pittsburgh, was inducted into the Pennsylvania Sports Hall of Fame at the annual banquet held April 28 at Greentree Holiday Inn, Pittsburgh.

Mr. Rebele was one of the charter members of the Pittsburgh Chapter of the Eastern Intercollegiate Football officials Association and was the dean of football officials from 1918 until 1956.

A former employe of the U.S. Steel Corporation, he is recognized in the National Football League Hall of Fame, Canton, Ohio and was NFL rules commissioner under Bert Bell. He has engaged in this avocation through sand lot, high school, college and professional ranks and pioneered many rule improvement and officiating techniques.

He is the father of Carl P. Rebele, Oakland.

The Pennsylvania Hall of Fame is founded to perpetuate the memory of athletes who have brought fame recognition to the state through their athletic achievements. Names of those elected are permanently inscribed on the Roll of Honor and plaques placed in the hall.

WINS AWARD—Lenora Fischetti, daughter of Mr. and Mrs. Pasquale Fischetti, 212 N. 12th St., Oakland, was honored with the Beta Beta Beta award Thursday morning, April 25, at the spring awards assembly at West Virginia Wesleyan College, Buckhannon. The award is given annually to the outstanding freshman biology major. The biology honorary emphasizes sound scholarship, dissemination of scientific knowledge and the promotion of biological research. Miss Fischetti also received the Hyma C. R. C. Handbook Award as the outstanding freshman student.

Center Street PTA To Meet Monday

Members of the Center Street School will meet Monday, May 6, at 8 o'clock and make final plans for the final activity of the year for the organization, its annual Fun Carnival scheduled for Friday, June 7.

Monday's program will be under direction of Mrs. Linda Lowery, music teacher, assisted by Mrs. Barbara Webster. The third grade students will perform on the recorder, an instrument of African origin. Songs will be sung by the third grade classes from Mrs. Bell's and Miss Eisinger's rooms.

There will be installation of officers, according to Wayne R. Johnson, principal.

Spring Assembly Held April 24th By Church Women

The Lutheran Church Women's Spring Assembly of the 12th district, was held at Bittinger Emmanuel Church last Wednesday, April 24, with the theme "They Will Know We Are Christians by our Love."

Opening devotions were by Mrs. Earl Lee, of St. Mark's, Oakland. The greetings were brought by the pastor, Rev. L. F. Danner. Mrs. Edward Wolf, Wheeling, president of the synodical unit, spoke of work and goals. Members of the St. Mark's, Clarksburg presented a skit dramatizing the value and uses of the national official magazine.

Mrs. Robert Smith, Morgantown, spoke on the "Meals on Wheels" project being conducted in that city, providing one hot meal a day to some thirty-six needy people.

Luncheon was served by the Bittinger Firemen's Auxiliary at the Community building. Following lunch, leadership workshops were conducted by Mrs. Wolf and Mrs. Kirk, the latter of Morgantown.

Elected and installed were: Mrs. Mildred Gump, Fairmont, district chairman. Mrs. Martha Glotfelty, Bittinger, re-elected as secretary.

The approximately 80 in attendance were from Accident, Aurora, Bittinger, Oakland, Meadow Mountain, Westernport, Clarksburg, Elkins, Fairmont, Keyser, Morgantown, Friendsville and Jennings.

3 Minor Accidents Noted

Three recent minor accidents were noted among the State Police records.

William F. Hanles, New Oxford, Pa., was driving west on U.S. Route 40, near New Germany road, just past noon April 22. The tractor he was operating was pulling a mobile home. Another vehicle, also going west, operated by Annie Beachy, made a right turn into a private drive. Another vehicle operated by Mary Ann Paules, IPa. registration, applied her brakes causing the tractor and mobile home to do the same and jack knife. CD Skidmore investigated the accident.

Albert W. Price, Jr., Baltimore, had pulled from a place of business onto Route 40 at the New Germany road late evening of April 12. His car was struck by a car driven by Darrell S. Williams, RD 1, Friendsville, driving east.

Trooper Skidmore charged Price with failing to grant the right-of-way.

Frances B. Evans, Star Route, Kitzmiller, was driving west on Md. Route 135 early the morning of April 16, and started to make a left turn into Main Street as he tried to pass her. The Deer Park driver was struck. Ronald Lewis charged Frances on the left side by the driver, Evans with improper left turn by Ronald J. Unger, Deer Park.

IN MEMORIAM

In memory of Darla Diane DeWitt, born April 3, 1970.

"Happy Birthday to you" we wish we could say
And hold and cuddle you on this special day
This year you would have been four
But two years ago, only God knew you would have no more
It's very often hard to say, "Thy will be done" - but still
We know when you had to leave us
It was according to God's will.
He knows how much we miss you
And counts the tears we've shed.
And whispers, "She's only asleep—
She really isn't dead."

"The moral destruction of millions of good Americans far surpasses in tragic significance the economic loss. Youth is walking the streets in idleness, uselessness, and revolt. The despair and agony are fertile breeding grounds for the political and economic radicalism that characterizes our age.

"The United States is the last bastian of western freedom and civilization, if it fails under the onslaught of international Communism or internal statism, civilization must perish."

Grantsville News

Medical Group Meets

The Grantsville Area Medical Association held a meeting on April 25, at 7:30, with 18 members present. The meeting was presided over by the chairman, Rev. Melvin Nussbaum, who reported on the program which has been made for the Medical Center. A request has been made for a supplemental grant.

A bid has been accepted from the Wilson Construction Company, of Cumberland. Gerald Beachy, named as a member of the Health Planning Council of Appalachia Maryland, reported on other contracts which have been made.

Reports will be sent out and other funds solicited some time in the future.

W.O.W. Meetings

Woodmen Rangers Unit No. 128 and the Rangerettes met at the Woodmen Hall Saturday morning. A report was given on the roller skating party. Practice for another ball game was planned.

The group practiced gymnastics and had refreshments. Nine members and four adults were present. The next meeting will be May 11, at 1 o'clock, at the Woodmen Hall.

Woodmen of the World Camp No. 41 met at the Hall April 22, with nine present. President Walter Younkin presided.

Harold Butler presented a record board for loaned items. The door prize was won by Walter Younkin. Refreshments were served and drapes hung in the hall.

Casselman Homemakers Served Quick Breads

The Casselman Valley Homemakers met in the home of Mrs. Freidie Holliday Jr., for the April meeting with 15 members and one guest, Mrs. Gerald Beachy, present. A foods demonstration on quick breads was presented by Mrs. Robert Diehl and Mrs. Holliday and served to the members.

Highlight of the evening was an auction of homemade humorous Easter hats, with the proceeds going into the treasury.

The club will donate a rhododendron to be planted at Camp Hickory at Accident. The meeting May 7, will be held at the home of Mrs. Don Newman.

another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever typical of the kind asked of me happens to be on your mind. Letters should be sent to me, c o U. S. House of Representatives, Washington, D. C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were Typical of the kind asked of me in recent weeks;

Will year-round Daylight Saving Time ever be repealed?

You can help decide the outcome of Daylight Saving Time (DST) by expressing your opinion, in writing, to the Transportation Department. The Emergency Daylight Saving Time Energy Conservation Act of 1973 requires this government agency to report to Congress about the effects of year-round DST. You can help the Department of Transportation prepare its report by sending your comments to Miss Antonina P. Ucello, Director, Office of Consumer Affairs, Transportation Department, Washington, D. C. 20590. You are asked to particularly express your views on whether DST helped save you energy, DST's effects on traffic safety —including the safety of children going to and from school, and change of school hours because of DST.

Is Congress going to consider additional changes in the Social Security law this year?

A House-Senate conference committee will consider several new amendments of the Social Security Act this year. These amendments include an increase in the earning's limitation from $2,100 to $3,000 in a calendar year; lowering from 72 to 70 the age at which this limitation would no longer apply, lowering from 60 to 55 the age at which widows could begin drawing Social Security benefits; an amendment to extend Medicare coverage for the cost of certain prescription drugs required by the chronically ill; and an amendment to permit qualified persons retiring before age 65, and spouses between the ages of 60 and 65, to enroll in the Medicare program.

Is it mandatory for a person traveling with a tour to foreign countries to be vaccinated and/or take the usual shots? I understand there is an international law that makes such innoculations voluntary.

According to the United States Public Health Service it is mandatory where such innoculations are required by the U.S. or foreign countries being visited. The Health Service indicated that objections of conscience are never valid for refusing required innoculations but that genuine medical reasons (allergies, etc.) are considered. The international law to which you refer (Article 83 of the International Sanitary Regulations) covers international health control programs, such as mass immunizations, and does not apply to individuals planning trips overseas.

Exhaust emission controls used in 1970-74 cars are suspected of causing premature failure of valves, valve guides and seats, and engine heads.

memo to advertisers

NOW YOU SEE IT... NOW YOU DON'T

But pay as though you did?

We don't believe advertisers should have to play guessing games with circulation figures. The facts are too important to the effectiveness of their sales messages and the cost of advertising space.

To eliminate the element of chance, our facts and figures are audited and verified by the Audit Bureau of Circulations. Through an audit report, ABC tells us and our advertisers exactly how much circulation we have, where it is distributed, what readers pay, and the answers to many other questions about our circulation audience.

Don't guess—ask to see a copy of our latest audit report. Be ABC-sure!

Capitol Comment

By Charles McC Mathias
U.S. Senator

Energy and the Maryland Shore

Maryland's Atlantic shoreline will be the focus of considerable national attention in the coming months and years, following a report by the Council of Environmental Quality that designates potential drilling sites for oil and natural gas 50 miles off the coast.

Many commentators have stated that an adequate energy supply and a clean environment are mutually exclusive goals. Maryland's shore may be the testing ground of that proposition.

The Council on Environmental Quality has carefully assessed the offshore drilling possibilities. Studies of ocean currents, natural phenomenon, and season weather patterns in the area indicate that there is virtually no chance that any spilled oil will come ashore.

It may well be that implementation of the best technology, better training programs for personnel on the oil rigs, and favorable ocean currents can mean that oil will not reach the wetlands and beaches of Maryland.

What I am even more concerned about in assessing whether drilling should take place is the *onshore* impact of these activities. Where do we site pipelines and refineries? What about the availability of suitable land for this type of development? What about air and water quality?

These are profound problems which the local, state and federal governments will have to face and respond to.

Improper development of the outer continental shelf and the failure to properly provide for the onshore effects of such development will surely jeopardize the gains we have made in providing environmental quality to these shores.

I can not support squandering these gains for one or two years supply of oil and natural gas. I will insist that every possible effort be made to protect environmental quality if offshore drilling does take place off the Maryland coast.

Your views on the subject of this week's column are valued. Please write me at 400 Russell Senate Office Building, Washington, D.C. 20510.

Fifteen Are Killed On State Highways

Fifteen persons lost their lives on Maryland Highways last week, according to the weekly news release compiled by 1st Sergeant James Harvey of the Maryland State Police. Of those killed, seven were drivers, three were passengers and 5 were pedestrians. At least five of those deaths could possibly have been prevented had seat belts been in use.

Alcohol was a known contributing factor in three of the deaths, speed in eight and "driver error" in thirteen.

Total number of persons killed through April 28 was 162 compared to 272 for the same period a year ago.

Woods-Riley Are Wed March 16th

Mr. and Mrs. Douglas F. Riley, Sr., Waldorf, announce the marriage of their daughter, Barbara Jean Riley, to Dennis Robert Woods, son of Mr. and Mrs. Robert Woods, Arlington, Indiana, on Saturday, March 16, at Guod Shepherd United Methodist church in Waldorf. The Rev. Charles Lightner officiated at the double ring ceremony.

The bride wore a gown of white silk illusion and Binche lace she had designed and made herself. The bodice was covered with Binche lace, the gathered floor length skirt was of silk illusion. The back was accented with 24 pearl buttons. The sheer sleeves were full and ruffled at the wrist. Her lung veil of silk illusion edged in Binche lace fell from a Juliet cap. The bridal bouquet was an orchid cursage surrounded by baby's breath..

Maid of honor was Kathy Kennesy, Clifton, Va. She wore a gown of old fashioned seersucker with pink and yellow flowers on an off white background. The V-neck was trimmed in matching lace. She also wore a yellow circular crocheted shawl and carried a basket of pink and yellow daisies and baby's breath and a lighted yellow candle. Floral arrangements were designed by the bride.

Bridesmaids were the bride's sisters, Linda Louise and Theresa Riley, and Diane Woods, elder sister of the groom. They wore gowns of the same design in blue with yellow flowers. They too wore crocheted shawls of yellow. Their gowns and shawls were made by the bride.

Best man was Lt. Richard Rigsbee, of Boron air force base, Cal., cousin of the groom. Ushers were William Woods, brother of the groom, Bob Miller, brother-in-law of the groom, and Douglas Riley, Jr., brother of the bride. Michael and David Riley, brothers of the bride, served as acolytes.

The bride was given away by her father.

Mother of the bride chose a long blue gown with Juliet sleeves and scooped neckline for the wedding. She had a blue carnation cursage. Mrs. Woods wore an off white and pink dress and jacket with pink accessories and pink flowers.

The bride is a graduate of Madison College, Harrisonburg, Va. The groom is employed by Indiana Bell Telephone Company. The couple honeymooned at Shawnee lodge in Portsmouth, Ohio and will reside in Indianapolis, Ind.

Mrs. Arthur Fitzwater, Swanton, is grandmother of the bride. Mrs. Irene Moomaw, Miss. Helen Riley, great aunts of the bride, attended the weeding. Another great uncle and aunt, Mr. and Mrs. Richard Kilmeir, Silver Spring, also attended. A buffet luncheon was held in the Orange Room of Howard Johnson's restaurant in LaPlata with over 100 guests attending.

Steve Russell, Jr. Is Sponsoring Child In SCF

Stephen M. Russell, Jr., Route 1, Mellenry, is sponsoring a six-year-old boy from Berea, Ky. through Save the Children Federation, Norwalk, Conn., according to Charles Wesley, director of the Southern Mountains program.

Sponsorships such as the one undertaken by Mr. Russell, make funds available for social welfare and education projects designed to raise the income level and prnvide schooling opportunities for young people.

Sponsorships may also fund family projects, supplement facilities of day care centers or schools to enrich the child's environment; help families or cooperative groups who need additional incume to have adequate standards of living; provide professional counseling for families of sponsored children; ur provide interest-free luans tu families.

An exchange of letters and an annual progress report from SCF wurkers enable the spunsors to share in family achievements.

The cost of living jumped 1.1 percent in March.
